Dear Family's,

I don't know about you, but October seemed to fly by. I guess it's the old saying "Time flies' when you're having fun" :) We had a birthday this month... Happy Birthday Levi! We also welcomed a new friend, Zachariah. Zachariah is the young one of the bunch, he is just 3 months old :) It's always fun to meet and play with someone new. On another note, we had to say goodbye to our friend Kira. She has graduated and moved on to the toddler room. But, we don't have to be too sad because we still get to play with her every day in the gym.

What's new in the Yellow Owls you ask?

Levi

As I mentioned above has turned the ripe old age of "1". Welcome to the club!! Levi is as busy as always! He is pretty much walking all the time now. It's finally faster to walk rather than crawl. One new thing he likes to do is play with the bikes in the gym. He mostly likes to push them around, but every now and then he'll hop on for a ride. He also loves to laugh!

Maverick

Is another "busy bee". But he's a different kind of busy... He's quick and quiet like a ninja! Every time I turn around he's somewhere new. He's getting more and more animated all the time. When he laughs, he likes to show all of his teeth. So Adorable!! One of his favorite things to do is EAT :) Let's face it, it is pretty fun! He also likes to try and get into locked cabinets, and make a dash for an open door :)

Hayes

Loves to play with his friends. His eyes light up when they arrive in the morning. I have noticed recently that he is becoming quite a flirt. Hayes says it all with his eyes. He will look at you, smile and turn his head in a certain way. Watch out girls! He has recently started eating table foods. And let me tell you, he really likes it. I think his favorite might be his mom's spaghetti. He also loves to play "So Big" while getting his diaper changed. His arms go up and that's my cue to play along :) We giggle every time!

Zachariah

We're still getting to know our new friend Zachariah, but one thing I know is that he loves to smile. The very first time we met, I talked to him and he gave me the biggest, cutest smile, and he let out a little "coo". He stole my heart immediately :) I am looking forward to getting to know him more and more each day.

Important Dates:

November 3rd..... Don't forget to vote! :) (ha ha)

November 12th... Mavericks birthday :)

November 25th-27th... Thanksgiving break.

November 30th ...Hayes' birthday :)

Sincerely,

Ms. Carrie :)
