

## NEWS RELEASE

**For Release:** December 5, 2018

### **SaskTel and SaskTel TelCare Donate \$3,600 to The Health Foundation**

**Yorkton** – SaskTel TelCare is a non-profit organization which raises funds through employee contributions in each district. Employees who contribute to the fund have their contribution come off their pay cheque each month and that contribution is then matched by Sasktel, \$0.50 for every dollar donated.

“We are grateful The Health Foundation was chosen by the Yorkton TelCare committee as one of the community organizations they would support. This is a very generous donation and we are fortunate to have such strong support from SaskTel TelCare. Last year SaskTel and the TelCare donations helped us to purchase the surgical microscope we needed to continue the cataract surgery program, and this year their donation will go towards the lab equipment we are raising funds for,” said Ross Fisher, Executive Director of The Health Foundation.
