OFFSHORE UPDATE

Fall has arrived in the Connecticut River Valley, yet there is no slacking off in offshore activities at ECYC! The Cross Sound Challenge was a great success, thank you to

VIEW FROM THE BRIDGE

Dear Friends,

September 9 marked the 30th anniversary of ECYC's first commissioning ceremony, which occurred in our present location, in 1984. As announced earlier, we will commemorate this momentous occasion and the history of ECYC at the Annual Commodores' Gala on November 1st. Our capable and enthusiastic entertainment crew is hard at work planning the event, and will send out a detailed invitation soon.

everyone involved in creating the perfect day and evening! More on the event below. And yes, we are now moving on to other events:

Ideal 18s - Fall Frostbiting November 5th to December 7th

Fall Frostbiting is starting on Sunday, October 5th. Please contact Fleet Captain Jon Gibbs for crew assignments!

As you know, ECYC is now the proud owner of a third Ideal 18. Ideal 18 sailing has become an integral part of ECYC and we are proud to have another boat available in our fleet. The fund drive for the new Ideal 18 continues, so if you have not already done so, please consider making a small

donation to help us maintain the fleet. Everyone is invited to sail these boats!

The Ideal 18s are a great element of our boating tradition, and are a lot of fun. They teach new skills even to accomplished "big boat" sailors. Anyone interested in trying their hand on the tiller, contact Jon, Cindy or Ed for details and opportunities to experience these small agile boats.

Please remember that in order to use ECYC's Ideal 18s, you must be approved by the Fleet Captain or one of the authorized club members (Ed Birch, Cindy Gibbs), and sign a waiver before boarding any of our boats. Please also be advised that there is no smoking or alcohol consumption permitted while on the docks or sailing our boats!

Tri-Club River Race Series 2014

The Tri-Club River Race Series is starting on Saturday, October 4th, with the EYC-sponsored Willets Memorial Regatta, followed by our own Clarke Memorial Regatta on the 11th, and finally, the Birch Memorial Regatta (PYC) on October 18th.

For more information on each race please go to our "Racing" page at www.essexcorinthian.org/tom-clark-memorial-race.html

Cross-Sound Challenge Recap

What can I say.... I was blown away by the enthusiasm exhibited by all the participants in the **Cross-Sound Challenge on September 20th!**

We welcomed 34 boat entries and over 180 people to the post-race party!

Terry Stewart has a more detailed review below, but I want to thank EVERYONE who donated, helped, participated and simply attended the event! We were so pleased to hear people comment that this was the best regatta and most fun post-race party they had attended in a long time! We had fabulous sponsors and are extremely grateful for their generous partnership.

Planning for 2015 has already started, if you have any ideas, suggestions, comments or anything else you'd like to contribute, please feel free to contact me at any time.

Photos, Anecdotes, Memorabilia:

We want the celebration to be all about you and your fellow club members! Toward that end, please help us by sharing old photographs, memorabilia and anecdotes with us for inclusion in the event. We are looking for photos of original club members' boats in particular, and/or sail numbers. If anyone has old club rosters, please let us know - we would like to scan the covers for use at the celebration!

Any photos or memorabilia will be carefully handled and returned. You can share a story by phone message or email, or by telling your story to Cheryl Arndt or any BOG member. Please help us make the anniversary special by sharing your memories!

Regattas:

The Cross Sound Challenge was held on Saturday, September 20th - the last weekend of summer. The bluebird day felt like early fall in New England with a slight chill in the fresh morning air that gave way to a warm afternoon with a freshening southerly. Exactly what we had hoped to get for the XSC Regatta. It was a big day for our Club and the wind gods smiled on us (okay - it might have been something closer to a smirk than a smile).

There have been so many of our members that have worked so hard for so many years to grow this event from an idea into an ECSA sanctioned regatta, that it would be impossible to name

them all. Working together, we achieved a spectacular turnout of 34 PHRF boats in four classes, over a dozen corporate sponsors, an enthusiastic and competent Race Committee, and an absolutely amazing after-party, all in celebration of our Club's 30th Anniversary and our rich yachting history. This, by the way, is exactly what we set out to do. Given the talent,

dedication and ambition that is embodied within our Corinthian membership, I must tell you that I was not surprised for one moment that this great event came together the way that it did. We have set a new standard for regattas in our area, and we will go onward and upward from here.

Ideal 18 Pledge Update:

IDEAL 18

We are close, but not home and dry yet. We remain very near to our first

Photos from the Cross Sound Challenge will be posted online in a special photo gallery soon!

Fall Hamburg Cove Raft-Up Recap

With 13 boats (well, to be honest 12 1/2 boats if you count a Trink...) this fall's Hamburg Cove Raft-Up must have been the biggest one I have been to since joining ECYC! Some members have even said it was the largest one ever... Thank you to everyone who came by boat or as crew on one of the participating vessels. We also celebrated two members' birthdays, which was literally the icing on the cake! Thank you to everyone who attended, brought food and drinks and participated in boat-hopping on a great afternoon in Hamburg Cove!

Thank you again to everyone who has stepped up to the plate to help us turn our boating events into the best along the River!

ECYC Racing Update

2014 Cross Sound Challenge Recap - ECYC Skippers take honors in each class!

ECYC played host to the 2014 Cross Sound Challenge on Saturday, September 20. sailing into a perfect fall day on the Sound. We welcomed an impressive fleet of 34 boats, divided into a spinnaker, Nonsuch and two cruising classes.

the goal of raising the purchase price of \$11,000. We'd really, really to raise another \$3,000 to put us over the top on the purchase and put a little extra into a fund dedicated to maintenance of the fleet. If you have not sent in a pledge, please consider doing so soon!

If you have a suggestion for a name for new the boat to compliment Nautilus and Dragonfly, please jot it down and return it to Elaine when sending in your next monthly remittance. We'll review all suggestions and announce the winning name and winning namer.

Make October a great month,

Galley News

We hope you have been enjoying the special menus created by Chef Ed at The Corithian Cafe! We will continue posting menu updates at our website over the course of the year. Check back often to see what is new:

www.essexcorinthian.org/Dining.html

The Dining Room continues to exude a happy buzz during Wednesday Night Jazz and Friday night dinners. And the spectacular late summer/early fall weather has offered a special treat for Sunday brunch diners. We hope you enjoyed last weekend's festive Oktoberfest menu. Be sure to mark your calendars to join us for the **French-themed dinner on Friday, October 17th**. Please let us know your ideas for a particular cuisine.

À bientôt!

Galley Liaison

The majority of the fleet were ECYC boats joined by others from the North Cove, Hamburg Cove, Niantic Bay, Duck Island, Essex, and Pettipaug Yacht Clubs. Other crews hailed from the Essex Station of the Cruising Club of America, Off Soundings, and Cove Landing Marina. Traveling the farthest was Zefiro Torna (Norman Angus) from the Old Greenwich Yacht Club. The fleet ranged from serious racing yachts to casual cruisers to a beautiful Sparkman & Stevens 48 sloop piloted by John Leonard of Cove Landing Marina. John was an early member of ECYC and today manages our Hamburg Cove mooring.

We also welcomed several ECYC boats to their first Eastern Connecticut Sailing Association points race. A points race is a sanctioned ECSA regatta that counts towards seasonal honors, thus requiring a high standard of race management by our Race Committee.

Our Race Committee was led on the water by Vice Commodore Steve Rodstrom who provided his Bertram 28, "Osprey", as the RC boat. We engaged Greg Gilmartin and Frank Murphy of the Mystic Mudheads as our Primary Race Officials. Also helping on board Osprey was Cate Beckstein.

Osprey was assisted by a mark boat manned by Adam McEwen and the chase boat, "Alto Mare", Donna and Eric Altomare's 38 foot motor yacht, assisted on board by Past Vice Commodore Don Shannehan.

The start line was just south of Fenwick and west of the Outer Light. The race course was indeed a "Cross Sound Challenge", requiring the fleet to proceed through a "gate" bound by Bell 8 (the namesake of our newsletter) and the buoy marking the end of Long Sand Shoal. From the gate, the course took the fleet to a turning mark located just north of Truman Beach on the north fork between Orient Point and Greenport.

The fleet met a brisk southerly breeze on the trip south to Truman Beach, challenging crews to manage shifting winds and a ebb tide as they approached the mark. On the chase boat, Eric, Donna and Don were entertained watching the fleet go around the mark, some better than others!

Once by the mark, boats hoisted every piece of canvas they could for a rousing downwind run back to the gate and then home to the finish line off Fenwick.

After finishing, boat crews returned to ECYC for what many said was one of the best parties on the ECSA circuit. The club was packed on both floors sharing stories from the day in anticipation of the announcement of results.

We are grateful for the numerous sponsors who made the overall event a major success. The 2014 sponsors were:

In addition to the Race Committee, many thanks to our wonderful "ground crew" who made the party possible:

- Rear Commodore Ruth Emblin who managed the event budget, designed the race logo, RC and event shirts, produced the event and sponsor banners, arranged for wonderful race trophies, secured numerous raffle prizes, and managed the event overall.
- Membership Chair Val Votto for organizing the great post race party and rallying the troops.
- Entertainment Chair Cheryl Arndt for organizing party food and drinks, and keeping track of party ticket purchases.

Chris Messer for booking the band HUE and the bar from Thel's the Grill

Member of the Month to rearcommodore@essexcorinthian.org.

Who will be the Member of the Month for November 2014?

Aye, Aye Partner! Meet Me At The Bridge Table!

Learn when to bid and when to pass. It's all in a Bridge Game, **Tuesday afternoons from 2 to 4 pm at ECYC**. Members, non-members, expert players, beginners join together to declare or defend the cards they are dealt. The "play of the hand" at ECYC is meant to be relaxing and fun.

ECYC Bridge is approaching its fifth year. Forty two players, to date, come and go throughout the year. Barbara Stacks, ECYC member, started the Bridge Group in 2010-2011. Barbara recalls that ECYC was one of the only clubs in the area without a Bridge group. Now that Bridge is established at ECYC with strong member commitment, camaraderie, and enthusiasm, the game goes on. Players have volunteered their time to send out

weekly email reminders, organize social events, develop a directory, provide lessons, and always anticipate an enjoyable afternoon or evening on the River together.

Interested in playing Bridge at ECYC?

Contact Barbara by phone: 860-581-8770
or by email: barbstacks@gmail.com

Come join us! It's fun!

- Chris Morano for booking the band Off and the keg from that's the spirit.
- Earl Fowler and Mike Ingrassia for picking up and setting up the keg
- Club Secretary Katherine Berry and Ellen Smoller for manning the bar.
- Galley Liaison Hollis Berry for coordinating support from the Corinthian Café team.
- and everyone else who helped with the organization!

Upcoming Events:

Tom Clark Memorial Race - Tri-Club River Race Series

A very special ECYC tradition is the annual Tom Clark Memorial Race on Saturday, October 11th. The Clark Race is the second leg of the Tri-Club River Series held in collaboration with the Essex Yacht Club's Thomas Willets Memorial Race on Saturday, October 4th and the Pettipaug Yacht Club's Charles Birch Memorial Race.

Each race is named in honor of a special member from that Club. In our case, Tom Clark was a renowned Essex sailmaker who was a friendly fixture among the Essex boating community and early member of the club. He sadly passed away in 1988. Past Commodore Jim Nash and his wife Liz donated the Clark Race Trophy in his memory and the race has been run each year since 1991. Tom's wife Molly is one our club's two honorary members (Dr. Robert Ballard is the other).

All ECYC sailors are encouraged to register and sail. Each race will feature a cruising class (or classes depending on the fleet) for boats with PHRF ratings and an Ideal 18 class. The Clark Race will also be open to other one design classes like Lasers, 420's Blue Jays, and MC Scows.

The Cruising boat with the best combined result across all three races will win the Tri Club River Race Trophy currently held by Jeff Going and Ed Birch in Celebration.

The club will host an awards party following the race. For more details and the entry form, please visit the Tom Clark Race page on our website at <http://www.essexcorinthian.org/tom-clark-memorial-race.html>

Fall Frostbite Starts Sunday October 5

The 2014 Fall Frostbite season sails off Sunday, October 5th. ECYC's Ideal 18 and Etchells racing crews will be back in action. Interested racers should contact Fleet Captain Jon Gibbs to get on the crew schedule.

John Philip Sousa Award Nominations

Please let Rear Commodore Ruth Emblin of your nominations for the John Philips Sousa Award, given to ECYC yacht that had the most impressive voyage of the year. We are looking to the yachts that sailed the greatest distance from Essex.

Green Tip Of The Month

The boating season is slowly winding down for many of us in our area (unless you are one of the lucky ones with a heater on board). Nevertheless here is a list of tips to consider to keep your boating "clean and green"!

1. Prevent oily discharges from the bilge. Keep your engine well tuned to prevent fuel and oil leaks. Secure an oil absorbent pad or pillow in your bilge and under your engine where drips may occur. Check the pads often, do not let them clog the bilge pump, and dispose of them as hazardous waste at a marina or local hazardous waste collection center.
2. Spill-proof your oil changes. For oil changes, use an oil change pump to transfer oil to a spill-proof container. Wrap a plastic bag or absorbent pad around the oil filter to prevent oil from spilling into the bilge.
3. When fueling, stop the drops! Prevent fuel spills by filling fuel tanks slowly and using absorbent pads or rags to catch drips and spills. Don't "top off" or overflow your fuel tank. Leave the tank 10% empty to allow fuel to expand as it warms.
4. Do not add soap. Never use soap to disperse fuel and oil spills. It increases harm to the environment, and it is illegal.
5. Minimize boat cleaning and maintenance in the water. If possible, save maintenance projects for the boatyard. When performing work on the water minimize your impact by containing waste. Use tarps and vacuum sanders to collect all drips and debris for proper disposal.
6. Reduce toxic discharges from bottom paints. Minimize the discharge of heavy metals found in soft-sloughing antifouling paints by using a less toxic, or nontoxic antifouling paint. Use only non-abrasive underwater hull cleaning techniques to prevent excessive paint discharge. Remember, dry storage reduces the need for antifouling paints and saves money.
7. Dispose of hazardous waste properly. Dispose of paints, batteries, antifreeze, cleaning products, oil, oil filters and other hazardous wastes at a hazardous waste collection facility or event.

House Committee Update:

I've been speaking of the "fall projects", well it's officially fall. Guess that means we should get those activities in focus and on the docket for completion. Let's start with the normal

stuff: A/C units removed, cleaned, and stored; awning removal and stowed; fans removed; deck umbrellas stowed; tables second coat of paint. I almost cringe as I say it, but an added item on the "to do" list includes the main deck again requires a fresh coat of stain, including the railings. I'm thinking the rental of a standup pad sander may afford the effort more tolerable with greater results. Whereas there is no scheduled time to complete these tasks at this time, I will be sending notice to committee members, and membership at large soon requesting assistance.

It's also time to start thinking of tasks to be completed during the annual shutdown period in January. The galley will be the primary attention area this year. Appliances will be thoroughly cleaned, floor cleaned and sealed, refrigeration units professionally reconditioned, walls painted, windows repaired and cleaned. There will be multiple work days scheduled to complete these tasks, stay tuned.

Well that just about exhausts me for today, just thinking about what needs to be done. As has always been the past, I know volunteers will be there to help out once the call goes out.

Chuck Grusse

House Chair

Entertainment Committee Update:

Thanks to all who helped with the Cross Sound Challenge! It was fabulous and a great time was had by all. We couldn't have pulled it off without your help. But don't stop now! We are already working on the 30th Anniversary and Commodores' Gala. So save the date November 1st! We are working on menu and details and will get it out to you soon in an official invitation. Please make sure to RSVP in a timely fashion so we can plan efficiently!

The year has flown by and I don't know where the time has gone. I do know that none of the events we plan could work without volunteers to help me put our ideas into actions. It's just amazing what talent we have in our club, and I am more than happy to receive your input!

You may have noticed that our flower boxes have been replanted, courtesy of Jen Grant. The geraniums were donated to a charity for Essex' sister town in Haiti. Jen offered to replace the geraniums with chrysanthemums, just perfect for fall. Thanks, Jen!

8. Plan A-head! Manage sewage wastes properly. Never discharge sewage within 3 miles of shore. Use harbor pump-out stations and shore-side facilities. If you don't have an installed toilet, use a port-a-potty and empty it at a harbor dump station or bathroom.
9. Stow it, don't throw it! Keep your trash on board. Never throw cigarette butts, fishing line, or any other garbage into the ocean. Take advantage of shore-side facilities to recycle plastic, glass, metal, and paper.
10. Reduce Greywater discharges. Use a phosphate-free biodegradable soap to minimize the impacts of greywater on the marine environment. Also minimize discharge by doing dishes and showers on shore whenever possible.

Happy and safe boating!

Membership Update:

This year ECYC has been able to welcome a number of new members who we hope will become integral parts of our Club. The efforts of all members in swelling our numbers are greatly appreciated. Within the last ninety (90) days we gained fourteen (14) new members, comprised of eight (8) memberships. Kudos to all of you who shared the meaning of ECYC with others and encouraged them to join us; and to all of you who became members, welcome.

Please remember that it is not too late in the year to encourage your friends, acquaintances, business partners or for that matter your competitors to join us and become part of our environment of good fellowship for active yachtsmen.

There will be a new member reception as part of the ECYC Decommissioning to be held on Saturday, December 6, 2014

If you have any friends interested in joining ECYC, please encourage them to visit the club. Membership opportunities are available, and Val will be glad to answer any questions you or they may have!
