On behalf of PESC's Board of Directors & Members, I am pleased to present PESC's 2022 Sponsorship Application & Agreement!

Hundreds of millions of students throughout the United States of America, Canada, and around the world have been supported by PESC Approved Standards since our founding in 1997.

From British Columbia to Nova Scotia, to Stanford University and all 114 of the California Community Colleges (alone serving 2.1 million students), to National Student Clearinghouse and Parchment (among many others) – all users of PESC Approved Standards, PESC is fulfilling its mission of fostering open, transparent collaboration; solving common, industry-shared problems; and bringing much needed clarity and cohesion to the education ecosystem.

Built by Members, PESC Approved Standards are solid, proven and implemented across almost every state in the US and province in Canada. PESC events and Data Summits at which top leaders, best practices and emerging technologies are highlighted and featured, have been held annually since the beginning.

Now in 2022, we celebrate our 25th year anniversary!

Please help support our 25th Anniversary and sponsor PESC today!

By sponsoring and investing in PESC, your organization signifies to the education community at-large a special commitment to this mission and to the greater common good of ensuring student and learner achievement. Under PESC promotion, we market your organization's brand in our activities, events, groups, online communications and global outreach.

PESC's comprehensive outreach is far and wide across PK20W, admissions, registrar, financial aid, education technology, data, research, learning, government, policy, privacy and credentialing communities. The neutral, trust environment, created by PESC, is a critical component – what we are doing together is working, and should continue.

Please consider Sponsoring PESC today! If you have any questions, please contact our Membership Services Director Jennifer Kim at 202-261-6516 or at jennifer.kim@pesc.org.

Who We Are

➤ WHO WE ARE

Established in 1997 at the National Center for Higher Education and headquartered in Washington, D.C., PESC is an international, 501(c)(3) non-profit, community-based, umbrella association and education data standards-setting body comprised of data, software & technology service providers; schools, districts, colleges & universities; college, university & state/provincial systems; local, state/provincial and federal government offices; professional, commercial & non-profit organizations; non-profit associations & foundations.

➤ OUR MISSION

To lead the establishment and adoption of trusted, free & open data standards across the education domain.

➤ GOALS OF THE MISSION

Through open, transparent community participation, PESC enables cost-effective connectivity between data systems in order to accelerate performance and service, to simplify data access and research, and to improve data quality along the learner lifecycle. PESC promotes student-and learner centric design and data modeling, hub and spoke models, federated identity, and similarly proven models of interoperability; and fosters open, transparent collaboration across global education and learning sectors. PESC APPROVED STANDARDS improve institutional performance and data quality; simplify access and reduce cost; and enable sustainable best practices and innovative solutions that streamline emerging technologies and disparate information systems.

➤ PESC TECHNOLOGY

PESC Technology, Services & PESC APPROVED STANDARDS are community-sourced & driven by PESC serving as an incubator to pilot and launch data standards using an open, transparent and collaborative process; & serving as an open data standards-development and open data standards-setting body governing resource mapping and maintenance of education eco-system taxonomies, schemas & shared code sets in various technologies (EDI, XML, PDF, JSON) produced as PESC APPROVED STANDARDS. PESC APPROVED STANDARDS are platform and application neutral; adopted and integrated in systems, networks, applications, products and services; support a transaction or business process, and; can be implemented or used one independently from another.

➤ OUR VISION

PESC envisions global connectivity within the Education domain, supported by a trustworthy, inter-connected network built by and between communities of interest in which data flows digitally and seamlessly from one community or system to another and throughout the entire ecosystem when and where needed without compatibility barriers but in a safe, secure, reliable, legal, and efficient manner.

➤ ABOUT PRIVACY

While PESC promotes the implementation and usage of data exchange standards, PESC does not set (create or establish) policies related to privacy and security. Organizations and entities using PESC APPROVED STANDARDS and services should ensure they comply with FERPA, GDPR and all local, state, federal and international rules on privacy and security as applicable.

PESC IS A PROUD MEMBER/AFFILIATE/SIGNATORY of [AACRAO](#), of the [NCES National Forum on Education Statistics](#), and of the [Groningen Declaration Network](#).

PESC HAS A STRONG HISTORY that includes AACRAO, SPEEDE, EDI, ANSI, X12, Canada, the US Department of Education and Y2K. Read more at www.PESC.org.

IN FULFILLING ITS NON-PROFIT MISSION, all PESC APPROVED STANDARDS are available to the education community online free of charge at www.PESC.org.

[ABOUT PESC](#)

ESTABLISHED IN 1997 AT THE NATIONAL CENTER FOR HIGHER EDUCATION & HEADQUARTERED IN WASHINGTON DC, PESC is an international, 501 (c)(3) non-profit, community-based, umbrella association of data, software and education technology service providers; schools, districts, colleges and universities; college, university and state and provincial systems; local, state/provincial and federal government agencies; professional, commercial and non-profit organizations; and non-profit associations & foundations.

Leading the ESTABLISHMENT & ADOPTION OF TRUSTED, FREE & OPEN DATA STANDARDS ACROSS THE EDUCATION DOMAIN. Through open and transparent community participation, PESC enables cost-effective connectivity between data systems to accelerate performance and service, to simplify data access and research, and to improve data quality along the Education lifecycle. PESC envisions global interoperability within the Education domain, supported by a trustworthy, inter-connected network built by and between communities of interest in which data flows digitally and automatically from one community, system or network to another and throughout the entire ecosystem when and where needed without compatibility barriers but in a safe, secure, reliable, legal, and efficient manner.

ABOUT PRIVACY While PESC promotes the implementation and usage of data exchange standards, PESC does not set (create or establish) policies related to privacy and security. Organizations and entities using PESC APPROVED STANDARDS and services should ensure they comply with GDPR, FERPA and all local, state, provincial, federal and international rules on privacy and security as applicable. For more information, see www.PESC.org.
