

**Design Project Update
For the Widening of Florida's Turnpike
from Atlantic Boulevard (MP 66) to Wiles Road (MP 70)**

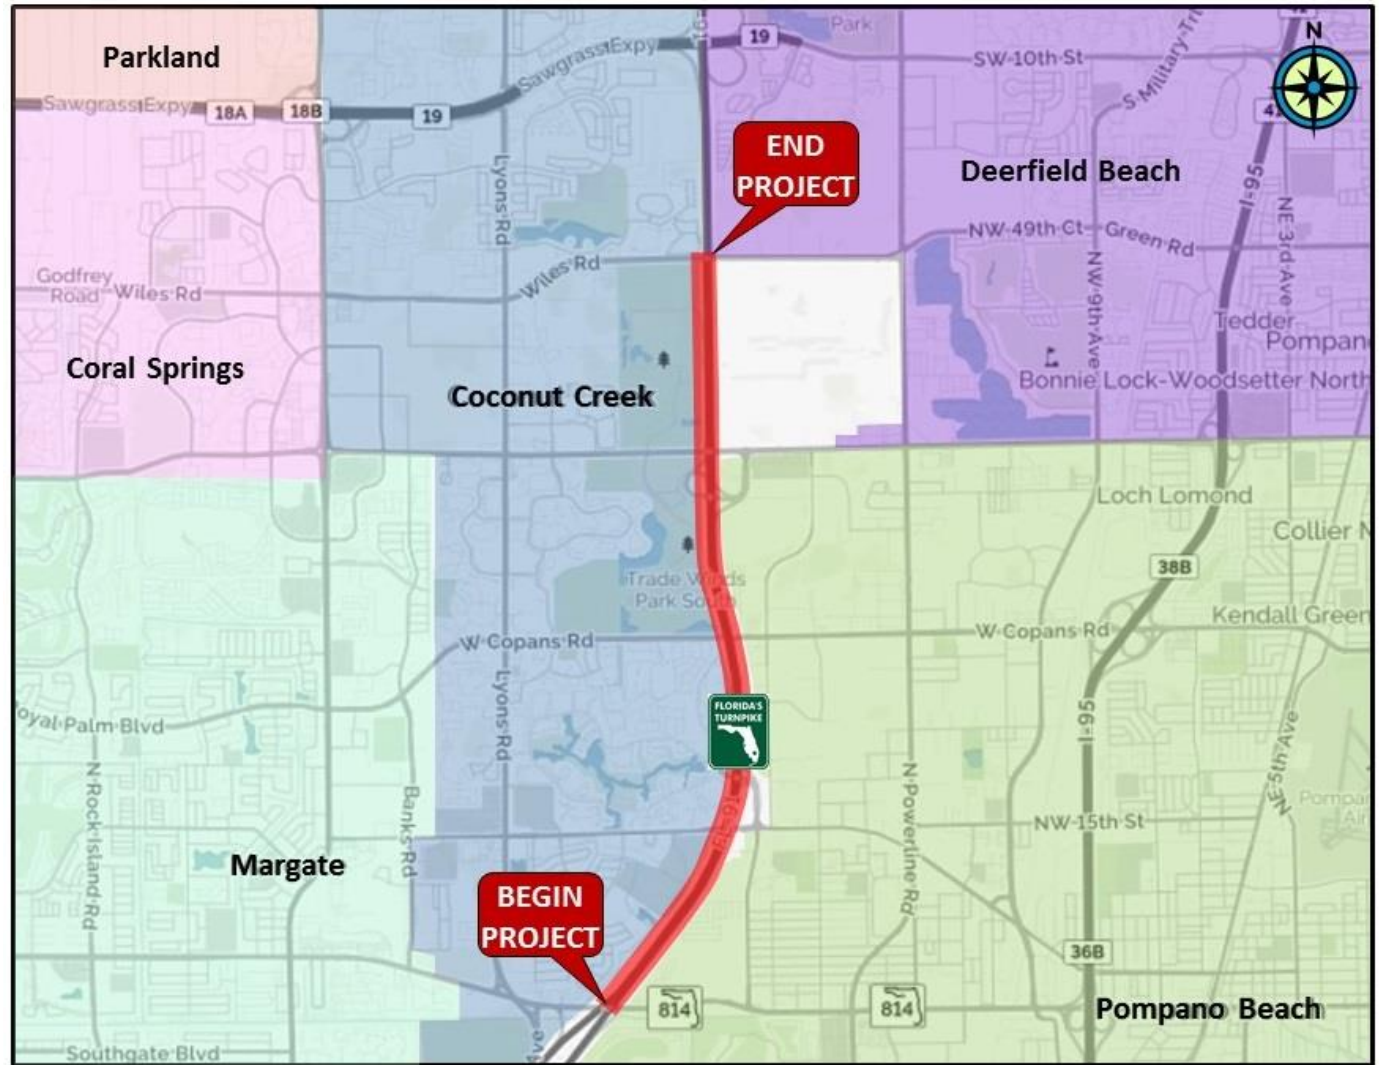

**Andy Healy, PE
Broward MPO, TAC and CAC Meetings
June 28, 2017**

Agenda

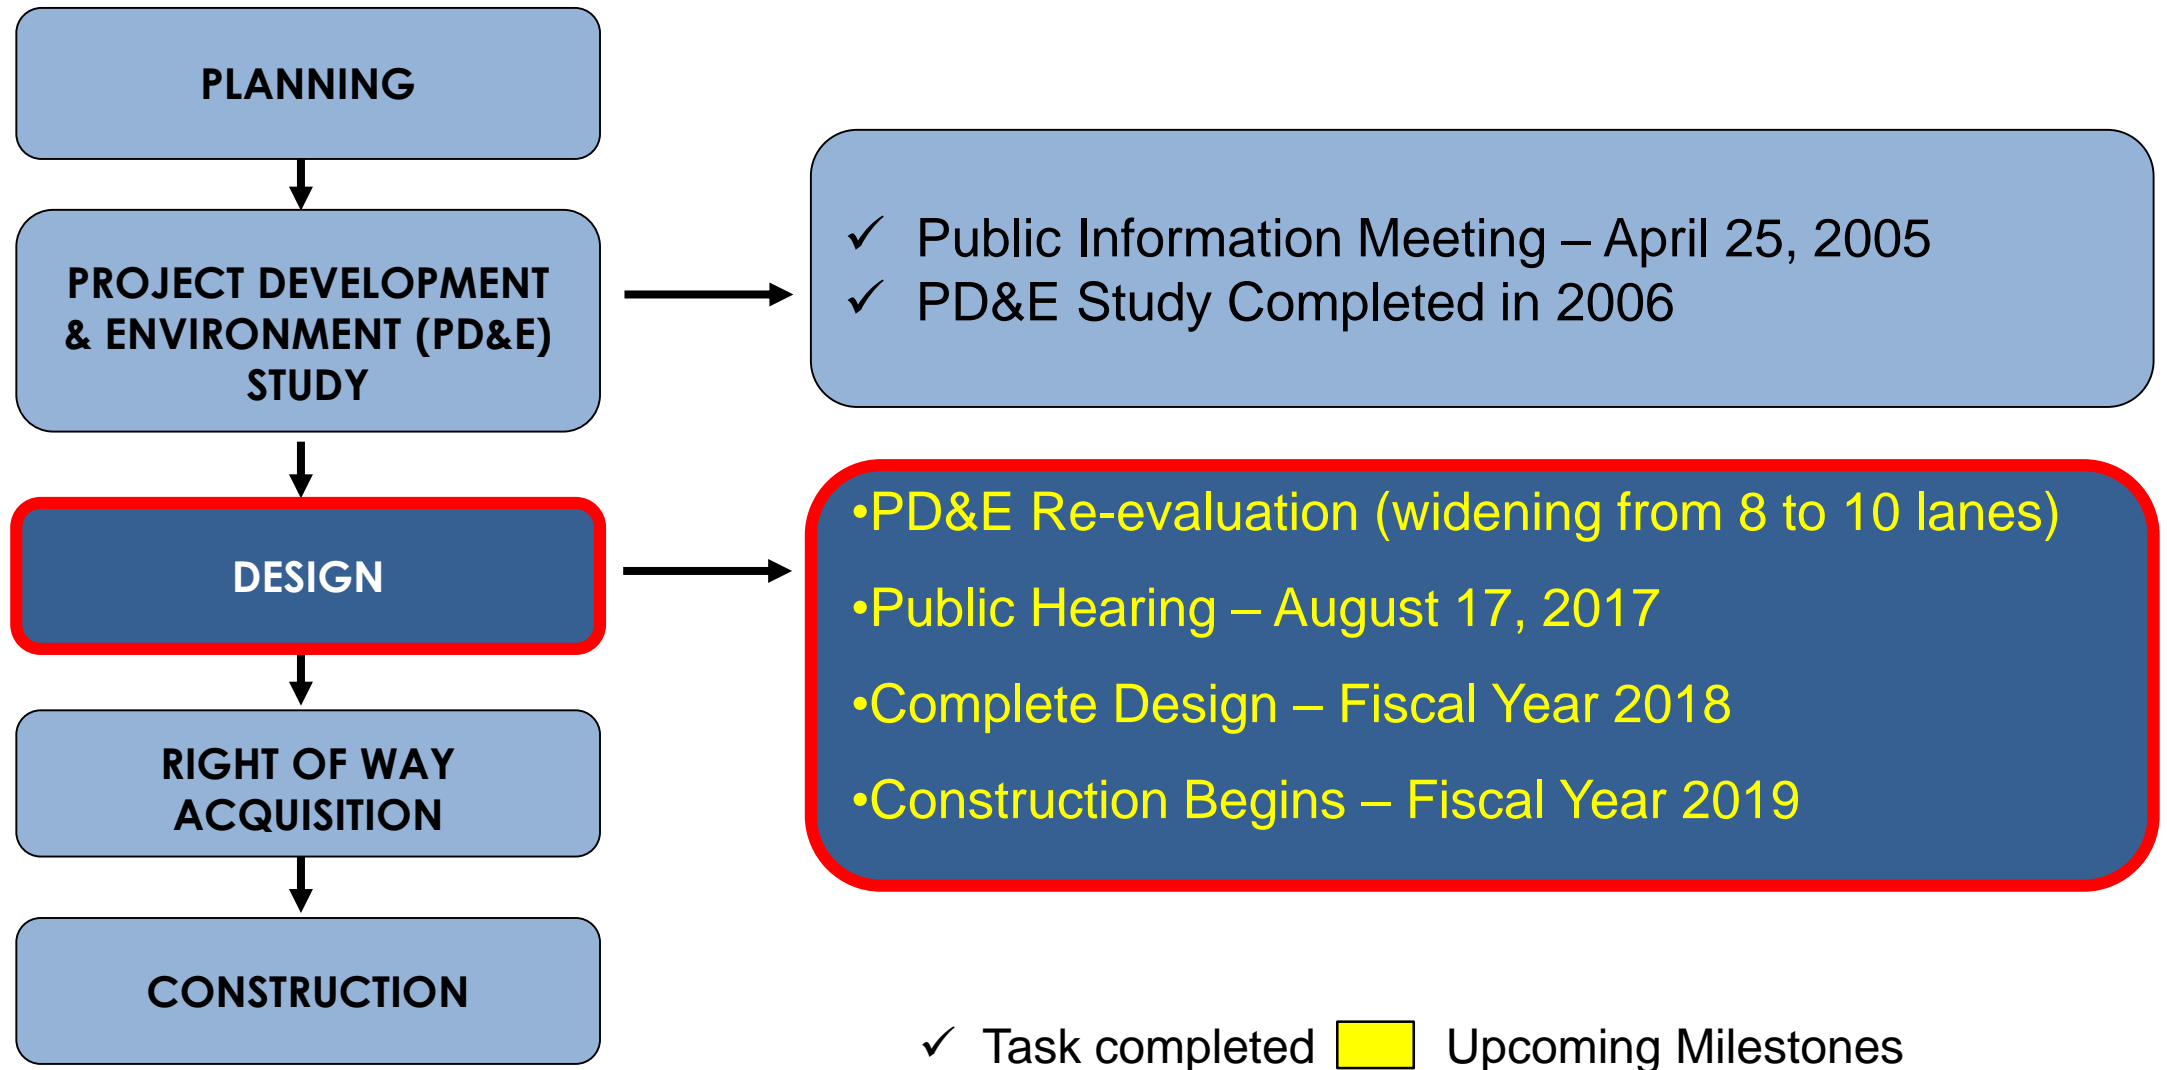

- Project Location
- Project Status
- Proposed Improvements
- Upcoming Milestones
- Public Hearing

Project Location

- Atlantic Boulevard to Wiles Road
- Approximately 4 miles

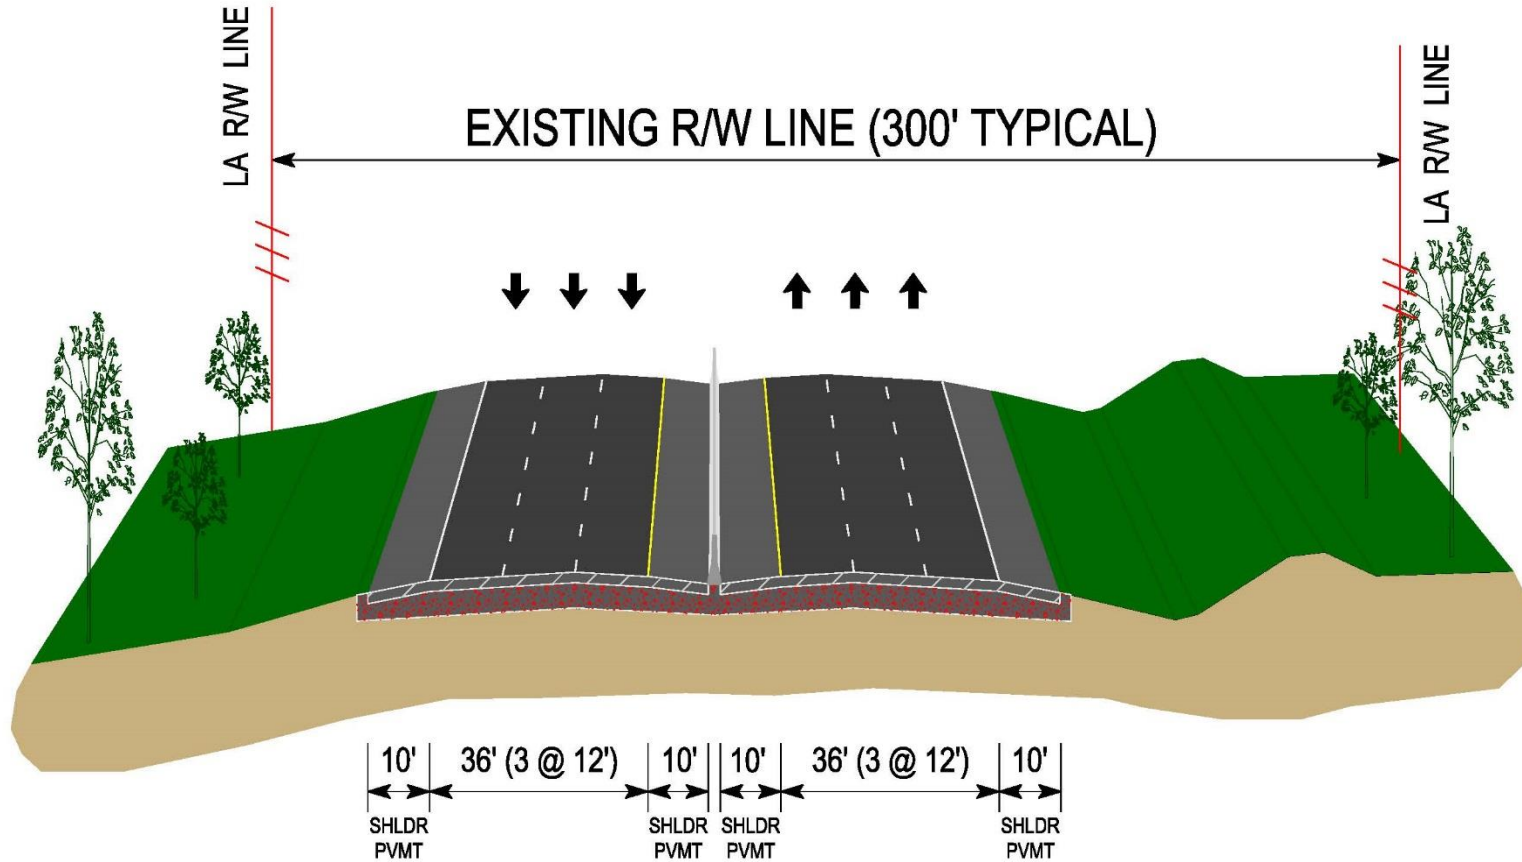

Project Status

Existing Typical Section

Existing 6-Lane Typical Section Atlantic Boulevard to Wiles Road

Proposed Improvements - Design Traffic Year 2040

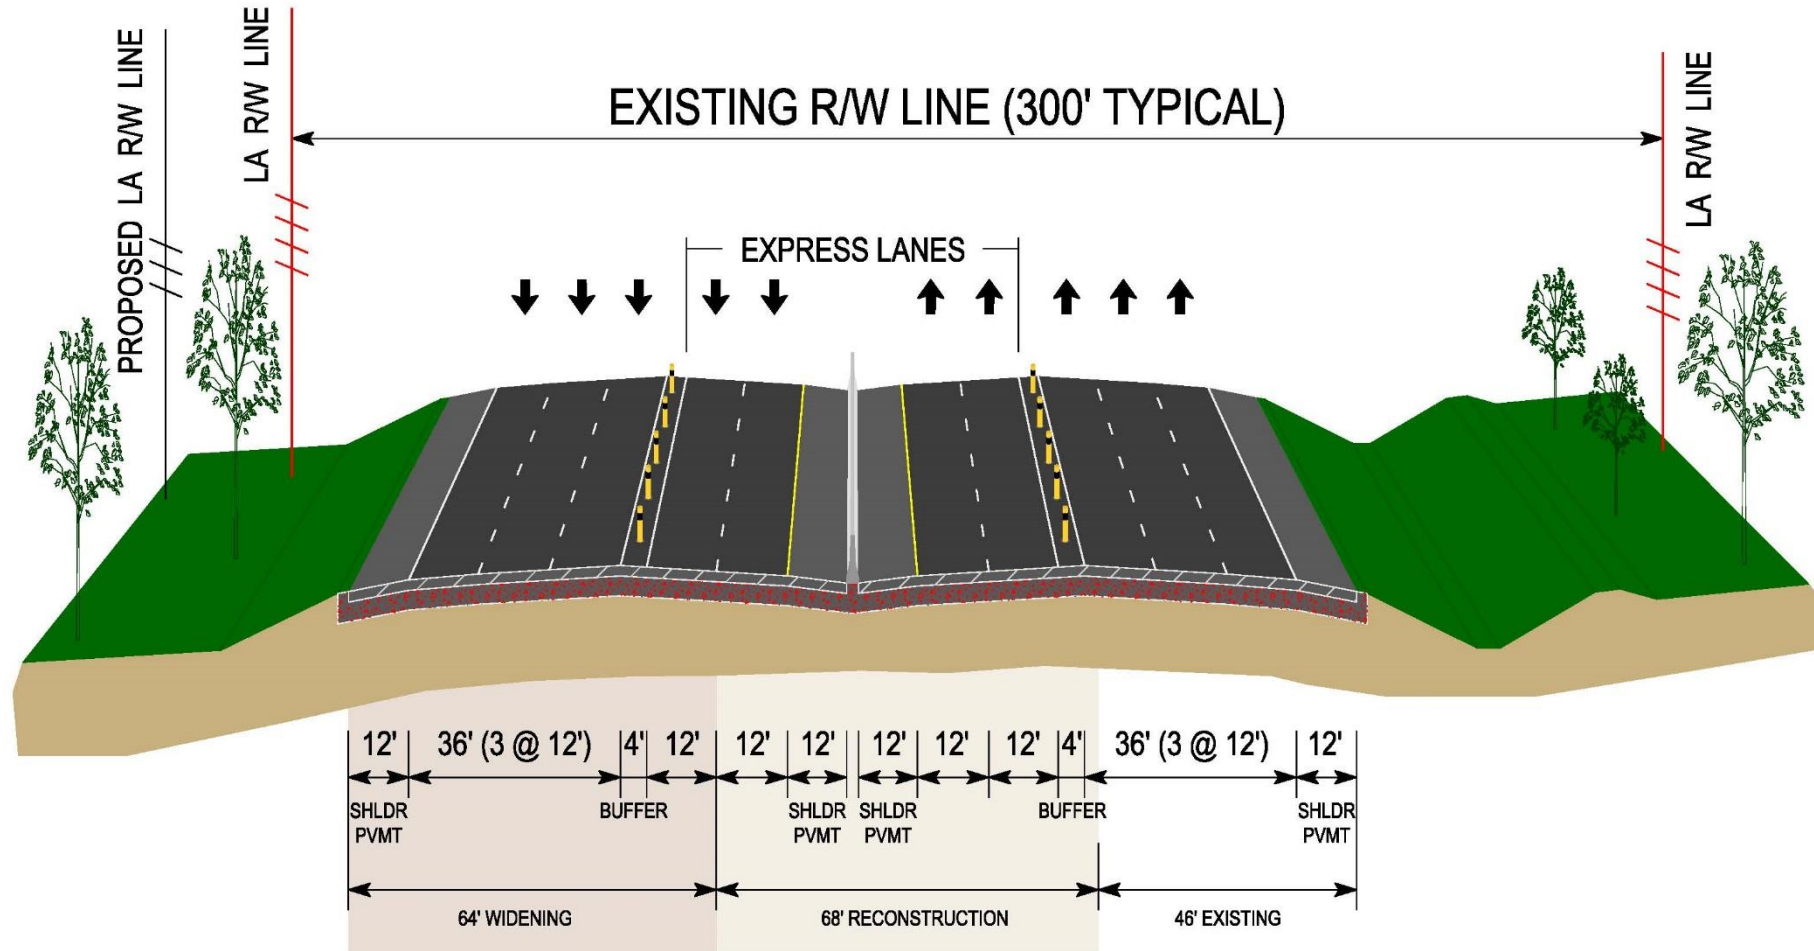

Future Traffic Volumes

- 2040 Traffic Projection varies from 157,700 to 168,000 vehicles per day

Ultimate Design

- 10 Lanes (3 general toll and 2 express in each direction)
- Modifications at the Coconut Creek Parkway and Sample Road interchanges

10 Lane Typical Section

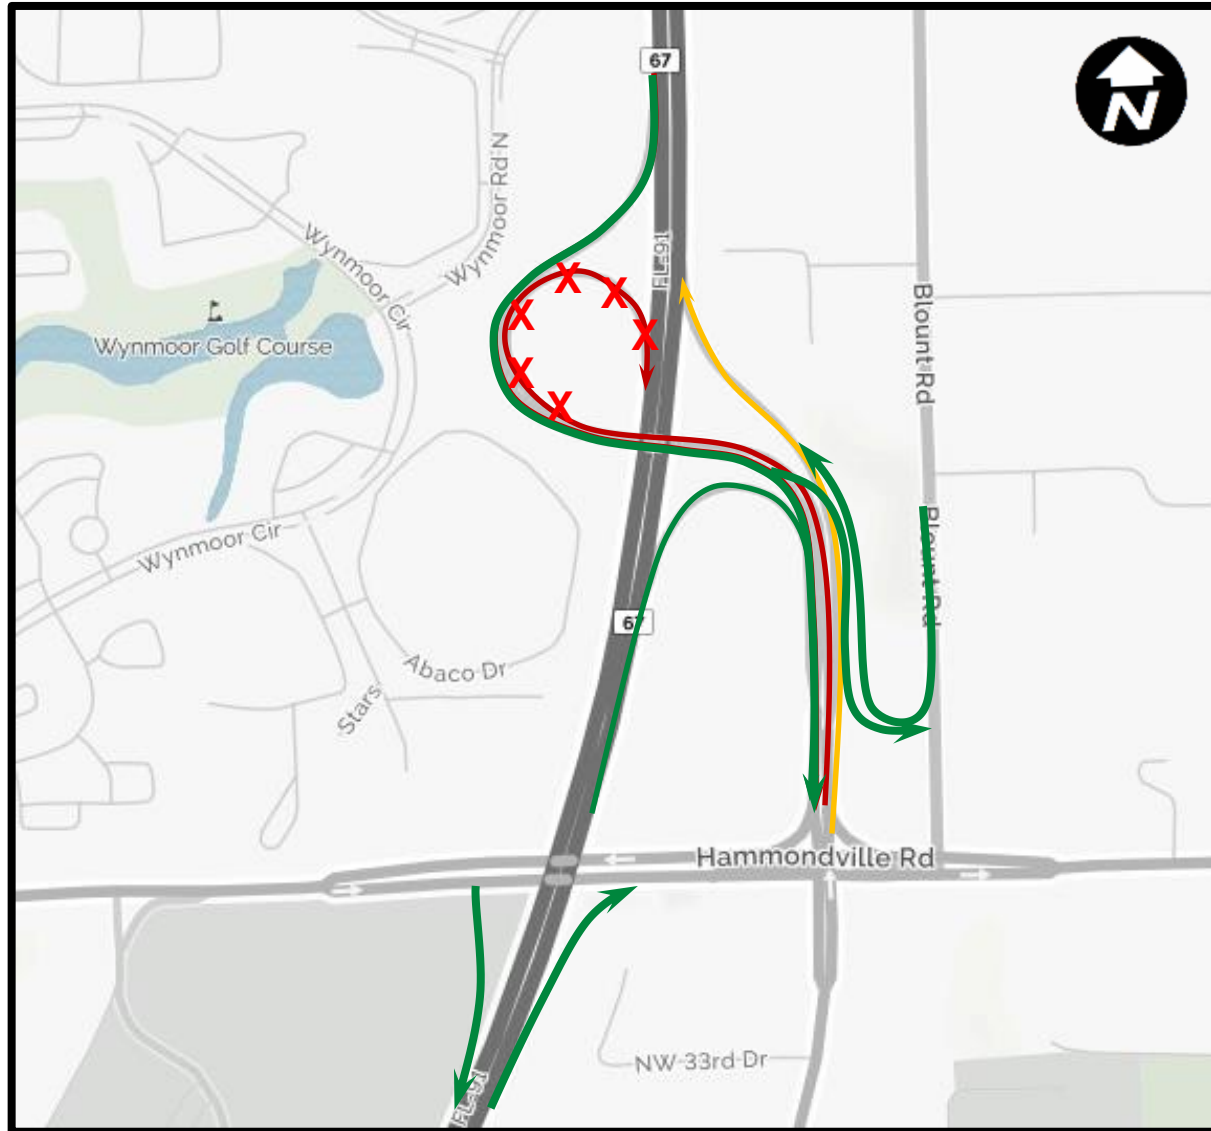

Benefits of Express Lanes

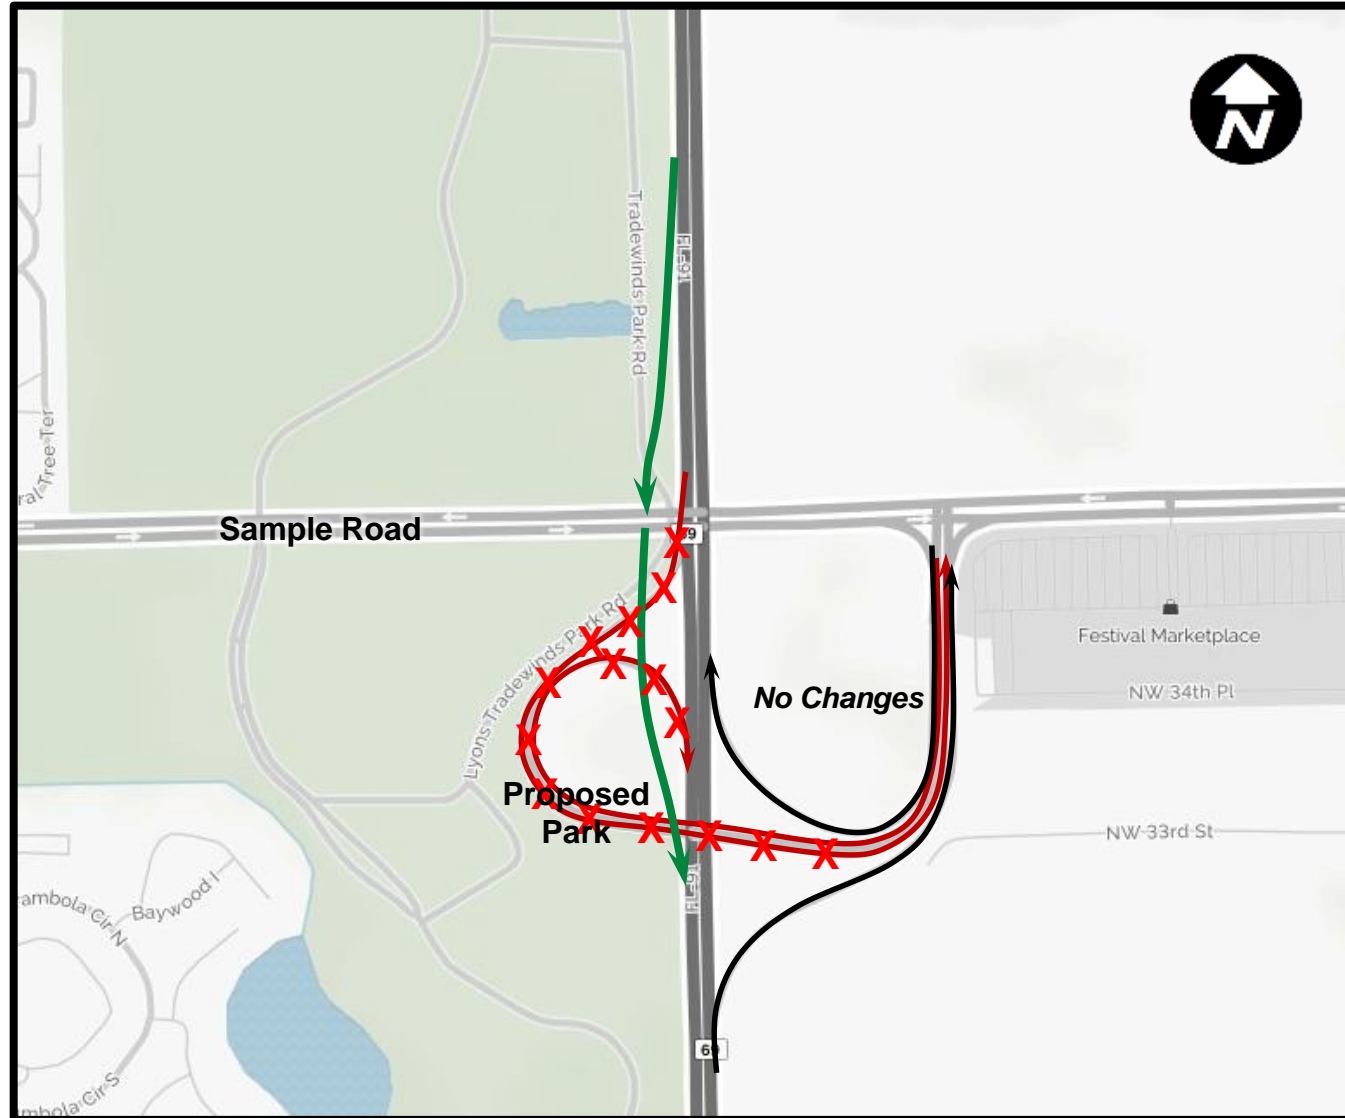

- Provide travel choices
- Increases mobility
- Minimizes delay
- Improves travel time reliability
- Maximizes construction dollars
- Reduces fuel consumption
- Long term solution
- No trucks in Express Lanes
- Promotes transit ridership

Coconut Creek Parkway Interchange

Sample Road Interchange

Upcoming Milestones

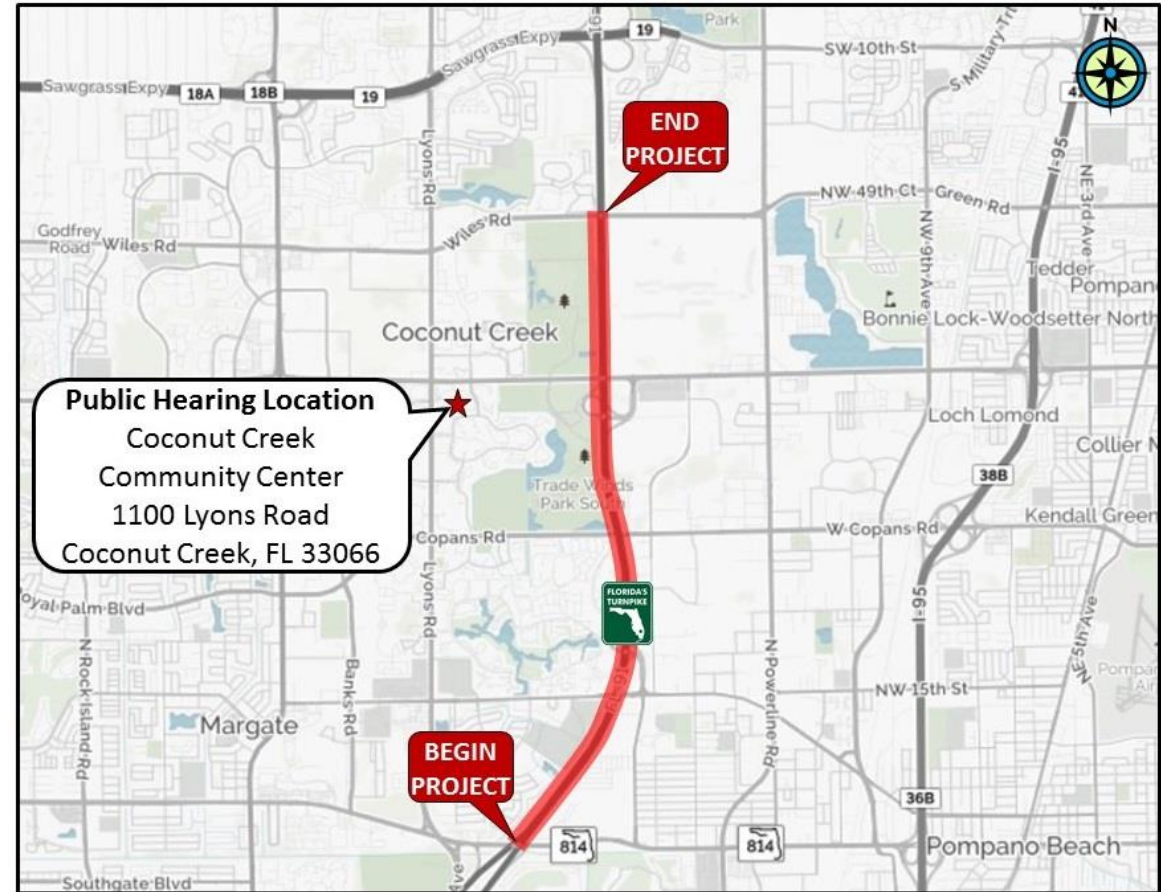

- PD&E Re-evaluation (widening from 8 to 10 lanes)
- Public Hearing – August 17, 2017
- Complete Design – Fiscal Year 2018
- Construction Begins – Fiscal Year 2019

Design Public Hearing

Date: Thursday, August 17, 2017

Time: 5:30 P.M.— 7:30 P.M.

Location: Coconut Creek Community Center
1100 Lyons Road
Coconut Creek, Florida 33063
