BLS E-Services Limited reports Q1FY26 Financial & Operational Performance

New Delhi, BLS E-Services Limited (BLSe), a technology-enabled digital service provider, announced its consolidated financial results for the quarter ended 30th June 2025.

Speaking about the performance and recent updates, Mr. Shikhar Aggarwal, Chairman, BLS E-Services Ltd. said: "We are pleased to deliver a strong start to FY26, as our Q1 performance reflects the depth and resilience of our business model. Total Income for the quarter grew significantly by 205.3% year-on-year, due to healthy traction in our businesses and consolidation of Aadifidelis Solutions. Our focus on operational discipline and value-led service delivery also led to an EBITDA

growth of 33.5%, while our Profit After Tax (PAT) increased by 38.7% YoY, reaffirming the scalability and strength of our platform.

I am excited to share that during the quarter, we have signed a definitive agreement with Sub-K Impact Solutions Ltd to acquire their Customer Service Points of SBI and HDFC Bank in a strategic slump sale which is subject to customary approvals. This acquisition will strengthen our CSP network across Andhra Pradesh, Telangana, Rajasthan, Maharashtra, Odisha, and Karnataka—serving nearly 5 million customers.

Our Business Correspondent and Business Facilitator models continue to drive financial inclu-

sion. We have onboarded over 10,000 retailers, entered into strategic partnerships with Bajaj Finserv and HDFC Bank, alongside innovations like ReKYC, MicroATMs, and the CSP Plus rollout in Odisha, and have further deepened our rural outreach.

Beyond banking, we are expanding our digital footprint with a new project in Chhattisgarh for digitizing Sub-Registrar offices, streamlining land record registrations for enhanced transparency, launching Aadhaar enrolment in Rajasthan, and partnering with Delhivery for nationwide courier services. I thank our teams and partners for their unwavering dedication as we continue empowering communities through technology and collabora-

tion.

In Q1FY26, the company recorded consolidated total income of Rs. 251.2 Crores, reflecting a robust year-on-year increase of 205.3% over Rs. 82.3 Crores in Q1FY25. This significant growth was primarily driven by the expanded scale of the Business Correspondent segment as well as the strategic acquisition of Aadifidelis Solutions.

* EBITDA strengthened substantially to Rs. 24.9 Crores, up 33.5% YoY, from Rs. 18.7 Crores in Q1FY25. EBITDA Margin stood at 9.9% in Q1FY26.

* PAT demonstrated notable growth of 38.7%, reaching Rs. 17.5 Crores, underscoring strong financial discipline and sustained profitability.

Crackdown on Russian oil exports a big setback for Reliance, shares dip

New Delhi, Aug 13 (IANS) US President Donald Trump's crackdown on Russian oil exports has come as a major blow to Mukesh Ambani-led Reliance Industries Ltd. (RIL), which was a major importer of the cheap crude for processing at its giant oil refinery in Jamnagar on the Gujarat coast.

The setback is also reflected in the decline in prices of Reliance shares in recent days after Trump stepped up his rhetoric against the purchase of

Russian oil by India. In the last 30 days, the blue-chip stock fell nearly 7 per cent. At 2.38 p.m. on Tuesday, the scrip was trading at Rs 1,380, down 0.40 per cent. The RIL share price has crashed around 11 per cent from its 52-week high of Rs 1,551. According to a report in the Financial Times, Mukesh Ambani-led Reliance was one of the biggest gainers of Russian crude purchases. The report cites Amrita Sen, director of research at data and analysis consultancy Ener-

gy Aspects, as saying that private Indian refiners like Reliance had gained even more than government-owned competitors, such as Indian Oil and Bharat Petroleum, because they exported more of their oil products. Sen pegs the gains of Reliance Industries through the purchase of cheap Russian oil at around \$6 billion. The US previously did not object to oil imports from Russia, as long as they were priced below the \$60-a-barrel price cap fixed by the G7

countries to limit Russia's earnings.
