

The Institute for Accelerated RN Success, Inc.

INTRODUCTION & PURPOSE

The name of the Institute means that the primary purpose here at the School is to help students accelerate the process to become a RN successfully. **The Institute does not imply & cannot guarantee that every student will become a RN Success. Upon completion of the accelerated Associate Degree requirements or RN Remediation Course, all students must pass the NCLEX (National Counsel Licensing Exam) and then must apply to receive state licensure as Registered Nurse in order to seek employment as RN.**

The Institute for Accelerated RN Success, Inc. owns Grant Professional School of Nursing. We have a central focus which is to be a dynamic center of nursing educational excellence where the entire Institution works together with integrity and cares for others to help goal achievement. The Grant Professional School of Nursing will be at the forefront of the nursing education learning trends in health care and committed to improving nursing as a profession by preparing competent, safe, caring professional nurses for leadership roles in the health care community. The Institute and GPS Nursing are founded on Christian principles and the Christian faith is an integral part of the daily function.
