### **IMPORTANT! Additional REQUIRED information for ferry crossing:**

When riding the Tuesday June 23 route to New Madrid, Missouri, you will cross the Mississippi River on a ferry. Coast Guard safety regulations place a 150 passenger limit on each crossing. Therefore, it may well require more than one trip to get everyone across. In the space provided below, please indicate your preferred time to cross by **CIRCLING that** crossing time. As online registrations may cause a time slot to fill between the time you mail this form and when we receive it, your first choice of times may be full. Therefore, please also circle your second choice of crossing times. (Times are approximate!) To keep trips in balance, once you have selected a time, it CANNOT be changed. You will receive a color-coded wristband at check-in; you will only be able to cross at the time for that color.

Circle your first and second choices:      1<sup>st</sup> choice:    7:00 AM      7:45 AM      2<sup>nd</sup> choice:    7:00 AM      7:45 AM
