

Name: Michael Chiswick-Patterson and Andrew George Position: MCCPTA Delegates  
PTA: Somerset Elementary School

## **Proposed to Advocacy Priorities**

Identify Section And Priority Number. example: L(egislators)1, or M(CPS)2)

- Access to Equitable Opportunities
- M3**  Capital Funds and Facilities
- Inspector General Oversight and Independent Ombudsman
- Communication and Transparency
- Curriculum
- Diversity and Inclusion
- Health and Wellness
- Operating Funds and the Kirwan Commission
- School Climate and Security

\_\_\_\_\_

Please reference the numbered priority under the section you would like amended. If you would like an item removed, or parts removed, please ask to strike. If you would like a new item, please state that clearly. We need to type the amendment up so all may see the language clearly. One amended priority per page.

***We propose to delete the full M3 item: "Consider the socioeconomic make-up of the school population as one of the factors, while acknowledging the condition and overutilization of the building as the main factors, when prioritizing construction projects."***

**We believe that construction projects should be prioritized based on need for additional physical space or improved student safety, and it is difficult to see what relevance socioeconomic makeup would have to a determination of needing additional physical space, or a safer environment.**
