

EVERYBODY'S MOTHER

She's everybody's Mother
She blows her breath,
on every little burn and scratch

She soothes,
every little wound and scar

She kisses,
every little bump an bruise

She dry's our eyes,
every-time pain makes us cry
And then, she cries for us

She help's us to solve,
every little problem and dilemma

She offer's her wisdom
at every little corner of confusion

She leads in applauds,
at our every little accomplishments

She crosses cultural lines,
and then ties them together again

She connects us,
in the most emotional of ways

SHE'S JUST LIKE A MOTHER, AND EVERYBODY LOVES HER
SHE'S OPRAH !!!!
