DESCRIPTION: Here is an old weathered 1961 Bear Polar that has been reconditioned. The Polar was a grade above the Grizzly, and a grade below the Kodiak. Great looking and performing recurve for its age. Bubinga riser. Bow has no delamination; no cracks; limbs are straight. Overlays and tips are in great condition. No drilled holes; No chips, dings or cracks. No crazing or stress cracks; a few superficial stress lines that were filled with Loctite. The limbs have been re-stained, but show their age and wear. A few minor scratches and nicks here and there. Decals are a reproduction.

Comes with a new string.
