

GRAND COUNTY WATER CONSERVANCY DISTRICT
GRAND COUNTY SPECIAL SERVICE DISTRICT
Regular Meeting ----- April 5, 1988

The meeting was called to order by the Chairman, D. L. Taylor at 7:00 A.M. Other Grand County Water Conservancy District members present were Gary Wilson and Stan Baker.

ATTENDANCE

Grand County Special Service District members present were William D. McDougald, Dan Holyoak and George White.

Others present were Dale Pierson and Roberta Highland.

Roberta read the minutes of the meeting of March 15, 1988. After calling for additions and corrections, the Chair declared the minutes approved as read.

MINUTES

The sealed bids for the cleanup at Ken's Lake were opened:

CLEAN-UP BIDS

Cecil J. Magnum	750.00 per year
Pat Jones	345.00 per year
Sandy Norton	1200.00 per year
John P. Keogh	600.00 per year

Gary moved we accept the low bid. George seconded. After a brief discussion, MOTION CARRIED.

The grant applications for the cost of metering was discussed, and after D. L. signed the application, the application is ready for submission.

GRANT APPLI-
CATION FOR
METERING IRRI-
GATION LINES

The members were reminded of the Mill Creek Distribution Water Users meeting at 10:00 A.M. in the Council Chambers. Gary stated that Jim Walker had discussed with him the fact that when Dick Nunn had been cut off, then cut the locks and we had to send Byrns up, Nunn should have to pay the wages and mileage. Dale stated he felt the motion would be made not to hire a Creek Commissioner again. Dale stated that the Commissioner has been a help to the District in controlling use on the mesa, and has done other things to help out the District. D. L. stated these points should be brought up at the meeting, since the District basically pays his salary.

MILL CREEK
DISTRIBUTION
MEETING

With regard to the water table, Pierson reported he had contacted Birdwell with the USGS about the use of a measuring device. D. L. said that the weir need not be permanent. Dale observed the flow and feels there is no appreciable loss. When there is no

outflow, he feels the lake rise is about the same as the inflow. Pierson checked for any wells being measured in Castle Valley, and they only have one. Mark Page does not regularly measure any wells in Castle Valley. D. L. mentioned that perhaps John Groo could do some interviewing and getting statements from residents of Castle Valley. The Blanchard report is now due on June 1st, and advance reports indicate the water source is 6 miles due east, between the mesas.

HIGH WATER
TABLE PROBLEM

Dale read the letter of appreciation from the Rural Water Association of Utah.

RWAU

The irrigation system is pressured up, with not much use. The golf course was going to test last week, but McPhilomey has not called him. Dale had asked to be present when their line is tested.

SYSTEM REPORT

Stan asked about the lease for the dam, and he is getting the review, and still recommends a private sale. He feels that ownership would be to the District's advantage. A private sale would be non-competitive, and would be at the appraised value.

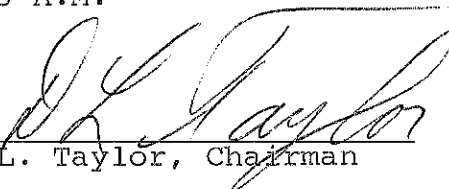

SULA LEASE

The year end comparison statement for the Special Service District was handed to those present.
