

Beliefs About Engineers and Engineering

Read each of the following statements carefully. Then circle the number from 1 (Strongly Disagree) to 5 (Strongly Agree) that best describes your belief about the statement.

Example

	Strongly Disagree	Disagree	Maybe, maybe not	Agree	Strongly Agree
All tomatoes are red.	1	2	3	4	5

Circling #2 indicates that you are fairly sure that there are some tomatoes that are not red

	Strongly Disagree				Strongly Agree
1. Engineers must have good math skills.	1	2	3	4	5
2. Engineers follow a problem solving process.	1	2	3	4	5
3. Engineering affects people's lives.	1	2	3	4	5
4. Engineers are nerdy.	1	2	3	4	5
5. Engineers fix engines.	1	2	3	4	5
6. Engineers invent new things	1	2	3	4	5
7. Engineering affects the world around us.	1	2	3	4	5
8. Engineers work alone.	1	2	3	4	5
9. Engineers sit at a desk all day.	1	2	3	4	5
10. Engineering design problems only have one solution.	1	2	3	4	5
11. Engineers drive trains.	1	2	3	4	5
12. Engineers improve existing things.	1	2	3	4	5
13. Engineers are mostly men.	1	2	3	4	5
14. Engineering solutions usually work the first time.	1	2	3	4	5
