Dear Parents,

This newsletter “stirs up” so many feelings! Happiness sadness, excitement, thankfulness, and pride. I’m **HAPPY** and excited to know that summer is just around the corner... at least we hope it is. **SADNESS...** because I’ll have to say “goodbye” to my little ones (who are not so little anymore), and also to you, the parents I have gotten to know throughout the year. **THANKFUL...** that you trusted me to teach and care for one of the most important things in your life... and thankful for your support and thoughtfulness throughout the year. **PRIDE...**I’m so **PROUD** of my class. We have grown together, played together, laughed together (a lot) and have learned together. We count, sing, talk in sentences, dance, share....well, we’re still working on that... and most important, We Love Each other!! Thank you for a special year, I will miss you **ALL**

Sincerely and with love,

Ms. Carrie :)
