

REQUIRED IMMUNIZATION**POLICY**

It is the intent of the Board of Education of the Valley Stream Union Free School District #24 to comply with Section 2164 of the Public Health Law of the State of New York as amended.

The law requires immunization against rubella, diphtheria, mumps, measles, poliomyelitis, haemophilus influenza type b (Hib), pertussis, tetanus, pneumococcal disease, varicella and hepatitis B. Upon entering school, every child must present proof that he/she has been immunized against all of the above diseases.

Board of Education
