## Praise the Lord!

raise the Lord.					
Sometimes it is easy to take things for granted when they have always been					
there. But when they are missing you begin to realize how much you really					
needed them! How about God? I wonder if at times we take Him for granted					
too. In Psalm 103 the writer calls on God's people to bless (give heart felt					
praise) to the Lord. Notice the things the Psalmist gives praise to God for.					
1-5 For His b to us What God does Holy Name, Forgiveness of sin, Healing of diseases,					
Deliverance from death, Enrichment of life, loyal love and					
tender compassion, Satisfaction with good things					
We should write down b and thank God each day.

slived (Gen. 3:19)					
17-18 Unlike man who lives a short life, God is e					
and has an eternal covenant with His people. Our hope is in					
our eternal God. Thank God He is faithful, not like us.

The proper response from me. Praise God with life & words					
Closes as it started, exhorting himself to praise the Lord. Because					
we are frail and weak, we should keep on reminding					
ourselves of the big picture.					
We owe our awesome God our heartfelt worship and praise.					
Questions for each child of God to answer.					
Do I have a p time each day of praise and worship of God?					
When there is an opportunity to worship God with others, am I there?					
Do I participate in the worship service with preparation and e ?					
Does my life promote God? Actions do speak louder than words.					
Am I c others to join in the worshin and praise of God?
