

Amy's Compelling Inspirational Story

I'm extremely positive, optimistic, and resilient. I Love Unconditionally and always see the Good in Everyone, Everything & Everyday!

My family is the most important thing to me. Without them life would be empty.

My Health is the next most important item to me. Without health I would have nothing.

One of the Top agents in Arizona! Experienced and talented in getting offers accepted in this challenging market. My team and I are extremely accommodating and accessible as there is always someone to unlock a door for you! I am known for my quality customer service and exceptional people skills. Having been a resident of the Valley since 1981 and a mother of three sons, I'm very familiar with the schools and communities of this area. I am a full time realtor, have been licensed since 1989, an excellent negotiator and an extremely hard worker. I think creatively outside the box on putting deals together. I am Five Star REO and Short Sale Certified; the highest certifications in the industry! I am a Fannie Mae Preferred Agent as well. I received The Beyond Excellence Award for being one of the top agents in the country! I participated in the Beyond Excellence Conference where I was able to share ideas with other top producing agents! I am a graduate of the very intensive training course known as Top Gun. It is one of the top real estate marketing courses in the country. I publish my listings on 100's of different WEBSITES! I am a proactive, forward thinking, results oriented Agent!

On January 17th, 2007 I developed a severe case of pneumonia and sepsis that I nearly died from due to the many complications. This began with a medically induced coma, medically induced paralysis, trachea in my neck and remaining in ICU for four weeks. After a nine week catastrophic experience in three different hospitals, my muscles were atrophied. I had to learn to walk, talk, eat and swallow all over again and go through extensive rehabilitation and therapy for the next several months. I had to work extremely hard to get my business going again after my recovery. I was awarded the #2 agent out of 101 agents at our office in a very challenging real estate market only working part of the year due to my illness! In 2008, I was awarded the #1 agent at our office and continued to be a top agent ever since!

I go the extra mile to help you achieve your goals. I constantly research the market and property values to ensure your home is priced effectively from day one. I use very creative and unique descriptions in my advertising. I also do what it takes to get your property sold in the least amount of time for the best price by using innovative advertising and marketing techniques to attract potential buyers. Cash in on your home's equity now! I will bring you qualified buyers and sell your home for top dollar!
