## **INSCRIPTION CANYON RANCH SANITARY DISTRICT MANAGEMENT'S DISCUSSION AND ANALYSIS**

This section of the Inscription Canyon Ranch Sanitary District's (District) Annual Financial Report presents an analysis of the District's financial performance during the fiscal years ended June 30, 2016 and 2015. This information is presented in conjunction with the reviewed basic financial statements that follow this section.

### **HISTORY AND BACKGROUND**

The District was established December 11, 1995, as a special district under provisions of Arizona Revised Statutes Title 48. The District operates and maintains the wastewater treatment plant for the Inscription Canyon Ranch, Whispering Canyon, Preserve at the Ranch, and Talking Rock Ranch developments in Yavapai County, Arizona, under the direction of an elected three-member board of directors.

### **FINANCIAL HIGHLIGHTS FOR THE FISCAL YEAR 2016**

- The District's net position increased by 8.9%
- Operating revenues increased by 68.5%
- Operating expenses increased by 20.5%

The District uses fund accounting to record operations that are financed and operated in a manner similar to private business enterprises, where the intent of the governing body is that the costs of providing goods and services to the general public on a continuing basis be financed or recovered primarily through user charges. Therefore, its financial statements are designed to provide the reader with a broad overview of the District's finances in a manner similar to a private-sector business.

The primary source of revenue for the District is the ad valorem tax on property owners of the District.

During the fiscal year ended June 2016, the District settled a claim against its insurer for legal fees the District had paid its legal counsel prior to and during the lawsuit filed against the District by developers in 2010. The settlement resulted in a payment to the District of over \$212,000.

### **OVERVIEW OF THE FINANCIAL STATEMENTS**

This annual report consists of the following two parts: Management's Discussion and Analysis and Basic Financial Statements.

## **USING THE BASIC FINANCIAL STATEMENTS**

The financial statements of the District report information utilizing the full accrual basis of accounting. The financial statements conform to the accounting principles that are generally accepted in the United States of America.

The Statement of Net Position reports the District's assets and liabilities and provides information about the nature and amounts of investments in resources (assets) and the obligations to District creditors (liabilities).

The Statement of Revenues, Expenses and Changes in Net Position identifies the District's revenues and expenses for the fiscal years ended June 30, 2016 and 2015. This statement informs the reader of the District's operations over the past years and can be used to determine whether the District has recovered all of its actual and projected costs through fees and other revenue sources.

The Statement of Net Position and Statement of Revenues, Expense and Changes in Net Position provide an indication of the District's financial condition and also identify if the financial condition of the District has improved during the last two fiscal years. An increase in the District's net position over time typically indicates an improvement in financial condition.

The Statement of Cash Flows provides information on the District's cash receipts, cash payments, and changes in cash resulting from operations, investments and financing activities. The Statement of Cash Flows informs the reader of sources and uses of cash and changes in cash and cash equivalent balances for the past year.

The Notes to Financial Statements provide additional information that is essential to a full understanding of the information provided in the financial statements.

## NET POSITION – COMPARISON OF JUNE 30, 2016 and 2015

A summary of the District's Statements of Net Position is presented below in Table 1:

	<b>30-Jun-16</b>	<b>30-Jun-15</b>	<b>\$ Change</b>	<b>% Change</b>
Total current and other assets	1,283,525	1,030,185	253,340	24.6%
Capital assets, net	4,389,148	4,472,203	-83,055	-1.9%
Total assets	5,672,673	5,502,388	170,285	3.1%
Long-term debt outstanding	3,120,150	3,154,265	-34,115	-1.1%
Other liabilities	47,559	47,141	418	0.9%
Total liabilities	3,167,709	3,201,406	-33,697	-1.1%
Net assets invested in capital assets, net of related debt	1,235,308	1,287,210	-51,902	-4.0%
Restricted	747,158	732,158	15,000	2.0%
Unrestricted	522,498	281,614	240,884	85.5%
Total net position	2,504,964	2,300,982	203,982	8.9%

Total assets increased by \$170,285 or 3.1% during the fiscal year ended June 30, 2016. The increase is attributed to an increase in cash, offset by depreciation.

Total liabilities reflect an overall decrease of \$33,697 or 1.1%. The decrease is reflective of repayment of outstanding long-term debt.

Table 1 also indicates that total net position increased by \$203,982 or 8.9%.

**REVENUES, EXPENSES, AND CHANGES IN NET POSITION COMPARISON OF JUNE 30, 2016 and 2015**

A condensed statement of revenue and expenses is presented in Table 2:

	30-Jun-16	30-Jun-15	\$ Change	% Change
Operating revenues	596,487	353,919	242,568	68.5%
Non-operating revenues	4,729	3,359	1,370	40.8%
Total revenues	601,216	357,278	243,938	68.3%
Depreciation expense	83,055	82,791	264	0.3%
Other operating expenses	314,179	246,938	67,241	27.2%
Total expenses	397,234	329,729	67,505	20.5%
Changes in net position	203,982	27,549	176,433	640.4%
Net position beginning	2,300,982	2,273,433	27,549	1.2%
Net position ending	2,504,964	2,300,982	203,982	8.9%

The Statement of Revenues, Expenses and Changes in Net Position identifies the various revenue and expense items that affect the change in the District's net position. As the information in Table 2 indicates, total net position at June 30, 2016, was \$2,504,964.

Total revenues increased by \$243,938 in 2016. Operating revenues increased by \$242,568 or 68.5%. This was due to the claim settled against its insurer for legal fees the District had paid its legal counsel prior to and during the lawsuit filed against the District by developers in 2010 and an increase in budgeted tax revenue.

Total expenses increased by \$67,505 in 2016. The increase is attributed to higher attorney fees incurred by the District for the claim settlement mentioned above.

## **CAPITAL ASSETS**

Capital assets of the District are those assets that are used in the performance of the District's functions, including infrastructure assets. At June 30, 2016, the District's investment in capital assets totaled \$4,389,148, which is a decrease of 1.9% over the balance at June 30, 2015. The decrease in capital assets is due to depreciation.

## **LONG-TERM DEBT**

At June 30, 2016, the District had a total of \$3,120,150 in long-term debt. The debt is reflective of the District required repayment of 50% of the total cost of the transferred infrastructure and plant assets as part of the aforementioned settlement agreement.

## **ECONOMIC FACTORS AND NEXT YEAR'S BUDGET**

The budget for the fiscal year ending June 2017 is approximately \$40,000 less than the previous year, due to lower legal and consulting fees anticipated for 2017.

Approximately \$200,000 in capital improvements are anticipated during fiscal year ending 2017 for plant expansion and upgrades to the Wastewater Treatment Plant.

## **ADDITIONAL FINANCIAL INFORMATION**

This financial report is designed to provide the District's customers, investors and other interested parties with an overview of the District's financial operations and financial condition. Should the reader have questions regarding the information included in this report or wish to request additional financial information, please contact the Inscription Canyon Ranch Sanitary District, PO Box 215, Chino Valley, AZ 86323; telephone 928-237-9347.

## INDEPENDENT ACCOUNTANT'S REVIEW REPORT

To the Board of Directors  
Inscription Canyon Ranch Sanitary District  
Prescott, Arizona

I have reviewed the accompanying Statement of Net Position of Inscription Canyon Ranch Sanitary District (District) as of June 30, 2016 and 2015, and the related Statement of Revenues, Expenses and Changes in Net Position, and Statement of Cash Flows for the years then ended, and the related Notes to Financial Statements. A review includes primarily applying analytical procedures to management's financial data and making inquiries of the District's management. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, I do not express such an opinion.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for designing, implementing, and maintaining internal controls relevant to the preparation and fair presentation of the financial statements.

### **Accountant's Responsibility**

My responsibility is to conduct the review engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. Those standards require me to perform procedures to obtain limited assurance as a basis for reporting whether I am aware of any material modifications that should be made to the financial statements for them to be in accordance with accounting principles generally accepted in the United States of America. I believe that the results of my procedures provide a reasonable basis for my conclusion.

### **Accountant's Conclusion**

Based on my review, I am not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in conformity with accounting principles generally accepted in the United States of America.

## **Other Matters**

### *Other Information*

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages i through v be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operations, economic, or historical context. Such information was not audited, reviewed, or compiled by me and, accordingly, I do not express an opinion or any other form of assurance on the supplementary information.

**Inscription Canyon Ranch Sanitary District**  
**Notes to Financial Statements**  
**June 30, 2016 and 2015**

**Note 1 – Description of Entity**

Description of Operations

Inscription Canyon Ranch Sanitary District (District) was established December 11, 1995, as a special district under the provisions of Arizona Revised Statutes Title 48. The District operates and maintains the collection system and wastewater treatment plant for the Inscription Canyon Ranch, Whispering Canyon, Preserve at the Ranch, and Talking Rock Ranch developments in Yavapai County, Arizona. The District is governed by a board of directors elected from within the District.

Reporting Entity

In accordance with the Governmental Accounting Standards Board (GASB) Statement No. 14, the financial reporting entity consists of a primary government and its component units. The District is a primary government because it is a special-purpose government that has a separately elected governing body, is legally separate, and is fiscally independent of other state and local governments. Furthermore, there are no component units combined with the District for financial statement presentation purposes, and it is not included in any other governmental reporting entity. Consequently, the District's financial statements include only the funds of those entities for which its elected governing board is financially accountable.

**Note 2 – Summary of Significant Accounting Policies**

The significant accounting policies followed by the District, as summarized below, are in conformity with generally accepted accounting principles applicable to governmental units as promulgated by the GASB.

Basis of Accounting and Measurement Focus

The accompanying financial statements have been prepared in accordance with the reporting model defined by GASB Statement No. 34, Basic Financial Statements. The reporting model requires supplementary information in the form of Management's Discussion and Analysis and makes other changes in the presentation of the financial statements.

The District is a proprietary-fund type, specifically an enterprise fund, and is accounted for on a flow of economic resources measurement focus and the accrual basis of accounting. With this measurement focus, all assets and all liabilities associated with the operation of the District are included in the Statement of Net Position.

The District's net position (total assets net of total liabilities) is segregated into invested in capital assets, net of related debt, restricted, and unrestricted components. Proprietary-fund type operating statements present increases (revenues) and decreases (expenses) in net total assets. Under this basis of accounting, revenues are recognized when earned, and expenses are recognized when the related liability is incurred.

Ad Valorem taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Operating revenues and expenses consist of those revenues that result from the ongoing principal operations of the District and consist primarily of charges for wastewater services. Non-operating revenues and expenses consist of those revenues and expenses that are related to financing and investing activities and result from non-exchange transactions, special items, or ancillary activities.

**Inscription Canyon Ranch Sanitary District**  
**Notes to Financial Statements**  
**June 30, 2016 and 2015**

**Note 2 – Summary of Significant Accounting Policies (continued)**

Property Taxes (Ad Valorem Tax Revenues)

Property taxes are levied each year on or before the third Monday in August based on the previous January 1 full cash value as determined by the Yavapai County Assessor. Taxes are due in two equal installments on September 1 and March 1 following the levy date and become delinquent the first business day of November and May, respectively. In accordance with GASB standards, property tax revenue is recognized when an enforceable legal claim to the property tax occurs.

Property Tax Receivables

The District's receivables consist of amounts due from individual and commercial property owners within the Inscription Canyon Ranch, Whispering Canyon, Preserve at the Ranch, and Talking Rock Ranch developments in Yavapai County, Arizona. All receivables are considered due within one year and are therefore considered current. Accounts receivable balances are tied to specific properties rather than specific customers. This process ensures that all outstanding balances are paid by current property holders. No allowance for doubtful accounts has been established by District management for customer receivables.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of support, revenues, and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Investments

For purposes of the Statement of Cash Flows, the District considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents.

Generally, the state statutes allow investments in certain certificates of deposit, interest-bearing savings accounts in qualified banks and savings and loan institutions, repurchase agreements with maximum maturity of thirty days, and pooled investment funds established by the state treasurer. As required by statute, collateral is required for demand deposits, certificates of deposit, and repurchase agreements at 101% of all deposits not covered by federal depository insurance.

A portion of the District's monies is under the direct supervision of the Yavapai County (County) Treasurer's Office, which has the fiduciary responsibility to administer all monies held in the County Treasury. The treasurer invests in the Local Government Investment Pool on a pooled cash basis.

**Inscription Canyon Ranch Sanitary District**  
**Notes to Financial Statements**  
**June 30, 2016 and 2015**

**Note 2 – Summary of Significant Accounting Policies (continued)**

Cash and Investments (continued)

Interest earned from investments purchased with such pooled monies is allocated quarterly to each of the funds based on the average month-end cash balances. For additional information on cash and investments, see the Yavapai County Financial Statements for the years ended June 30, 2016 and 2015.

A. Custodial Credit Risk

Custodial credit risk for deposits is the risk that in the event of a bank failure, the District's deposits may not be recovered. The District's policy for managing custodial credit risk is to adhere to the county's governance of special districts. County regulations require the District to hold a significant portion of its deposits in pooled county funds. In addition to pooled county funds, the District may maintain several accounts in one commercial bank, which may, at times, exceed federally insured limits.

B. Credit Risk

Credit risk is the risk that the counterparty to an investment transaction will not fulfill its obligations. The District does not participate in investment transactions, except as noted above as required by the County, and has no formal policy for credit risk.

C. Interest Rate Risk

Interest rate risk is the risk that changes in interest rates of debt investment will adversely affect the fair value of an investment. The District does not participate in debt investment and has no formal policy for interest rate risk.

D. Concentration of Credit Risk

Concentration of credit risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer. The District does not participate in investment transactions and has no formal policy for concentration of credit risk.

Property, Plant, Equipment and Depreciation

Property, plant and equipment are stated at cost or estimated historical cost. A capitalization limit of \$1,000 has been established by management for purchases of vehicles and equipment with a useful life of more than one year. Depreciation is computed for financial statement purposes on a straight-line basis over the estimated useful lives of the assets. The estimated useful lives of depreciable assets range from five to fifty years.

Expenditures for major renewals and betterments that extend the useful lives of property and equipment are capitalized. Expenditures for maintenance and repairs are charged to expense as incurred.

**Notes to Financial Statements**  
**June 30, 2016 and 2015**

**Note 2 – Summary of Significant Accounting Policies (continued)**

Net Position Balance

The District's net position is comprised of the various net earnings from operating income, non-operating revenues and expenses, and capital contributions. The District's net position is classified in the following three components:

*Invested capital assets, net of related debt:* This component of net position consists of capital assets, net of accumulated depreciation, and reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction or improvement of those assets. If there are significant unspent related debt proceeds at year end, the portion of the debt attributable to the unspent proceeds is not included in the calculation of invested net assets, net of related debt. Rather, that portion of the debt is included in the same net position component as the unspent proceeds.

*Restricted:* This component of net position consists of constraints imposed by creditors (such as through debt covenants), grantors, contributors, laws or regulations of other governments or constraints imposed by law through constitutional provisions or enabling legislation.

*Unrestricted:* This component of net position consists of net assets that do not meet the definition of "restricted" or "invested in capital assets, net of related debt."

When expenditures are incurred for purposes for which both restricted and unrestricted balances are available, the District considers restricted funds to have been spent first.

Budgets and Budgetary Accounting

The District follows these procedures in establishing the budgetary data reflected in the financial statements:

- A. The District submits to the Board of Supervisors and the County Treasurer a proposed operating budget for the fiscal year commencing July 1. The operating budget includes proposed expenditures and the means of financing them.
- B. Public hearings on the budget are held each year in accordance with legal requirements in order to obtain comments from local taxpayers.
- C. Arizona statutes require that on or before the third Monday in July of each fiscal year, the District Board must adopt a tentative budget. Once this tentative budget has been adopted, the expenditures may not be increased upon final adoption; however, they may be decreased. The tentative budget must be published once per week for two consecutive weeks prior to final adoption. Final adoption must take place on or before the second Monday in August.
- D. The level of control for each legally adopted annual budget is at the total budget level.
- E. Unused budget appropriations lapse as of June 30. The District does not use encumbrance accounting.
- F. The budget amounts shown in the financial statements are the final authorized amounts as amended by the District Board during the year.

Reclassifications

Certain accounts in the prior-year financial statements may have been reclassified for comparative purposes to conform to the presentation in the current-year financial statements.

**Note 3 – Cash**

Deposits

The carrying amounts of the District’s deposits for June 30, 2016 and 2015, were \$1,278,201 and \$1,022,555, respectively. The bank and treasurer balances at June 30, 2016 and 2015, were \$1,278,201 and \$1,000,974, respectively. The difference between the bank and county balances and the carrying balance represent outstanding checks and deposits in transit.

In March of 2012, as part of a settlement agreement with a land developer, the District received fees collected by the developer from homeowners. These funds are restricted for capital improvements for the District’s wastewater plant and delivery system. The restricted cash balances at June 30, 2016 and 2015, are \$747,158 and \$732,158, respectively.

**Note 4 –Other Income**

During the year ended June 30, 2016, the District settled a claim against its insurer for legal fees it had paid its legal counsel for a lawsuit filed against the District by developers in 2010. The settlement resulted in a payment to the District of \$212,500.

**Note 5 –Other Receivables**

The District sells treated wastewater effluent to a related party golf course located within District boundaries. The charge for effluent is \$4,000 per month for the first 1,000,000 gallons delivered to the golf course. Total receivables at June 30, 2016 and 2015, are zero and \$4,338, respectively.

Total other receivables consist of the following at year end June 30<sup>th</sup>:

	2016	2015
Other	\$ 895	\$ 70
Effluent	-	4,338
Total	\$ 895	\$ 4,408

In 2005 a related party (Note 7) built a Santec plant in which wastewater is processed. When the Santec plant began operations, the District's SBR plant was decommissioned. Title to the Santec plant remained with the related party at June 30, 2011. The District continued to operate the plant under an agreement with the related party. As part of a settlement agreement entered into by both parties in March of 2012, the title to the plant was transferred to the District in the fiscal year ended June 30, 2012, in the amount of \$395,500. In the fiscal year ended June 30, 2013, the infrastructure to transport wastewater in related party developments was transferred to the District in the amount of \$2,784,796. A note payable was established in the fiscal year ended June 30, 2013. An amendment to the amended and restated development agreement was entered into on April 10, 2014. The omitted wastewater facilities were transferred to the District in accordance to the terms of the original amended and restated development agreement. See Note 10.

Total depreciation for the years ended June 30, 2016 and 2015, was \$83,055 and \$82,791, respectively.

**Note 7 – Related Party Transactions**

At June 30, 2011, the District had a standing agreement with related party owners/developers (Developers) of the District. The District operated the sanitary plant in which the users of the District receive service, but which was owned by the Developers. Improvements to the plant by the District were depreciated according to the District's capitalization and depreciation policy.

**Note 7 – Related Party Transactions (continued)**

In 2012 the District was in dispute with the Developers regarding the operating agreement. A settlement was reached and a new amended and restated development agreement was entered into on March 1, 2012. In the fiscal year ended June 30, 2012, title to the plant asset was transferred to the District. In the fiscal year ended June 30, 2013, title for infrastructure assets was transferred to the District in exchange for a twenty-year note payable. In the fiscal year ended June 30, 2014, it was discovered that a phase of the development was omitted from the March 1, 2012, amended and restated development agreement. An amendment to the amended and restated development agreement was entered into on April 10, 2014. The omitted wastewater facilities were transferred to the District in accordance to the terms of the original amended and restated development agreement. See Notes 6 and 10.

As part of the amended and restated agreement, the District sells wastewater effluent to a developer at a rate of \$4,000 per month per 1,000,000 gallons sold. Total effluent revenue for the fiscal years ended June 30, 2016 and 2015, is \$51,819 and \$46,016, respectively.

In the ordinary course of business, the District provides wastewater services to Board members of the District at the same rates established for all District customers.

**Note 8 – Risk Management**

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. The District carries commercial insurance for all such risks of loss. Settled claims resulting from these risks have not exceeded commercial insurance coverage for the last three fiscal years.

**Note 9 – Contingent Liabilities**

On June 15, 2016, the District entered into a contract with an engineering firm for the improvement and expansion of the Wastewater Treatment Plant, with an effective date of July 1, 2016. This project is to be completed in phases and the estimated cost is \$210,200. See Note 11 – Subsequent Events.

The District is committed under various professional contracts for operations and accounting service. The contracts are cancellable by either party with ninety-day written notice. Future minimum contract payments are as follows for the fiscal year ended June 30:

2017	\$ 52,376
------	-----------

**Note 10 – Long-Term Liabilities**

As part of a 2012 settlement agreement, the District was to repay Developers (Note 7) up to 50% of the developer paid costs of the wastewater treatment plant and infrastructure over a twenty-year period. An amendment to the amended and restated development agreement was entered into on April 10, 2014. Omitted wastewater facilities were transferred to the District in accordance to the terms of the original amended and restated development agreement in the fiscal year ended June 30, 2014. See Notes 6 and 7. The original principal amounts to be repaid by the District follow:

Wastewater treatment plant-2012	\$ 395,500
Infrastructure-2012	2,784,796
Wastewater facilities phase 12-2014	<u>71,439</u>
Total liability	<u>\$ 3,251,735</u>

**Note 10 – Long-Term Liabilities (continued)**

Repayment began in 2014 at 10% of the District's gross annual income including prior or accrued ad valorem tax revenue and user and availability fees, excluding effluent. All remaining balances of uncollected construction costs at the end of the twenty-year repayment term are forfeited by the developers. Remaining liability balances forfeited will be recognized as contributed capital in the twentieth year by the District. The current amount due on the loan is calculated at 10% of total income as listed above for the fiscal year ended June 30, 2015.

Changes in long-term liabilities:

	<u>Beginning Balance</u>	<u>Additions</u>	<u>Reduction</u>	<u>Ending Balance</u>	<u>Due Within One Year</u>
Notes payable	<u>\$ 3,184,993</u>	<u>\$ -</u>	<u>\$ (31,153)</u>	<u>\$ 3,153,840</u>	<u>\$ 33,690</u>
Long-term liabilities	<u>\$ 3,184,993</u>	<u>\$ -</u>	<u>\$ (31,153)</u>	<u>\$ 3,153,840</u>	<u>\$ 33,690</u>

**Note 11 – Subsequent Events**

Management of the District has evaluated events and transactions subsequent to June 30, 2016, for potential recognition or disclosure in the financial statements. On June 15, 2016, the District signed a contract with an engineer with an effective date of July 1, 2016, for Wastewater Treatment Plant upgrades and replacement. As of November 21, 2016, the District had made payments to the engineer in the amount of \$17,930. See Note 9 – Contingent Liabilities. Subsequent events have been evaluated through the financial statements issuance date of November 21, 2016.
