Career Placement Program

We Are Your Career Placement & Advancement Team

- Our team members are veterans, a military spouse, and industry leaders
- We help guide your successful transition into your next career
- With close industry ties across the U.S., we have targeted insight into the civilian workforce mindset and connect you to employers where you want to live
- With support from industry & sponsors, we offer this program at no cost to you

Helping Guide Your Military Transition

- Helping you define your civilian employment goals and advancement potential
- Translating your military skills and qualifications to industry terms to ensure that your professional value is recognized regardless of experience
- Offering you one-on-one help to develop a civilian-focused resume & professional interview skills
- Connecting you directly to a dedicated network of employers in large cities and small towns across the country
- Helping you secure an offer of employment well ahead of transition, allowing you to pre-arrange your final military move
- Serving as your career placement team to help reduce the potential stress and uncertainty of transition

Connecting You to One of the Largest U.S. Industries

- Get great pay & benefits
- Tremendous opportunities in the critical sector of the U.S. economy responsible for building and maintaining structures and infrastructure
- A vast range of career types for managers and tradespeople (see sidebar at left)
- Excellent opportunities for advancement with or without a college degree
- Connected related college programs; CPI can assist with introductions to streamline application and possible transfer credit for military/past experience

Offering Hands-on Career Training
