

AVEBURY CYDONIAN STAR MAP

The purpose of this study is to present the evidence that the geometric ley-lines of Avebury correspond to the Cydonia, Mars ley-lines. Pertaining to the Cydonia, Mars anomalies, there are 3 main pyramid structures that comprise the *Martian Motif*. There is the famous *Face of Mars*, the giant *Pentagon Fortress* and the *Pleiadian Pyramid City*. These 3 structures triangulate each other as a hexagram and would make up the core of a large metropolitan city on Earth. What is astonishing is that such a *Martian Motif* is seen implemented in the architecture of almost all the ancient capitals on Earth. This Star alignment started, at least based on the archeological record after the *Flood of Noah* with Babylon and Sumer. How the *Martian Motif* is tied to the ley-lines of ancient cities, temples and structures is that perhaps the lost knowledge and connection of the Martian civilization was conveyed to the few and selected 'Priestly' class on Earth that constitutes the *Secret Societies*, etc. This special class of humans are perhaps tasked with keeping the legacy, lifeline and bloodline operational. Even now in the modern era, the same *Cydonia, Mars* motif is incorporated into the major capitals of the world. The *Martian Motif* that is basically encrypted and hidden in plain sight speaks to the powers behind the curtain of those that really are the masters of the world.

MARTIAN MOTIF OF THE CYDONIA PYRAMID COMPLEX

THE PLEIADES

Specific to Avebury the Cydonian Martian Motif it believed to correspond to the section to the right of the Cydonia pyramid complex on Mars. It is about 20 miles from the Face of Mars to the areas where the Avebury Circles and the smaller Silbury Hill correspond. Amazingly, the heading is 19,470 smoots. The circumferences of each circle are proportional to each, 500 feet for Silbury Hill and 500 yards for the Avebury larger one. The inner-circle is 365 yards across and suggests an ancient time reckoning observation of the year and time on Earth and perhaps as it was on Mars.
