

DESCRIPTION

BURNOUT contains no petroleum distillates, organic halides or any other hazardous ingredients or unsafe chemicals per OSHA Regulations (24 CFR, SEC 1900, 1200).

BURNOUT dissolves burned tire and rubber marks from concrete, marble and other surfaces without generating noxious fumes. It is biodegradable and safe to work with.

BURNOUT liquefies the toughest marks so that they can be easily washed up with water. Removes marks caused by forklifts, trucks, gurneys, two wheelers, carts, etc.

ADVANTAGES

- No Harmful or Hazardous Ingredients
- Biodegradable
