Thank you so much for the musical education that you provide for my granddaughter, Natalie Ferne. Your knowledge and abilities are superb; your patience with Natalie is wonderful. Natalie has learned so much with you. You renewed her enthusiasm for playing and learning. My wife and I are very happy that we found you as Natalie's mom and dad are extremely pleased. Of course, Natalie thinks you are the greatest teacher in the world. The more she learns, the more she practices. She plays her songs now on her own without being asked too. She loves it, she enjoys showing off to her friends. All thanks to you and your wonderful abilities.

Once again, thank you Paul.

Best Regards,

George & Sachiko Schmehr
