

CLEGHORN is America's Celtic Rock Band!

The musical engine of CLEGHORN is renowned fiddler Dylan Cleghorn and his father, the legendary Texas guitarist John Cleghorn. CLEGHORN's unique brand of "Celtic rock" mixes their original rock songwriting with high energy Scottish/Irish fiddle and bagpipe tunes.

The Celtic Music News review of CLEGHORN's album states: "The robust and pristine sound of Dylan Cleghorn's fiddle is wrapped in heavy pop rock rhythms that approach anthemic intensity. John Cleghorn, adding his original songwriting, screaming guitar riffs and golden vocal melodies, reveals himself as a man who truly knows rock."

The performances of CLEGHORN have enamored audiences and stirred up festivals across North America. Dylan and John have been acclaimed as charismatic performers who even go as far as leaving the stage to play among the crowd during their concerts.

CLEGHORN promotes an energetic and uplifting show for all ages that should not be missed.
