

In the Yard

Fill in the puzzle with items you might find in a backyard.

ACROSS

2. A place to rest that's suspended above the ground and often attached to two trees
5. The green stuff that makes up your lawn
7. A seat suspended by ropes or chains that moves back and forth
8. An outdoor living space that usually has a hard surface
10. A small roofed structure used to store things
11. A barrier enclosing an area or marking a boundary
12. A plant that blooms
14. A long seat that can fit more than one person
16. A shelter for "Fido"

DOWN

1. A place to keep your car
3. A mixture of decaying garbage used as fertilizer
4. A shallow, usually square container on the ground where children play with shovels and pails
6. A plant with a system of long stems that can spread out across the ground or climb a wall
9. A plant with bark, a trunk, and leaves
10. A device that sprays water across the lawn
13. Wild plants often growing where they are not wanted
15. A manmade body of water in the ground or above the ground where folks swim
