

QUICKCOMM MOBILE APP COMPONENTS

Polling & Surveys

Conduct Surveys, Live Polls, or Ask a Question with Ease!

Engage attendees and gain insight with pre and post program surveys that can be anonymous or trackable per user

Conduct live polling at the event using multiple choice or open ended questions and show live results via a mere internet connection...

No more expensive set up or hook up required!

Present live results in bar or pie charts designed in your branded colors with your logo and look . All results will be sent post program in an Excel format and the graphs will be sent in PDF format

Ask a Question option allows users to ask the speakers questions from any session on the app and allows other attendees to up vote the question
