Financial Policy

All copayments, coinsurance and applicable deductible amounts are due at the time of service. Please be advised that the eligibility and benefit information supplied by your insurance company is only an estimate and not a guarantee of payment. Actual benefits are subject to all plan terms, definitions, limitations, and exclusions in effect on the date of service. In-office procedures and diagnostic testing are typically applied by your insurance company towards your deductible, co-insurance or other out-of-pocket expenses and are due at the time of service.

It is the patient's responsibility to obtain all referral certifications from the primary care or referring physician when required by your insurance plan. If you do not have a current referral on file, you will be asked to reschedule your appointment.

Urology Clinics of North Texas will submit your bill to your insurance for services performed by our physicians; however it is ultimately the patient's responsibility to pay for any and all services provided.

If you (1) do not have insurance coverage, (2) choose not to use your insurance coverage, or (3) are seeking treatment/services that are not covered by your insurance plan, you are a "self-pay" patient. Upon your arrival, a $250 deposit is required. As you leave, you must pay for any remaining balance for the services provided.

Financial Disclosure

Please be advised the physicians at Urology Clinics of North Texas may be a limited partner in the following entities: North Texas Lithotripsy, Texas Institute for Surgery at Texas Health Presbyterian, Texas Health Center for Diagnostics and Surgery Plano, Texas Health Surgery Center Craig Ranch, Metamark and UCNT Ancillary Departments including Imaging and Radiation Centers. An ownership interest enables your physician to have a voice in the administration and medical policy of this healthcare institution. Your physician's ownership interest in the above entities means that your physician may benefit from choosing to provide services to you at this facility. Because of this, your physician hereby advises you that you have the right to choose to be treated at an alternative facility. Acceptance of the recommended referral to the above entities is not required to continue to receive ongoing care from your physician.

I have read and understand the above statement.
