New Construction; Demolition, Agricultural, and zoning permits.

The manufactured home that was destroyed by fire in November 2024 across from St Paul Monastery and replacement of a manufactured home – resulted in a variance being filed;

Zoning permit fees were discussed;

Upcoming meetings in 2025 re: land use plan to be updated in 2026;

Zone change and land use plan changes to the Sandstrom property on Rt 224.

During my zoning hours, I also discussed with a township resident an issue with a ver the driveway entrance way onto Gault road that is directed over the property line of Candace Neff who sold the property. The entranceway to Gault Road has been in existence over 21 years, since the home was built. Appears that an easement or right of way needs to be entered into between the parties to avoid a dispute or a new driveway approach needs to be cut out onto Gault Road.

Zoning permit fee schedule, after some discussion the board moved to vote on the proposed changes in the way permit fees are calculated.

Mrs. Javorsky made a motion to amend the fee schedule and method to calculate permit costs. This would result in \$6.00 per \$1000 of the cost of the construction. Mr. Baltes seconded the motion. Vote was unanimous in favor in the change. Motion carries.
