

THE TRANSIT OF VENUS

A PICTURE OF THE RAPTURE ASSOCIATED WITH COSMIC SYMBOLISM & BIBLICAL TYPES

The purpose of this chart is to highlight several key and unique properties of the Transit of Venus. The Transits of Venus will be examined in a Judeo-Christian context associated with Biblical symbolism and parallels. The 8th Transit of Venus to occur with the Sun, since recordings have been taken, is scheduled to take place on June 5-6th, 2012. To some Christian communities, this rare occurrence can be attributed to a 'Picture of a Rapture' or a snatching-away. The first Venus Transit in our new millennium already happened in Jun 8, 2004, its 'pair' is thus to happen on June 5-6, 2012. Because the Venus Transit does happen in 2012, the year 2012 is considered to be a 'Passage Year' in many religious and non-religious circles. This Rapture imagery, as insinuated by both the Old and New Testaments, speaks of a course of events to take place, primarily Sudden Destruction and an Escape. As Venus makes its "planetary retrograde loop" spanning the constellations of Taurus-Auriga-Orion, there are several unique celestial attributes that will be highlighted during this time period. In part, some prominent celestial occurrences will be the: 1) Conjunction of Venus with the Pleiades on Apr 2, 2012. 2) Alignment with Earth-Venus-Pleiades on Apr 2, 2012. 3) Retrograde 'Loop' from Pleiades to OR164 spanning Taurus-Auriga-Orion. 4) Partial Blood Moon of Jun 3 immediately preceding the Transit. 5) Transit of Venus with the Sun on Jun 5-6th. 6) Conjunction of Mercury-Venus-Sun-Jupiter on Jul 1, 2012.

SYNODIC CYCLE
For Venus, 2 patterns that are produced at the end of the 8 year cycle is an almost 5-pointed pentagram or 'Star' geometric pattern due to the nodes w/ Earth. From Earth's perspective, a 2nd pattern is also produced looking like a unique 'rose' geometric pattern. To the occult, these have become perverted symbols for the Rosicrucian Cross and the Satanic pentagram talisman utilized by witches and wizards. Sorcerers use it extensively in ceremonial magic to evoke the help of demons. This is basically alluding to the worship and adoration of Venus with the usurped signature of Lucifer. It is not the cross of Christ nor the 'Rose of Sharon' as the Jewish Messiah is often referred to as. Jesus Christ is the True Venus. Rev 22.

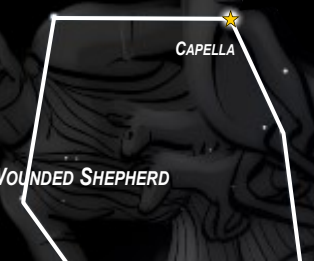

SUN-VENUS-EARTH CONJUNCTION
There are 5 Synodic Cycles of 8 years each between the 2 Transits of 2004 & 2012. Both alignments occurred in the South Node of Venus.

AURIGA
CHRIST, THE WOUNDED SHEPHERD
Hebrews 13:20

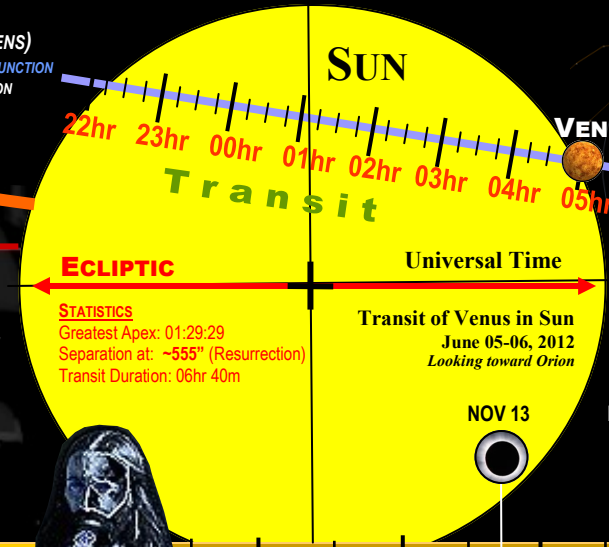

Venus will be at these point in time when the Partial Blood Moon occurs & the Transit begins in June 4.

Auriga - Christ, the Wounded Shepherd: Star in his right foot is called El Nath which means wounded or slain. The meaning is one of 'Safety for the Redeemed in the Day of Wrath.' it is an image of a Shepherd pierced at His heel protecting larger she-goat and 2 lambs (Church and Israel) from the 'Coming Judge' Taurus.

ORION - Christ, the Coming Prince: Orion depicts a Heavenly Warrior with a Sword and left foot upon the Enemy's head, Satan. He means 'Light breaking forth in the Redeemer'. His right foot is also pierced like Ophiuchus' by the Serpent. This too echoes Genesis 3:15 the insinuating conflict between the 'seed' of the Woman and the Serpent.

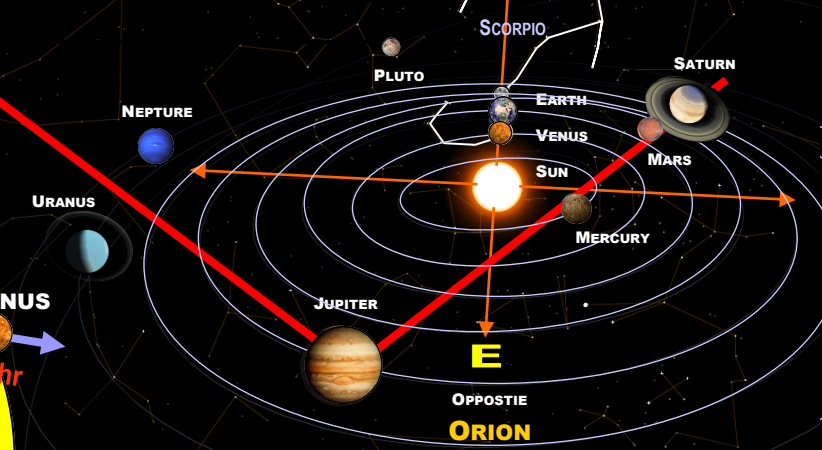

PLEIADES - Christ's Bride: A cluster of stars known as 'The Congregation of the Judge'. It consists of 7 stars in the neck of Taurus. This alludes to the whole Body of Christ Believers, the Bride of Christ; the 7 Churches, 7 Ages to be 'caught away' from the Wrath that is to come on the unrepentant world before Christ's 2nd Coming.

JUNE 5-6, 2012

The Transit will last close to 6 hours. The actual 'Transit' occurs about 3 hours before and after it clears the Sun.

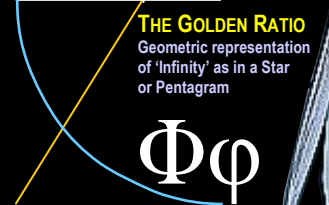

A 'Transit' is another descriptive word for an 'occultation'. Because of Earth's 'order' or distance from our Sun, only Mercury and Venus can have 'transits' with the Sun as it would occur between the Earth and the Sun. These Transits are not 'Eclipses'. What is extraordinary about the Jun 5-6, 2012 Transit is that Venus will cross the Sun's 'face' in reference to our Earth.

This illustration is only insinuating that this June 5-6, 2012 Transit of Venus will be coinciding with a picture of the Rapture as defined in 1 Thess 4:17. There have been others Venus Transits before. In the past there have been 7 prior Transits of Venus. This 8th Transit of Venus may yet be just another insignificant phenomena and peculiarity but have all these Transits been a sort of countdown to the 8th? Is the 8th anymore significant because it is occurring in 2012? The number '8' has resurrection meaning to it in a Biblical sense. Have these specific Transits of Venus indeed been a kind of dress rehearsal or a foreshadowing of the 'Real Rapture' event to come?
