# EQUIPMENT RACK EXTENDERS (UEF & NETWORK)

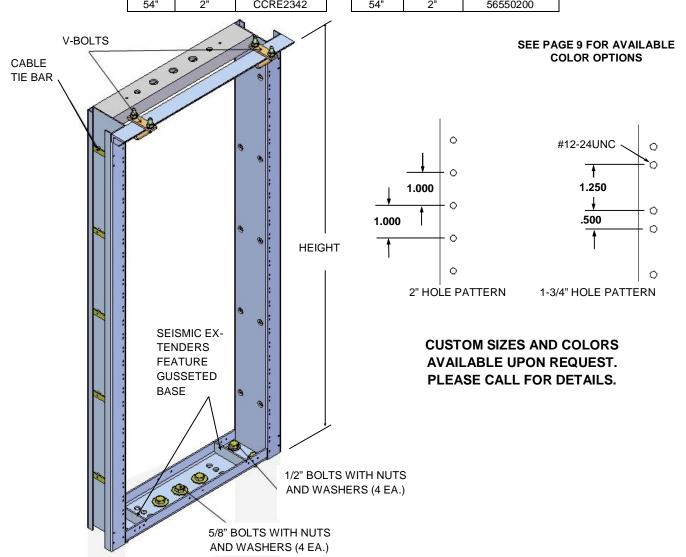

#### **EQUIPMENT RACK EXTENDERS**

These extenders adapt 7' UEF and network equipment racks to 9' or 11'-6" environments. Mounting rails are formed from 11 gage steel and the base plate is reinforced 7 gage steel. Mounting hardware is provided to secure rack to extender and v-bolts are provided to secure extender to 1" diameter sch. 40 pipe at top angle. Cable tie bars are provided to secure cable in the duct. Seismic and non-seismic extenders are available. Powder coat finish. Please order from table below. Add color suffix to part number when ordering.

### WALL MOUNTED RACKS

### **Wall Mounted Racks**

These all steel, fully welded racks are just the ticket for mounting equipment on a wall. Manufactured from 1/8" thick steel angle, these racks are plenty sturdy for most any wall mount application. This frame will accommodate up to 200 pounds of equipment when properly installed. Do NOT exceed the load capability of the supporting wall. Specify color when ordering. Mounting hardware sold separately. See page 128 for wall mounted cabinets.
