BUILD YOUR PONTOON AT [HARRISBOATS.COM](https://www.harrisboats.com)

Since 1957, we've been crafting pontoons that match the way you live on the water. From the value-packed Cruiser series to the luxurious Crowne, uncompromising comfort and performance are standard. All so you can live your best lake life with friends and family—and make new memories from sunrise to sunset.

## FROM PENCIL ON PAPER TO SMILES ON THE WATER

Boat design begins with the intention of creating a watercraft that improves the user's experience on the water. From structural engineering to hydrodynamic analysis, every aspect of a Harris® is developed by a team of experienced boat designers with the intention of producing a boat that exceeds customer expectations and delivers a sense of pride for Harris owners.

---

## INTERIOR DESIGN FOR THE GREAT OUTDOORS

Harris interiors are designed and crafted with two ideas at top of mind: comfort and durability. Comfort is achieved by shaping custom furniture to fit a variety of on-the-water activities, from lounging to cruising and watersports to fishing. Premium materials are selected to withstand constant exposure to water. The result is a pontoon interior that feels like the ultimate living space on the water.

---

## EARLY PONTOON PIONEERS

Pete and Ernie Harris founded Harris FloteBote in 1957 in Fort Wayne, Indiana, jumpstarting America's love affair with the pontoon boat. They pioneered many of the features we call standard on pontoons today, like aluminum tubes, motor pods, upholstered seats, and Harris' patented dolphin nose cone. Harris Pontoons are still built in Fort Wayne, with the care and craftsmanship that their 60-plus-year history merits.

**[READ MORE ABOUT THE HISTORY AND THE FUTURE OF HARRIS AT HARRISBOATS.COM](https://www.harrisboats.com)**

**WE BUILD.**  
OTHERS FOLLOW.

## ELEVATING THE STANDARD

For over 60 years, we've created first-class, luxurious pontoons. While we take pride in our work, we refuse to give in to complacency. By crafting new models with upgraded technology, more plush amenities and greater horsepower, we're working hard to build a better boat for you. Feel the difference for yourself.

### FULL-LENGTH UNDERSKIN

On many models, full-length deck underskin protects the substructure and improves performance in rough water when underway.

### C-ZONE DIGITAL SWITCHING

C-Zone® digital switching offers simple control over electrical systems, including engine stats, battery levels, and one-touch modes like Party and Docking Mode. (Available on Solstice only.)

### WHEELCHAIR-ACCESSIBLE GATE

The Cruiser and Sunliner 250 models feature an extra-wide 34" port side gate, making the boat more accessible.

### FULL-LENGTH GATE STOPS

Full-length gate stops are tested for up to 400 pounds of static load, enhancing safety by supporting the weight of occupants and bolstering the overall integrity of the fencing.

### PROTECTIVE HEAVY-DUTY RUBRAIL

A patented 3" deep heavy-duty rubrail along the deck's perimeter is supported by thick crossmembers rather than the deck for added impact resistance.

### FOUR-STEP WATER PREVENTION SYSTEM

Water-intrusion is minimized with rubber tape between crossmembers, sealant between deck seams, and interlocking tongue-and-groove decking on some models, with additional urethane sealant along top seams and on screw caps.

### TOTAL TORSION REDUCTION SYSTEM

Continuous M-brackets diminish torque and twist, ensuring a sturdy and stable ride. Unlike most competitors, Harris brackets run the full length of the tube.

### INNOVATIVE CROSSMEMBER INFRASTRUCTURE

Strategic crossmember placement, spanning the entire deck width in the boat's foundation, adds strength where the most stress occurs while reducing overall weight.

### TWO-PIECE DOLPHIN NOSE CONE

Invented by Harris® in 1959, the patented dolphin nose cone slices water with minimal spray. Two-piece design ensures durability and confident handling with no exposed welds.

## WE STAND BEHIND OUR BOATS

### A PROUD HISTORY OF QUALITY SERVICE

For over sixty years, the Harris® service philosophy has been to take care of customers, both new and existing, as if they were family. This practice produces the best outcomes for you and for us, reducing issues by adding accountability to the mix. Our associates take pride in providing the best solutions the first time, so you can spend more of your time on the water creating memories.

### A SUPPORT NETWORK BUILT FOR YOU

In concert with an extensive network of over 120 dealers in North America, Harris brings you the finest pontoons and the finest service in the industry.

### 10 YEAR BOW-TO-STERN WARRANTY

Harris provides warranty coverage for ten years, including materials and workmanship. The engine is covered by the engine manufacturer's warranty.

### LIMITED LIFETIME STRUCTURE WARRANTY

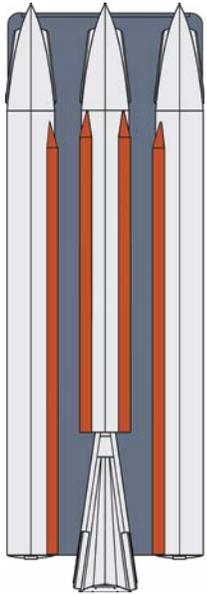

A Limited Lifetime Structural Warranty, covers the pontoon tubes, crossmembers, decking, motor mount, fence rail, and other structural components.

#### OPEN WATER ENHANCEMENTS

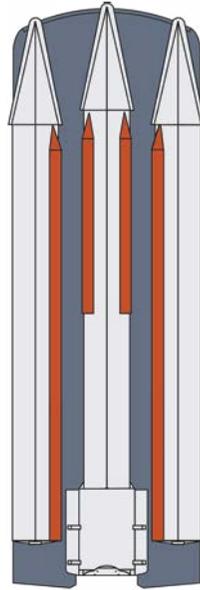

Available on 2-tube and 3-tube platforms, 27" diameter tubes add smoother performance, structural reinforcement, a higher stance, and more person capacity. All 3-tube boats include full aluminum underskin for added deck protection.

# PERFORMANCE PACKAGES

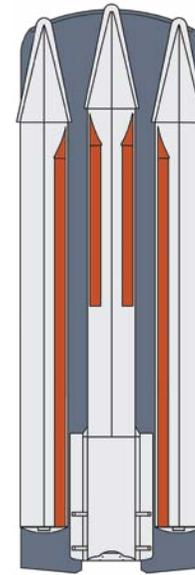

## LEVEL 1 PERFORMANCE PACKAGE

Adds a partial 25"-diameter center tube and an aluminum underskin to reduce drag against the exposed crossmembers for better performance and fuel economy. Lifting strakes and full-length keels complete the package for quick planing and a smooth ride. Fuel capacity is 28 gallons.

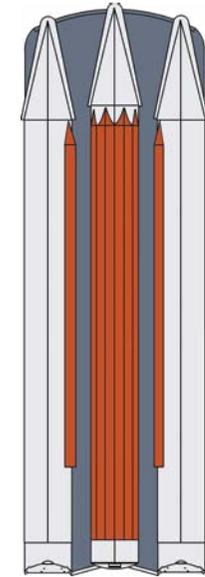

## LEVEL 2 PERFORMANCE PACKAGE

Adds a full-length 25"-diameter center tube with aluminum underskin, increasing buoyancy and reducing drag. An integrated motor pod bolsters the structure, allowing for increased horsepower. Includes a ski tow bar and a 37-gallon fuel tank. In-floor storage is standard with Solstice, Grand Mariner, and Crowne models.

## LEVEL 3 & 3.5 PERFORMANCE PACKAGE

An extra reinforcing baffle inside the tubes creates a stronger hull, while a massive 63-gallon fuel tank extends your day. With Level 3, you have the choice between a ski tow bar or a ski tow pylon, and in-floor storage is included. Level 3.5 adds 27" diameter tubes. Available on Solstice, Grand Mariner, and Crowne.

## LEVEL TWIN ENGINE PERFORMANCE PACKAGE

Rated for up to 800 horsepower, the twin engine platform means a faster hole shot, better handling, and top end speeds of up to 60 mph due to a hull design that mimics a V-hull. A 93-gallon fuel cell is integrated into the center tube for optimal weight distribution. Joystick Piloting, GPS anchoring, and waypoint auto-heading allow you to finesse into tight slips, maintain position regardless of current or wind, and proceed to known points on autopilot.

ANTI-CORROSION SALTWATER ANODES AVAILABLE WITH ANY PERFORMANCE PACKAGE.

*Construction of performance package varies by model; drawing is shown for marketing purposes only.*

# CROWNE

PRESTIGE AND POWER IN **STUNNING FORM**

---

At the intersection of extraordinary performance and flawless style resides Crowne. These luxurious and powerful vessels command the water with the resplendent confidence that you deserve, with impeccable creature comforts and entertainment amenities that will gratify your family and enchant your friends.

# CROWNE

“ Unlike many other pontoon boats on our lake, the Harris stands out from the crowd by being an instantly recognized boat of quality and style. We’ve owned other pontoon boats, but the Harris has gotten more rave reviews from other boaters than anything we’ve ever owned before. We love this boat!

- Randy C., Toronto, ON

# GRAND MARINER

A VERSATILE ENTERTAINER **STEEPED IN ELEGANCE**

---

Dynamic elegance and peerless performance define the Grand Mariner series. Whether you prefer visiting dockside restaurants, enjoying the wonders of nature, or experiencing the thrill of watersports, there's a magnificent and supremely comfortable vessel here to bring joy to family and friends alike.

# GRAND MARINER

“ We’ve had our Harris for about a year now and love the comfort, performance and quality of our boat! From scalloping on the gulf to sharing time with family and friends for cocktail cruises on the lake... this boat does it all in style.

- Anthony K., Orlando, FL

# SOLSTICE

PREMIUM PERFORMANCE WITH A STYLISH SOUL

---

For those long summer days on the water and the sunsets that follow, Solstice brings people together for times that will live forever in your memories. Sleek, sporty styling and comfortable, smartly designed interiors will please friends and family and make you wish those days would never end.

# SOLSTICE

“ Our new boat is unbelievable and does everything we want in luxury and comfort. We use our boat on the Mississippi, putt'n in the backwater, cruising the main channel, doing water-sports and relaxing at sandbars. It cuts through the chop and waves effortlessly and smoothly. This is a great quality and solid boat.”

- Steve W., Lacrosse, WI, Solstice

# SUNLINER

CLASSIC FUN ON THE WATER FOR FRIENDS AND FAMILIES

The Sunliner series from Harris® combines eye-catching style and prime performance in a people-pleasing platform for supremely satisfying on-the-water recreation. Customizable layouts, plush furniture, and a smartly appointed helm let you cruise with comfortable confidence.

# SUNLINER

“ We have always been a family of boaters but this was our first boat purchase. We could not be happier with our boat. It is not only well built it has so many great features that make it even better. We get so many compliments from other boaters, most saying that this is the prettiest pontoon boat they have ever seen. So happy that we went with a Harris it is pure quality.”

Note: Full canvas enclosures should only be used while the boat is at anchor or rest and never when engines or generators are running. See owner's manual. Information is believed to be correct as of printing. Not all accessories shown in pictures described are standard equipment or available as options. Options and features are subject to change without notice. Not all model year boats may contain all the features or meet the specifications described in the brochure. All weight specifications are approximate. Bimini lengths may vary slightly due to stretching and mounting. Confirm availability of all accessories and equipment with your authorized dealer prior to purchase.
