

# THE BLOOD MOON TETRADS

The purpose of this illustration is to consider some possible interpretations as to what the real significance with the Tetrad will turn out to be. From a purely Biblical perspective, one can look at the most recent Tetrads that have occurred to possibly ascertain a logical assumption of what is to be a plausible outcome based on the prior Tetrads 1949-50 and 1967-68. Why there is an intense interest in the Tetrad of 2014-15 is that given the prior patterns and history—as they have pertained prophetically to the Nation of Israel, then Jerusalem, it could be associated with the coming 3rd Temple. Most notably these times have been of strife and attributed to when Israel was birthed in 'One Day' as a nation in 1948 and when Israel recaptured the Old City of Jerusalem in 1967, where the 1st and 2nd Temples once stood. Perhaps the 3rd Tetrad in this sequence is heralding an event that will deal with the 3rd Temple to be rebuilt. A Tetrad is when 4 consecutive total lunar eclipses occur; without any in-between partial lunar eclipses. A lunar eclipse happens only at the time of a full moon. What is significance about some of the Tetrads is that only at certain key historical dates related to the Jewish nation have certain corresponding Tetrads occurred precisely on Jewish Feast Days, or as some would rather say on the YHVH's Feast Days called *Moedim*. Of all the major 7 Feasts of the LORD, only 2 Holy Feasts of YHVH fall on or correspond to a Full Moon, that of Passover and Sukkot or Tabernacles. The Feast Days are constant and repeat with a Passover and Sukkot or Tabernacles sequence pattern.

If one studies the time from when Israel became a nation again in 1948, there are a total of 3 prominent Tetrads that occur that have this Passover and Sukkot pattern. Those specific Tetrads occurred in 1949-50, 1967-68 and now in 2014 and 2015, again on Passover and Sukkot. Furthermore, what is extraordinary is that out of all the numerous Tetrads that have occurred since the 1st century, only 8 Tetrads have had this Passover-Sukkot pattern, depending on the date referenced. It can be shown that in actuality, there are 9 Tetrads since Christ. Perhaps this particular Tetrad of 2014-2015 is heralding the prelude to the Tribulation and the impending 2nd Return of Christ after a 7 years Sabbatical period. What is further peculiar, is that in the midst of this 2014-15 Tetrad, there will be a total solar eclipse on March 20, 2015. This specific date happens to be the Jewish New Year. Then there will be partial solar eclipse on September 13, 2015—which is on the Feast of Trumpets, the civil New Year. This eclipse will lead up to the Super Blood Moon and the end of the Sabbatical Year Cycle of 7 Years on Sukkot and the end of the Tetrad of 2014-15.

## 19-48 TETRAD PATTERN SINCE ISRAEL'S INDEPENDENCE IN 1948

### TETRAD PATTERN

### THE HAROLD TO THE TETRAD

A very unique solar eclipse appears to be the precursor to the Tetrad. It is a class all unto itself. It is the rarest of the rare eclipses known to mankind. This eclipse happens on November 3, 2013. It is referred to as a *Hybrid Eclipse* because it is both has Total and Annular properties. What is incredible to conceive is that this rare *Hybrid Eclipse* has occurred only a few times, like the Tetrads since Christ but it is the only one that directly leads up to a Tetrad.

### PROPHETIC TIME PIECES

To understand what might happen during the Tetrad of 2014 - 2015 one can examine and compare the pattern of the immediate and prior Tetrads of the past. The Bible does state that Israel as a nation is the key to understanding End-Times events. Many speculate that this 'Tetrad Pattern' will culminate in Before-During-After event pegged to the Tetrads. Three, yet others will deduce that prior to these first 2 conditions, the *Rapture of the Church* must occur. Four, thereafter, many students of End Time Prophecy propose that the Time of Jacob' Troubles will follow at the midpoint of the Tribulation. If any indication of the 1947 and 1967 Tetrads show, is that the Jewish Nation will go through a fiery trail for its very own survival soon after 2017. The countdown could very well converge in 2018 or 5778.

- Wikipedia.com

What is striking is that the Tetrad of 2014-2015 will be the last one that has the Passover-Sukkot pattern for hundreds of years, at least. According to NASA's calculations, the following Tetrads that occur on 2032-2033, 2043-2044, 2050-2051, 2061-2062, 2072-2073, and 2090-2091 will not see the pattern that has 1949, 1967 and 2014 Tetrads fall on Passover & Sukkot. For the next 500 years, which make up the 22nd to the 25th centuries in the future, there will no Tetrads at all fall on Jewish Feast Days of Passover & Sukkot.

### 2 'Witnesses'

#### THE TETRAD TEMPLATE

##### Before: In 1949-50 (War of Independence)

The 4 Total Lunar Eclipses occurred on the Passover and Sukkot (Tabernacle) feasts of 1949 and 1950. The start of the Tetrad occurred right after Israel declared sovereignty and its declare independence. It was on November 5, 1949 that Israel official was recognized as a UN Member.

##### During: In 1967-68 (Liberation of Jerusalem)

The 4 Total Lunar Eclipses occurred on the Passover and Sukkot (Tabernacle) feasts of 1967 and 1968. The start of the Tetrad occurred right before the recapture of the Old City and Temple Mount of Jerusalem on June 7, 1967.

##### After: In 2014-15 (3rd Temple?)

The Tetrad will most likely deal with a most dire contention. It will lead to a monumental and prophetic event directly related to the 3rd Temple. It is speculated at as Jewish tradition states, a *Blood Red Moon* eclipse will signal a bad omen for Israel as opposed to a *Total Solar Eclipse* that signals a bad omen for the world in general.

### Possible 7-Year start?

**TRIAD**  
Central Blood Moon  
Jan 31, 2018 Jul 27, 2018 Jan 21, 2019

One very popular theory can be calculated if the Feast of Trumpets on Sep 13, 2015 becomes the countdown to the Tribulation. If one adds Daniel's 2520 or 7 Lunar Years, one ends up at **August 7, 2022**

This date is none other than the 9th of Av when the 1st and 2nd Temples were both destroyed. Is this the midpoint and start of the Time of Jacob's Troubles?

JUBILEE YEAR?

The Tribulation could start the moment the first 'Sacrifices' commence; that of the *Red Heifer*. The Temple Mount first has to be 'purified'. Based on the Triad of Blood Moons that could signal the start of the 7 year Tribulation period, the year 2022 could be the midpoint thereabouts.
