INFORMED CONSENT

WHAT IS INVOLVED IN THE COUNSELING PROCESS? I am a Licensed Professional Counselor in Texas (LPC #62906) and Washington (LMHC #LH60134000). I have a B.A. in psychology, M.S. in counseling, and J.D. in law. I have worked in the mental health field since 2004. I was licensed as an attorney in Louisiana, Texas, and Washington. I am currently inactive and am not acting in my capacity as an attorney with regards to this case.

Psychotherapy has both benefits and risks. Risks sometimes include experiencing uncomfortable feelings such as sadness, guilt, anxiety, anger and frustration, loneliness, and helplessness. Psychotherapy often requires discussing unpleasant aspects of your life. It requires a very active effort on the part of both the client and therapist. To be most successful, you will have to work on things we talk about both during our sessions and at home. Psychotherapy has shown to have benefits for people who undertake it. Therapy often leads to a significant reduction in feelings of distress, better relationships, and resolutions of specific problems. Everyone's progress varies. Our first session will involve an evaluation of your needs. By the end of the evaluation, I will be able to offer you some initial impressions of what our work will include and an initial treatment plan to follow, if you decide to continue. You should evaluate this information along with your own assessment about whether you feel comfortable working with me. If you have questions about my procedures, we should discuss them whenever they arise. If at any time you feel that the issues discussed have not been resolved to your satisfaction, I will be happy to help you to secure an appropriate consultation with another mental health professional. If you decide to proceed with counseling, usually a session lasts 60 minutes in duration. Some sessions may be longer or shorter depending on your specific needs and treatment goals.

CANCELLATION POLICY: 24-hour advance notice of cancellation is required with the exception of extreme emergencies (accidents, emergency illnesses, etc.) If you do not cancel your appointment per this policy, you will be expected to pay the entire session fee. Fee will be waived at counselor's discretion. Frequent cancellations may result in termination of the counselor-client relationship. If you start heading in this direction, it will be discussed by phone or in person before termination occurs.

Kate Knapp Lengyel suffers from severe, debilitating migraines and may have to cancel a session with less than 24-hour notice. The best way for Kate to reach me for cancellation (may be at late night or early morning hours) is: ☐ **Text message** ☐ **Email** ☐ **Cell #** ☐ **Home #**
By checking this box, I agree to allow Counseling by Kate to leave a message, text, or email for scheduling purposes only and waive HIPAA regarding scheduling via non-confidential means as marked by me.

HOW MUCH DOES IT COST? Financial Agreement & Policy: My standard fee for counseling services is **\$210.00** for the initial intake session; **\$195.00** per hour for all counseling sessions after the initial; **\$275.00** for coparenting or legal cases for initial intake session; **\$250.00** per hour for all coparenting or legal case sessions after the initial. It is my practice to charge this amount on a prorated basis for additional time in sessions or used to research, read documents, complete any casework for this case and/or any time spent on this case for any other reason.

I am willing to testify in court if needed, but I am not specialized in forensics and being a master's level counselor may not be considered an expert witness. If you become involved in litigation that requires my participation including but not limited to divorce, custody disputes, car accident, mediations, or cases involving CPS or criminal activity, and due to the complexity and difficulty of legal involvement, I charge **\$325.00 per hour** for preparation for and/or attendance at any legal proceedings including but not limited to depositions, response to attorneys, trial, hearings, preparation for litigation, participation in subpoenas, emails, etc. I also charge a \$150 administrative fee for all copying and printing of documents to be given to counsel if subpoenaed even if those do not end up being delivered to the parties/attorneys due to settlement or any other reason. The fees will be split between the parties if both parties are requesting my services for litigation. However, if one party triggers my services, they will be responsible for the entirety of the costs associated.

Also, a \$3250.00 retainer will be required up front if litigation or preparation for legal matters as indicated above occur from the party who triggered my involvement in litigation or split between the parties if I am mutually requested to participate in litigation. I will notify you if litigation has begun or been requested by counsel in writing. You will be expected to pay the full amount of a session at the time it is held unless we agree otherwise in writing.

There is a \$50.00 records request fee for copies of files. There is a \$30.00 form request fee for items including but not limited to emotional support animal letters, power of attorney, summary to attorneys or other practitioners, etc. Counselor will inform you if you request a form that requires a fee.

Payment can be made in the form of cash, credit, personal check, Venmo or other payment apps. There will be a convenience fee associated with certain forms of payments. ***You are agreeing to waive any confidentiality of information that is required in order to collect payment when utilizing payments other than cash, as any digital means such as payment apps, credit cards, or other online billing may require some personal information to complete the transactions. Also, your initials indicate that you are agreeing to allow personal information to be transmitted as required for collections by a collection agency if you have a balance due on your account for over 180 days.*** [REDACTED]

Sessions will be discontinued if an outstanding balance develops without the establishment of payment arrangements. There is a \$30 fee for all returned checks and Counseling by Kate may seek legal action and collections if necessary.

IS WHAT WE DISCUSS CONFIDENTIAL? In general, the confidentiality of all communications between a client and a therapist is protected, and I can only release information about our work to others with your **written** permission. However, there are a number of exceptions including some legal proceedings. 1) When I have written authorization from the client or, in the case of death or disability, the client's representative; 2) if you waive the privilege by bringing charges against counselor; in the response to a subpoena from the secretary of health; the secretary may subpoena only records related to a complaint or report as required under state law; 3) when I believe someone is an imminent danger to themselves or others; 4) if there are any reports of abuse to a child, elderly or handicapped person. Should such a situation occur, I will make every effort to fully discuss it with you before taking any action.

If the client is a child or adolescent and is engaging in reckless behavior or persistent substance use, we will discuss the situation and I will give him/her the opportunity to inform their parent/guardian in my presence. It will be up the counselor to determine when this rises to the level of self-harm which would require breaking confidentiality.

Understand that confidentiality is not the same as statutory privilege. If I receive a legal subpoena or if you've given permission for exchange of information for insurance purposes or signed a consent form for me to speak with attorneys, other professionals, or the court then details regarding our sessions may be disclosed. **If you are involved in marital counseling, confidentiality does not include your spouse and is left up to my discretion.** This will be explained further in your initial session. ***If you have health insurance and wish for the counselor to bill your insurance, you are agreeing to allow counselor to release the necessary information to the insurance company for claims processing which may include case notes, dates of sessions, treatment plans, etc.***

I may occasionally find it helpful to consult about a case with other professionals. In these consultations, I make every effort to avoid revealing the identity of my client. The consultant is, of course, also legally bound to keep the information confidential. Unless you object, I will not tell you about these consultations unless I feel that it is important to our work together.

While this written summary of exceptions to confidentiality should prove helpful in informing you about potential problems, it is important that we discuss any questions or concerns you may have at our next meeting. The laws governing these issues are quite complex. While I am happy to discuss these issues with you, should you need specific advice, formal legal consultation may be desirable.

HOW ARE MY RECORDS CREATED & KEPT? Your provider utilizes a HIPAA compliant, encrypted program for storage of your records. Only Counseling by Kate providers and staff have access to this program. Your clinical records are accessible only to providers. Your provider also uses a HIPAA compliant AI platform to help with note taking. Mentalyc AI is a tool that helps your provider streamline their note taking process by recording your sessions to draft notes based on your time together. If you consent to the use of Mentalyc AI:

- Your data will always be kept confidential
- Your session notes will be accessible only by your provider
- Your session recordings will be deleted immediately after the session note is generated

By signing the form, you consent to your provider using Mentalyc AI to record your sessions and draft notes. Paper forms are kept locked in a filing cabinet only accessible to Counseling by Kate.

CAN I SEE MY RECORDS? Both law and the standards of my profession require that I keep appropriate treatment records. You are entitled to receive a copy of the medical record. Psychotherapy notes are not part of the medical record, and these will not be released, as they can be misinterpreted and/or upsetting.

If you wish to see your records, I recommend that you review them in my presence so that we can discuss the contents. I will also provide a written summary of my therapeutic impressions if requested. The fee for this will be a minimum of \$50 or the equivalent to the time required to draft this document.

If your insurance requires a referral that is generated through them, you must reach out to your primary care for them to call your insurance. Since we are the specialists, we cannot generate a referral for ourselves. **If we have not received this referral prior to your arrival at our office, your appointment will either be rescheduled, or you will be responsible for the entire bill. It is your responsibility to know if a referral is required and to obtain one.**

_____ **INSURANCE BENEFITS:** In most cases, exact insurance benefits cannot be determined until the insurance company receives the claim. Therefore, any estimate for services will be considered an estimate only and any payment will be considered a partial payment only until such time that the insurance company processes your claim. Your insurance is a contract between you and your insurance carrier; payment for services is ultimately your responsibility. It is extremely important for you to know your coverage. If you have concerns regarding the cost of mental health services, please discuss this with the therapist **PRIOR** to your session.

_____ **FORMS FEE:** Please allow 5-7 business days to complete all forms that require a therapist signature and medical review (i.e., FMLA, Therapy animal letters, Short-term disability (STD), other extended leave of absence, etc.) The therapist must take the time to fill out the forms; there for each record requested, a \$30.00 Forms Fee will be assessed. Additional medical records request will also have a \$50.00 assigned fee. (This does not apply to litigation related cases).

_____ **NO SHOW/CANCELLATION COURTESY:** We are committed to making you an appointment at your earliest convenience; likewise, we require a call at least 24 hours in advance if you are unable to keep your appointment to allow for other clients to be seen. We understand that emergencies and other situations happen, and you may not have 24 hours notice. Please contact our office as soon as possible when you need to reschedule. If you "no show" for an appointment or cancel with less than 24 hours notice, you may be charged for entire session fee. This fee may be waived at the discretion of the therapist. Multiple missed appointments may result in our request for you to find another specialist.

_____ **RETURNED CHECK FEE:** There is a \$35.00 fee for checks returned for any reason and will be added to your original balance. In addition, we may seek all additional legal remedies provided to us under Texas law.

_____ **COLLECTION AGENCY:** Please be aware that Counseling by Kate, PLLC utilizes a collection agency for unpaid bills. If your account is transferred to collections, any and all fees assessed by the agency will be added to the balance on your account, to include, but not limited to, an additional percentage of your balance and attorney fees. Any client sent to collections forfeits any future appointments unless the balance is paid in full but may be permanently dismissed from the practice. You also agree that your private demographic and identifying information (name, address, phone number, etc.) will be disclosed to the agency so that they may carry out the collections. Your client notes shall never

Payment in full is due upon receipt of this statement and is a courtesy from our office. Accounts past 30 days will be considered past due and will be subject to a 5% monthly late fee (minimum of \$5.00 per month) and may be referred to a collection agency. Any late fees already incurred on past due balances will be included in any mutually agreed upon arrangements.

Good Faith Estimate

You have been referred to my office for treatment. I'm required by the 2022 No Surprises Act to give you a Good Faith Estimate of the cost of treatment if you are uninsured or don't want to use insurance for this care. Since we haven't met, and don't yet know if you want to use insurance for your treatment, the information below is based on "fee for service" (out of pocket) rates.

If you DO intend to use insurance, check with your insurance carrier to find out what your copayment or coinsurance rates will be—they are likely to be much smaller.

Since I have not yet evaluated your difficulties or symptoms, I must at this point estimate your course of treatment based upon the national average for a course of psychotherapy, which is 18 encounters.

This initial estimate is valid for 12 months, but you are entitled to receive an update on this estimate at any time upon request.

Current ICD-10 diagnosis: R69 (diagnosis deferred).

Anticipated treatment:

- 1 session of CPT 90791 (diagnostic evaluation) at \$210.00
- 18 weekly sessions of CPT 90837 (psychotherapy, 60 minutes) at \$195.00 per hour (prorated based on actual time spent).
- Total of estimated "fee for services" treatment without insurance: \$3720.00

This is just a rough estimate based on national averages. The duration of our work together can be longer or shorter depending upon your symptoms, your work between sessions, and your response to treatment. Unless required by a court order (an extremely rare situation), you are free to discontinue treatment at any time, and free to discuss any other modifications to treatment modalities, frequency, or duration. You are ultimately in control of your own healthcare; I am just here to provide help at your request.

Location of treatment: All sessions will take place via telehealth or at my office located at 2600 Eldorado Pkwy. Ste 230 McKinney, Texas 75070.

My identifying information:

Kate Knapp Lengyel J.D., M.S., LPC, LMHC, Mediator
