

GRAND COUNTY WATER CONSERVANCY DISTRICT
GRAND COUNTY SPECIAL SERVICE WATER DISTRICT

Regular Meeting ----- April 25, 1991

The meeting was called to order by the Chairman, ATTENDANCE
D. L. Taylor at 7:00 A.M. at the District office. Other
Board members present were Bobbie Domenick and Gary Wilson.

Special Service District members present were
D.L. Taylor, Gary Wilson, George White, Dan Holyoak and Wil-
liam D. McDougald.

Others present were Dale Pierson and Roberta High-
land.

After calling for additions or corrections to the MINUTES
minutes of the meeting of April 11, 1991, and hearing none,
the Chair declared the minutes approved as circulated to the
Board.

Dale reported the meeting with the Moab Irrigation MEETING WITH
Board was a discussion of the water rights, and they re- MOAB IRRIGA-
quested the District to aid them in getting the allotment TION CO.
set for 6 AF per acre. He also reported there appears to be
no recognition of the culinary water out of the lake. If
the culinary use is taken into consideration, we actually
have more acreage in the valley than necessary. He will dis-
cuss this with Mark Page and make sure Mark takes this into
consideration. He also stated his concerns that the increas-
ing of the water per acre could decrease the acreage. These
points were discussed. D. L. suggested the District write
to the State Engineer, asking for a letter of clarification
regarding these rights.

Dale read the letter from the Elks requesting per- FIREWORKS AT
mission to have fireworks at Ken's Lake on the 4th of July. KEN'S LAKE
Dan moved to approve the request. Bobbie seconded. MOTION
CARRIED.

A base radio for the office on Moab City, ^{Frequency} was dis- BASE RADIO
cussed. The options are either a base or another portable.
The city will be the final arbiter. The Board agreed by con-
sensus to put in another portable station. Gary will get a
cost estimate, and the Board can make a firm decision on the
equipment needed.

Pierson has talked to John West about pumping the HECLA SUBD.
Hecla Well, and the only way it seems to deal with that WELL
well, is to meet with the homeowners in Hecla. Dan's idea
was to test pump the well, and if that well delivers what we
need, the District could purchase that property and maintain
it. Gary suggested the District only maintain the property.
D. L. suggested we not do any test pumping until we get an

agreement with the homeowners. It was agreed to set a date HECLA WELL
with the homeowners and the District. (Cont.)

Use of springs and other wells in the lower valley PUMPING WELLS
to furnish water to Moab Irrigation Co. It was suggested & SPRINGS TO
Dale to take Walker to talk to Downad and Clark. It was sug-M.I.C.
gsted Dale talk with Delbert Oliver about using Skakel
Springs since it is half owned by the City of Moab.

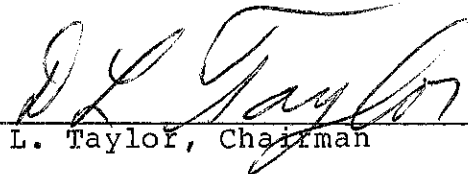

Bobbie Domenick moved to approve the checks. Gary CHECK APPROVAL
seconded. MOTION CARRIED.

The meeting adjourned at 8:15 A.M.
