## Perfect Binders

### SB-420v2

### SB-460

### SB-660ACF

Shark Machinery is proud to introduce its line of perfect binders: the SB-660AFC, SB-460, and SB-420v2 Perfect Binders. Engineered for both short and long production runs, these binders deliver exceptional binding quality while remaining easy to operate and maintain. Built with durability in mind, each model includes advanced features that other manufacturers often offer only as costly upgrades—such as side gluing for superior cover adhesion, dual notching and milling for enhanced spine preparation, and a heavy-duty vacuum system that ensures a clean machine and debris-free glue reservoir.

Whether you're running small batches or large-scale jobs, Shark's Perfect Binders provide outstanding results, reliability, and efficiency at every stage of production.

- Book length 13.5" to 18.5"
- Book thickness 2.5 to 2.65"
- Standard automatic side glue for better cover adhesion
- Padding Mode
- Clamp open and closes with a single press of a button
- Glue is applied to the spine by a rotating applicator drums
- A scraper bar ensures a smooth and uniform thickness of glue is applied
- Both Notching & Milling for better spine grinding
- Notching blades are housed beneath safety covers for added security
- High capacity Vacuum System prevents glue contamination & keeps the machine clean
- Heavy duty casters so that you can easily move the machine around
