

CERTIFIED ENERGY MANAGER (CEM)

5 Day CEM Training Course May 21st thru 25th, 2018

The National Capital Chapter of the Association of Energy Engineers is pleased to offer a discounted comprehensive 5-day course for the Certified Energy Manager credential from May 21, 2018, to May 25, 2018, at the George Washington University in Washington DC. This NCC-sponsored course includes an in-person 4-day training seminar and the CEM exam.

To register for the course, please go to the registration page: <http://www.aeenc.org/cem-course.html>

SIGN UP EARLY!! REGISTRATION LIMITED TO 60

PLACE AND SCHEDULE:

The NCC CEM Course will be held on the campus of **George Washington University** in Washington, DC (classroom location to be announced). The course includes 4 days of classroom training (Monday thru Thursday, 8:00 am to 5:00 pm) and a 4-hour proctored certification exam (Friday, 9:00 am to 1:00 pm).

INSTRUCTOR:

Timothy B. Janos, JD, CEM, CEA, CIEP, CDSM, CSDP, BEP, Principal of Spectrum Energy Concepts, Inc. Tim is a distinguished AEE International Instructor, an AEE Fellow and a Member of the AEE Energy Managers Hall of Fame. In addition to his technical knowledge and success in saving energy, Mr. Janos has been a tireless promoter of the energy profession both locally and nationally. Thousands have benefited from the meetings, workshops, courses, and lectures he has presented. He was the AEE President in 2006 and has served for 16 years as Chairman of the Certified Energy Manager (CEM) Board. He is currently serving as Chairman of the Certified Energy Auditor (CEA) Board and the Certified Industrial Energy Professional Boards (CIEP).

STUDY MATERIALS:

All course participants will receive the *Comprehensive CEM Workbook* and the *Guide to Energy Management Handbook* issued at the start of training. Exam scores will be mailed, as well as CEM certificates for those who pass the exam and meet certification requirements.

REGISTRATION:

To register for the course, please go to the registration page: <http://www.aeence.org/cem-course.html>

In addition to course registration, download the [In-House CEM Application](#). Submit completed applications to AEE national prior to taking the course. No additional fee is required beyond the aforementioned cost.

Participants who do not meet the CEM professional experience requirements may take the course to become an Energy Manager in Training (EMIT) credential upon passing the CEM exam. Those who qualify for EMIT should download and complete the [In-House EMIT application](#). Submit completed applications to AEE national prior to taking the course. No additional fee is required beyond the aforementioned cost.

COURSE FEE:

AEE NCC Members	\$2,050	(\$345 savings)
Non-Members	\$2,250	(\$345 savings)
Students	\$500	(\$1,895 savings)

Certification exam fee is included in registration fee. No separate charges apply. Savings are compared to courses offered by AEE National.
