The term "Designated City Representative", hereinafter "DCR", shall mean the City Manager or his appointed representative. The masculine gender shall include the feminine gender and the feminine shall include the masculine unless the context requires otherwise.

ARTICLE 1
RECOGNITION

The City hereby recognizes the Coastal Florida Police Benevolent Association as the exclusive bargaining representative for all full time Police Department Personnel in the following job titles as defined in Public Employees Relations Commission Certification 1758: Administrative Coordinator, Records Clerk, Police Officer, Police Sergeant, and Evidence Technician.

This Agreement excludes the Police Chief, Deputy Chief, Police Lieutenant, Police Captain, Command_Staff and all other employees of the City of Edgewater not listed in the above inclusions.

ARTICLE 2

EMPLOYEE NON-DISCRIMINATION RIGHTS

The parties agree not to interfere with the right of any employee covered by this Agreement to become a member of the PBA. There shall be no discrimination against any employee covered by this Agreement by reason of race, creed, color, national origin, sex, PBA membership or activity or lack of PBA membership or activity.

Nothing contained in this Agreement shall foreclose any employee covered by this Agreement from pursuing any right or remedy, including the grievance procedure, without representation of the PBA, except as otherwise provided in this Agreement. All grievance or arbitration request shall be presented to the PBA representative prior to processing. Further, nothing contained in this Agreement shall foreclose any employee from discussing a work related problem directly with his immediate supervisor or other departmental officials without the intervention of the PBA, provided that the immediate supervisor or other departmental officials agree to discuss and/or attempt to resolve the matter outside the formal grievance procedure.

If, and in the event, an employee elects to seek remedy for alleged discrimination by the filing of a lawsuit in a County, Circuit or Federal Court, or a complaint with Equal Employment Opportunity Commission, Florida Commission Human Relations or any other outside agency, then in that event, the subject of such complaint may not also be grieved. If, and in the event, an employee elects to initiate a lawsuit in a County, Circuit or Federal Court, or proceeding to EEOC, FCHR or any other outside agency, during the pendency of a grievance, the grievance shall be summarily dismissed.

ARTICLE 3

MANAGEMENT RIGHTS

1. The PBA recognizes that it is the function of management to determine and direct the policies and mode and method of providing its services without any interference in the management and conduct of the City's operation on the part of the PBA or any of its representatives.

2. The City shall continue to exercise the exclusive right to take any action, not in conflict with provisions of this Agreement, or in conflict with state or federal law, which it deems necessary or appropriate in the management of its operations and the direction of its work force. The City expressly reserves all rights, power and authority customarily exercised by management, which the City has not expressly modified or deleted by express provisions of this Agreement. Nothing in this Agreement shall be construed to limit or impair the right of the City to exercise its own discretion in determining whom to employ, and nothing shall be interpreted as interfering in any way with the City's right to alter, rearrange, change, extend, limit or curtail its operation or any part thereof unless specifically addressed in this Agreement. Without limiting the provisions of Sections 1 and 2 hereof, but in order to clarify some of the more important unilateral rights retained by management, the City shall have the following unilateral management rights, unless such rights are specifically limited and in direct conflict with this Agreement.

- (a) To determine the size and composition of the work force, including the number and composition of employees assigned to any particular operation, shift or turn consistent with safe practices as determined by the Police Chief.

The employee, at his own expense, may obtain a second opinion by a physician of his choice. The City's failure to exercise any function or right hereby reserved to it, or its exercising any function or right in a particular way, shall not be deemed a waiver of this right to exercise

such function or right, nor preclude the City from exercising the same in some other way not in conflict with the express provisions of this Agreement.

The City, subject to Florida law, has the sole authority to determine its purpose and mission and the amount and allocation of the budget.

If, in the sole discretion of the City, it is determined that civil emergency conditions exist, including but not limited to riots, civil disorders, hurricanes or other weather conditions or similar catastrophes, any or all non-economic provisions of this Agreement may be suspended during the time of the declared emergency.

It is agreed that it is not possible to enumerate every incidental duty connected with a particular position in a job description, and accordingly, at the discretion of the City employees may be required to perform duties not within their specific job descriptions which are reasonably related to their job or the mission of the employees' department.

Any approved leave of absence shall automatically be terminated when the employee obtains employment elsewhere.

Holidays, sick leave, vacation leave, PTO and any other benefit based on time spent in the employ of the City shall not accrue during a leave of absence. Any salary increases for which an employee would have become eligible based in whole, or in part, on length of service with the City shall not be credited during any period of leave of absence. A leave of absence may only be granted after the employee has exhausted all of his sick, vacation, PTO, compensatory time, and floating holiday accrual. During a leave of absence an employee shall be given the opportunity to continue existing insurance coverage pursuant to the Consolidated Omnibus Budget Reconciliation Act of 1985 (hereinafter COBRA), and any amendments hereto.

Military Leave: Any employee who is a member of the reserve forces of the United States military or naval service or the National Guard is entitled to leave of absence without loss of vacation leave, pay, time or efficiency rating for up to two hundred forty (240) working hours in any one annual period when the employee is engaged in training ordered under the provisions of the United States military or naval training regulations. For the purpose of this section an “annual period” is defined and based on hire date. During such period of leave with pay the employee’s benefits shall continue uninterrupted. Administrative leaves of absence for additional or longer periods of time for assignment to annual training shall be without pay or charged to accrued time as requested by the employee. Such leave will be granted without loss of time or efficiency rating.

Family and Medical Leave: Pursuant to the Family and Medical Leave Act of 1993, upon request, employees with at least twelve (12) months of service who have worked an average of more than twenty-four (24) hours per week over the preceding twelve (12) months (1,250 hours), will be granted family medical leave of absence for up to a maximum of twelve (12) weeks in any twelve (12) month period for childbirth, adoption of a child, or a serious health condition of the employee or his/her immediate family member (spouse, parent, child). The City will determine the amount of leave available for an eligible employee by using a "rolling" twelve (12) month period measured backward from the date an employee uses any such leave. The procedure to be followed in requesting family and medical leave and any additional requirements shall be as set forth in the City's Personnel Policy and Procedure Manual, and as that document may from time to time be amended.

ARTICLE 11

INJURIES

Duty Related Injury

An employee who is temporarily disabled in the line of duty shall be permitted to take compensated leave in addition to workers' compensation benefits for the period of his disability; however, in no case shall the total amount paid for both workers' compensation and compensated leave exceed the amount of wages to which the employee would have been entitled had the injury not occurred, subject, however, to compliance with all of the following conditions:

A. The disability must have resulted from an injury or an illness directly related to or sustained in the performance of the employee's work. The City's determination as to whether the disability is work related shall be governed by the provisions of Chapter 440, Florida Statutes.

B. The DCR, in his discretion, may utilize the services of a physician to determine whether an employee claiming a disability is physically and/or mentally able to continue working or to return to work.

C. The injured employee will remain on workers' compensation status, not to exceed six hundred (600) hours (nine hundred (900) hours for those on Platoon System). If, as a direct result of the continuation of the disability involved, the employee is unable to return to work at the end of this time period, the employee may petition the DCR requesting that the employee be carried beyond the established time period.

D. The City agrees that any employee injured on the job or who suffers a job related illness shall be paid for a full day if his treating physician advises that he could not or should not return to work.

Non-Duty Related Injury

In the event a doctor determines that a non-duty related injury or condition causes an employee to be unable to perform their normal duties, the following shall apply:

A. If the disability can be reasonably accommodated, the DCR, in consultation with the employee and the Police Chief, may reassign the employee to other duties with the Police Department, or temporarily remove the employee from City service. Should the employee be temporarily removed from City service during the period of time the employee is unable to perform their normal duties, the employee may utilize his sick leave, vacation leave, PTO or request a leave of absence without pay for the correction period.

B. If the employee has a disability that cannot be reasonably accommodated, the DCR in consultation with the employee and the Police Chief, will attempt to place the employee in another City position, which in DCR's discretion, the employee can perform satisfactorily. Nothing herein shall require the DCR to create a position for the employee. If the DCR determines that the employee cannot be placed in another position, the employee chooses not to accept the position offered, or the DCR in consultation with the Department Head involved determines that the employee is not satisfactorily performing in the new position, then the employee shall be afforded an opportunity to resign in lieu of separation thereby retaining any benefits to which he would otherwise be entitled.

ARTICLE 12

SICK LEAVE

Employees hired prior to October 1, 2013 will remain with sick leave as a benefit granted by the City to provide employees with reasonable time off during periods of personal or family illness without loss of pay, and shall be used for those purposes.

Sick leave will be earned at the rate of eight (8) hours per month for forty (40) hour workweek employees and twelve (12) hours per month for forty-two (42) hour workweek employees. Probationary employees will only be entitled sick leave after completion of three (3) months of service and under extraordinary circumstances authorized by the Police Chief. Sick time shall accumulate up to a maximum of three hundred twenty (320) hours for forty (40) hour workweek employees and four hundred eighty (480) hours for forty-two (42) hour workweek employees. After an employee accumulates the maximum sick leave (either 320 or 480 hours as applicable), the employee shall be paid additional pay each month for those sick leave hours accrued in excess of the maximum as long as the employee does not use any sick leave during such month. If however the employee uses any sick leave after accumulating the applicable maximum sick leave, the employee must restore the accumulated sick leave to the maximum again before the employee shall be eligible for any additional pay.

Employees hired prior to October 1, 2013 and upon termination of employment, except for the commission of a criminal act as determined by the DCR, an employee with a minimum of five (5) years service with the City who resigns in good standing or retires under the provisions of the City's pension plan shall be entitled to a lump sum payment of 100% for any unused accrued sick leave. An employee with less than five (5) years service with the City who resigns in good standing, shall be entitled to a lump sum payment at the rate of two (2) hours of sick leave for one (1) hour of pay. Regardless of years of service with the City, in the event of death,

the employee's beneficiary shall be entitled to 100% of any unused portion of accrued sick leave. The payment shall be determined by using the rate of pay received by the employee at the time of termination.

For those employees participating in the Platoon System a day will be considered to be twelve (12) hours.

Personnel calling in sick will call in at least one (1) hour before going on shift, if possible. Employees may use their accrued sick leave for illness in the immediate family or donate it to any City employee who has an emergency or long-term illness. Immediate family is defined as: spouse, co-habitant, parents, grandparents, children, grandchildren, brothers, sisters, stepchildren, and stepparents of either the employee or spouse.

An employee who calls in to report he will not be at work that day cannot charge it as a day of vacation or a floating holiday, unless he has no sick leave accumulated, absent the prior approval of the Police Chief.

Any employee required to attend such training during his off duty hours shall be compensated in accordance with Article 6, Hours of Work and Overtime.

The City agrees to make every effort to promote classroom type and/or on-the-job training for the purpose of improving the performance of employees, aiding employees to equip themselves for advancement to higher positions and greater responsibilities, and improving the quality of service rendered to the public.

When the City requires an employee to attend supervisory training and/or training in specialized police techniques, the City will make every reasonable effort to schedule such training during the employee's normal working hours. In the event the City is unable to schedule the employee to attend such training during his normal working hours, the time spent by the employee in such training during his off-duty hours shall be compensated in accordance with Article 6, Hours of Work and Overtime.

Employees promoted to a higher rank within the bargaining unit will receive appropriate training during the probationary period.

This Article shall not apply to any training required by the Florida Police Standards Board to obtain Police Officer Certifications for the purpose of employment with the Department or for the purpose of re-certification.

Salary incentive courses may be taken during on-duty time as staffing allows, without loss of time or pay to the effected employee, and at the discretion of the Police Chief.

ARTICLE 33

ALCOHOL AND DRUG POLICY

A. The City and the PBA recognize that drug and alcohol abuse is a growing problem within our nation's work force. The parties also recognize the tremendous cost, both in terms of efficiency and in human suffering, which drug and alcohol abuse may cause. Substance and alcohol abuse by employees of the City may have an adverse impact on City government, operations, and the health, welfare, and safety of City employees and the general public. Acknowledging the necessity for action, the following Alcohol and Drug Testing Program is hereby initiated for all employees.

B. The City prohibits all employees from:

1. Selling any drug, including alcohol or prescription drugs, whether on or off-duty, unless the employee is legally entitled to sell the substances in question.
2. Except in the line of duty, possessing any alcoholic beverage or unlawful drug while on-duty or on City property at any time.
3. Using any controlled substance not prescribed for the employee by a physician or alcoholic beverage, which may adversely affect job performance. This may include both use while on-duty and use while off-duty, which can adversely effect on-duty performance.
4. Reporting to work with the presence of illegal drugs or alcohol in the body system, which is equal to or exceeds the cutoff detection levels established pursuant to Chapter 440, Florida Statutes.

C. The DCR and the Police Chief, in accordance with the Drug Free Workplace Policy, shall have the authority to require employees to submit to testing, as recognized and acceptable by FDLE, designed to detect the presence of any controlled substance, narcotic drug,

or alcohol. When an employee is required to submit to such testing it shall be limited to those circumstances whereas they are involved in an accident where there is personal injury or which indicate that reasonable cause/suspicion exists that the employee is under the influence of such substances, suffers from substance or alcohol abuse, or is in violation of City personnel rules regarding the use or possession of such substances.

D. In the event the City requests that an employee submit to testing and the employee chooses not to submit to such tests, this refusal shall be grounds for appropriate disciplinary action.

E. An employee who must use a prescription drug which the employee has been advised will or which the employee may reasonably expect to cause adverse side effects such as, drowsiness, impaired reflexes, or reaction time shall inform the Police Chief that he is taking such medication on the advice of a physician and of the possible side effects of the drug and expected duration of use.

F. In the event the City requests that an employee submit to drug or alcohol tests, the cost of such test shall be paid by the City and the employee shall be entitled to have the PBA present so long as it does not reasonably delay said test.

G. Employees required to take regularly scheduled physical examinations shall have included as part of the examination a test for alcohol or drugs.

H. Employees with drug or alcohol problems shall bear the primary responsibility to seek diagnostic and appropriate treatment for such problems. In the event an employee seeks assistance and treatment for an alcohol or drug-related problem, the following shall apply. An employee may be granted a one-time leave of absence without pay, not to exceed sixty (60) days, to undergo treatment for alcohol or substance abuse pursuant to an approved treatment program. No employee benefits shall accrue during this period. The request must be voluntarily made in

writing prior to testing positive for drugs or alcohol, or the institution of disciplinary measures for alcohol or substance abuse if no test has occurred.

I. The result of any drug or alcohol test shall be considered a medical report and shall be deemed confidential pursuant to Florida law.

J. Decisions of an arbitrator under this Article shall be limited to a determination of whether there existed reasonable cause/suspicion to activate the provisions of this Article. If this issue is determined in the employee's favor, he shall be reinstated.

K. The circumstances constituting reasonable cause/suspicion shall be set forth in writing and signed by the person initiating the allegation before the provisions of this Article shall apply, and shall be given to said employee.
