

World vs. Whirl

The whirl
of your life
is a string of
disparate events;
your world
is a cohesive whole.

You live through
your whirl,
but you must build up
your world.

Your whirl
just spins around;
your world
must have a
definite direction.

Your whirl
lacks significance;
your world
is constituted
by meaning

In Scripture
"world" means "whirl,"
which should be avoided.

In its stead
what is proposed is
God's world,
which is described as
the Kingdom.

In promoting the Kingdom,
a community of faith
helps you to
transform your
aimless whirl
into a purposeful
world.
