Gail and Eva

Martin Archery Inc. is owned and operated by Mr. and Mrs. Gail Martin and sons, Terry and Dan. Established over 25 years ago, we now manufacture a complete line of archery equipment. Our business has grown every year and, in turn, we have expanded our plant to accommodate all phases of manufacturing. We take pride in giving fast, efficient service; and each order is given individual attention. Our main object is to satisfy the customer. We try to produce and maintain a complete stock of the finest archery equipment available.

### #FT-1 FLU FLU ARROWS

Made of No. 1 Port Orford cedar shafting. Wrap-around fletch stops arrow quickly. Great for bird hunting, small game or trap shooting. Available with blunts, field points or broadheads.

### #FT-2 FLU FLU ARROWS

Made of No. 1 Port Orford cedar shafting. Accurate. High straight feather design gives fast, true flight. Available with blunts, field points or broadheads.

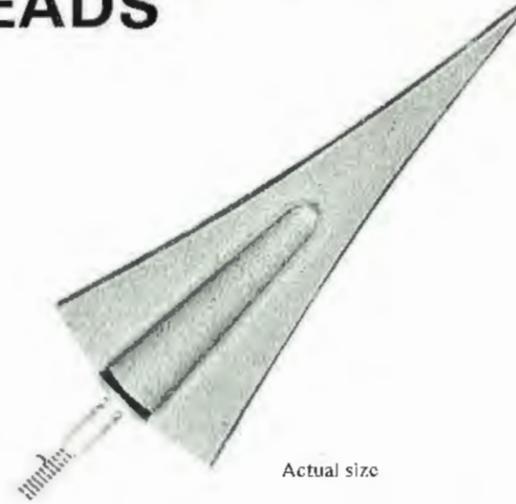

# World's Largest Selection and Stock of BROADHEADS

## #2775 EAGLE BROADHEAD

The Martin "EAGLE BROADHEAD" has consistent game-getting ability. HERE'S WHY...

- The concave edge design assures true arrow flight without wind planing
- One-piece construction aluminum ferrule makes the EAGLE Broadhead both durable and lightweight
- Having the Change-A-Point adapter in a one-piece form allows for perfectly straight alignment and eliminates additional expense for adapters
- Full 3-inch-long spring steel cutting edge design assures tremendous side cutting ability and unsurpassed penetration
- 185 grains complete

Actual size

**#2233 HI-PRECISION**  
3-bladed, 125 grains.

Same as No. 1300 except with velcro fasteners.

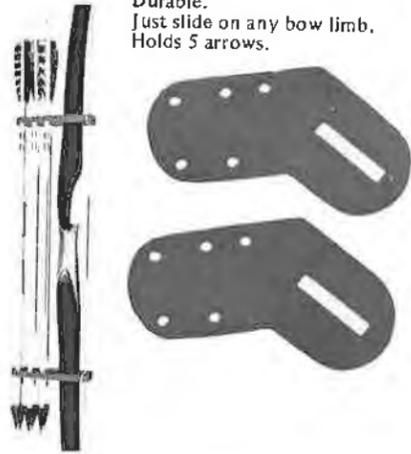

**#431 KWIKEE-KWIVER**

The lightweight bow quiver that snaps on and off in seconds. Holds 4 arrows.

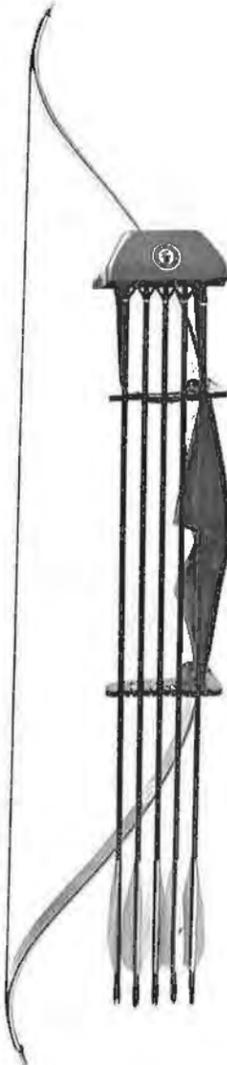

**#1661 BOW QUIVER**

Lightweight. Durable. Just slide on any bow limb. Holds 5 arrows.

**#414 "SNAP-ON" BOW QUIVER**

Holds five arrows.

**#1592 SNAP-ON BOW QUIVER WITH HOOD**

- Our most economical yet practical hooded bow quiver.
- Holds five arrows.
- This silent bow quiver comes complete with hood to protect your broadheads and keep them sharp.
- Rubber snap-on assembly lets you install or remove in seconds.
- Lightweight construction adds very little weight to the bow.
- Rubber insert inside hood keeps arrow silent.

**#56 GROUND QUIVER**

Aluminum. Holds 12 arrows.

**#57 GROUND QUIVER**

Aluminum. Knockdown type. Holds bow and arrows.

For RUSH orders, call 509-529-2554 (No collect calls, please)

**#616 ACCESSORY INSERT**

5/16" x 24  
5/16" x 18  
1/4" x 20

**#372 KWIKEE KOVER**

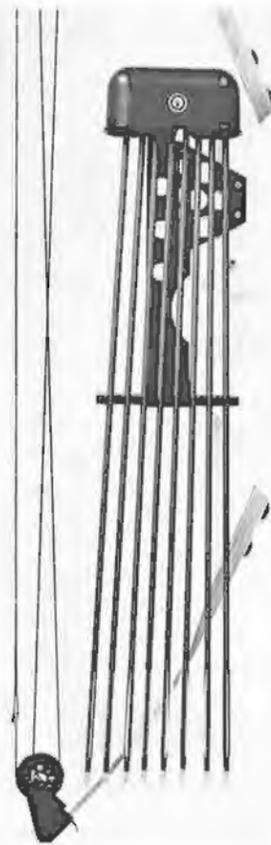

- Featherweight broadhead shield
- Molded from tough, super-impact "Cyclocac" thermal setting plastic
- Attaches to spare arrow mounted in Kwi-kee-Kwiver by plastic coated non-mar spring clips
- Assures positive protection from exposed blades
- Also protects blades from dulling contact with any object
- Does not interfere with normal removal of arrows while hunting
- Stabilizer bar on stem prevents twisting on arrow

**#3800**

**SIGHT-N-QUIVER by Martin**

A full eight-arrow quiver with a sight built in. Mounts easily on any bow. Includes mounting screws, durable laminated foam hood insert, aluminum sight plate and quiver bracket with five all-brass sight pins. Specify right or left hand.

**#3101 QWIFFER BOW QUIVER**

- Holds 4 arrows
- One model fits all bows—right- or left-hand
- Sturdy lightweight construction
- Complete broadhead protection
- Attaches instantly without marring bow
- Sturdy arrow clip fits any size hunting arrow

**#3894 QUIVER**

Fits PSE "Pacer," Allen "Hunter," Robin Hood "Little John," Jennings "T," and easily adapts to the "Sidekick" and "Trail Boss." Fits right or left hand.

**#3998 QUIVER**

Fits in predrilled inserts on bow. Can be installed or removed in seconds. Resilient rubber holds arrow shaft securely. Holds 8 arrows.

**#3204 KWIKEE KOMPOUND**

- \* Fits nearly all compound bows including Martin, Bear, Allen, Jennings, PSE, etc., and most conventional recurves.
- \* Patented KWIK-LOK bracket enables quiver to be INSTANTLY attached or detached from bow. No screws or nuts to loosen up or lose.
- \* Shield is completely compartmented and sound insulated. No more broadhead chatter or clack. End of shield is double thick for extra safety. Scent pad built into shield liner.
- \* Holds six arrows. (First four are removed with backward motion toward shooter.)
- \* Featherweight. Lightest, neatest full-sized quiver on market. Streamlined and good looking on bow. Etched, non-reflective finish. Super tough.
- \* Mounts right or left handed interchangeably.

**#405 SELECTED TOP GRAIN LEATHER QUIVER**  
Large pocket for scorecard. Two straps with belt clips. Divider strap for two-division quiver. Easily holds 12 arrows. Right- or left-hand. Colors: Black, white.

**#408 QUIVER**  
Same as No. 409 TARGET KING except 2" shorter and all white.

**#409 TARGET KING QUIVER**  
Selected top grain leather. Large zipper pocket 8"x3 3/4"x1 3/4". Two belt clips. Pencil pocket. Divider strap for two divisions. 20" long. Top opening 4 1/2"x2", bottom 3 1/2"x1 1/4". Black. Specify right- or left-hand.

**#412 RANGEMASTER QUIVER**  
Designed to hold quiver at proper angle. Pencil pocket. Zipper pocket 8"x4"x1 3/4". Divider strap. Length 20", top opening 4"x2", bottom 3 1/2"x1 1/4". Easily holds 12 arrows. Color: Black. Specify right- or left-hand.

**#483 TARGET STYLE QUIVER**  
Heavy weight expanded vinyl. Ring and belt clip. Divider strap for two divisions. Holds 12 arrows. Small flat accessory pocket. All trim and straps in grain leather. Black or white. 19" long. Specify right- or left-hand.

**#485 QUIVER**  
Similar to No. 409 except in vinyl.

**#1642 QUIVER**  
Manufactured from 11-ounce saddle leather, floral design. Features double-stitched loops and large, zippered pocket, dual clip-on straps and wide mouth for easy removal of arrows.

**#100 QUIVER**  
Coated fabric model.

**#700 MATCHING BELT**  
Top grain cowhide. 1 1/4". Black, white.

**#444 FIELDMASTER**  
For roving or target. Large enough to hold 12 arrows. Large tapered zipper pocket 8"x4 1/2"x1 3/4" for ample storage of accessories. Has divider loop to separate arrows. Pencil pocket. Right- or left-hand.

**#446 ROVING OR TARGET**  
Flat style. Newly designed belt loop for better fit and style, plus new pencil pocket. Large zipper pocket 7 1/2"x3 1/2"x1 3/4", holds 6 to 8 arrows. Made of top grain cowhide leather. Colors: Black, white. Right- or left-hand.

**#445-S ROVER**  
Flat style hip quiver, split cowhide leather. Pocket with flap and heavy snaps. Pocket size 6 1/2" taper to 4 1/2" deep, 3 1/2" wide, 3/4" high. Holds 6 to 8 arrows. Divider loop to separate arrows. Black only. Belt not included.

**#428 QUIVER**  
Large two-division quiver. Top grain cowhide. 20 1/2" long. Will hold 24 arrows. Large zipper pocket and knife pocket on side. Black only. Right- or left-hand.

**#4390 QUIVER**  
Attractive, economical back quiver. Made of split cowhide.

**#4289 QUIVER**  
Large shoulder quiver of tough, heavy leather. Zipper pocket, molded bottom. Holds 18 or more arrows. Double strap. Right- or left-hand.

**#492 HIP POCKET QUIVER**  
10" Shown at right.

# Martin— A Complete Line of Bows

## #M-10 CHEETAH DYNABO

The Cheetah DynaBo is neither a compound nor a recurve. It is a new type of bow.

The DynaBo is designed to be powerful, and when compared for power with other bows by machine shooting the same arrow, at the same draw length, into a ballistic pendulum, the DynaBos have the same power as other bows 15 to 25 pounds heavier and are intended to shoot the arrow spine of the heavier bow they equal.

The DynaBo accelerates only one limb instead of two, the sector-crescent assembly weighs a bit over 2 1/2 ounces and moves through a short distance, no cables are used (only a feedback string), no eccentrics, etc., move with the limb. Therefore, retrieval efficiency, arrow speed and trajectory are unsurpassed.

Limbs remove easily for quick takedown, yet have a secure fit when assembled. Laminated wood handle riser is one of the most beautiful produced. Complete with SFX Posi-Flip Rest, Martin Pro String, 5/16"x24 Stabilizer Insert and two 1/4"x20 inserts for bow weights or the No. 3998 Quiver. Mass weight, under 3 lbs., overall length, 51", draw lengths 24" to 33". Weight ranges from 20 to 55 lbs., right or left hand. Licensed under DynaBo Patent Pending.

## #3998 QUIVER

Fits in predrilled inserts on bow. Can be installed or removed in seconds. Resilient rubber holds arrow shaft securely. Holds 8 arrows.

## For the Serious Bowhunter

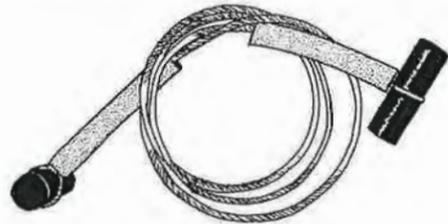

### Optional Accessories

#### #6241 "WEIGHT CHANGER"

Available for MT-3 Ocelot. This new design offers a weight range of 15 lbs. (weight range may vary depending on bow). Example—A bow set in center hole position on the WEIGHT CHANGER bracket can be changed to upper hole for a 55-lb. peak weight or down to a 45-lb. peak weight giving a total of four range settings to choose from. Economical. Lightweight. Eliminates any tuning problems when changing poundage.

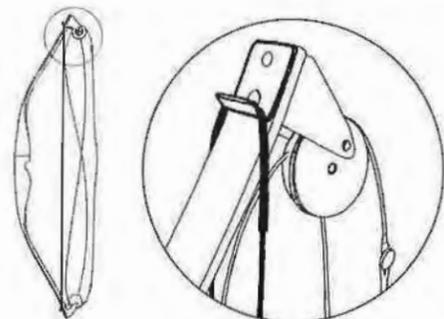

#### #5462 Lynx Stringer for string changing, repairs and changing weight.

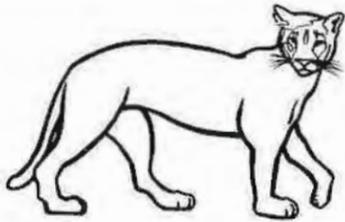

#### #5439 HOWTON STRINGER

The Howton Loop stringer for the MT-3 Ocelot is easy to use, lightweight and compact. When bow is at full draw, the loop stringer is slipped over the hook brackets on both ends of the bow. When the loop stringer is on the bow, the bowstring, cables, eccentric wheels or axles may be removed with ease. When adjustments are complete, simply draw the bow and remove the stringer.

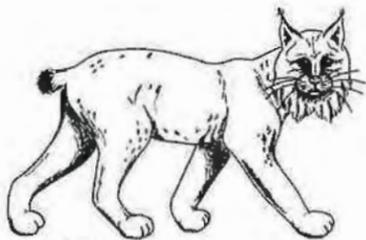

#### MT-3 OCELOT

Mass weight only 2½ lbs. 50% weight reduction at full draw. Available in draw lengths from 25" to 31". Its simplicity in design makes this bow excellent for hunting. Wood handle construction makes a real difference on a cold morning. Light weight [approx. 2½ lbs.] makes hiking and stalking game even a greater pleasure. The total weight of the bow with a #3800 quiver, arrows with broadheads is . . . only 3½ lbs. Includes 5/16"x24 Stabilizer Insert, hardened steel axles and fully laminated limbs. Length axle to axle - 44½". Available in weight ranges from 30 to 65 lbs., right hand or left hand. Complete with Rest and Pro Bowstring.

#### MT-6 COUGAR II

The MT-6 Cougar II is designed to give the serious archer who insists on the finest a bow that combines speed with stability and consistency. Available in draw lengths from 24" to 32". Hunter Model available in weights 40 to 55 lbs. and 55 to 70 lbs. Competition Model available in weights 20 to 35 lbs. and 35 to 50 lbs. Mass weight: 3 lbs., 14 oz. 45 3/4" axle to axle. 38" string length. New design magnesium handle with durable paint finish. Available in white or black, right or left hand. Drilled and tapped for Chek-It sight, posi-pressure button and 5/16"x24 Stabilizer. Complete with Rest and Martin Pro-String.

#### M-7 LYNX

Split limb design makes the Lynx an extremely fast and quiet shooting bow. Mass weight only 2¼ lbs. 50% weight reduction at full draw. (Owner adjustable to 30% weight reduction.) Available in draw lengths from 26" to 31" and in weight ranges from 45 to 65 lbs.. Hard Shedua wood handle construction makes a real difference on a cold morning. Lynx come complete with 5/16"x24 Stabilizer Insert, #320 Dura-Flip Rest and Pro String. String length, 35", Length axle to axle, 40½". Available in right- or left-hand models. Hardened steel axles.

**ML-12  
LONGBOW**

We realize that recurve or compound bows are not for everyone. With durability, accuracy and hardhitting ability, the Longbow has proven successful for many years. Weights from 45 to 100 lbs., right or left handed. Comes with Martin Custom Bowstring.

**MX#900  
PRO-TRAIL  
KING**

Designed for the hunter, this bow is smooth shooting and powerful. Durable wood laminated handle riser combined with quick takedown for easy backpacking. Length 62" AMO, weights, 25 to 70 lbs., right or left hand. Complete with Rest, Martin Custom Bowstring, 5/16"x24 Stabilizer Insert and upper and lower 1/4"x20 inserts.

**MX#250  
JUNIOR PRO**

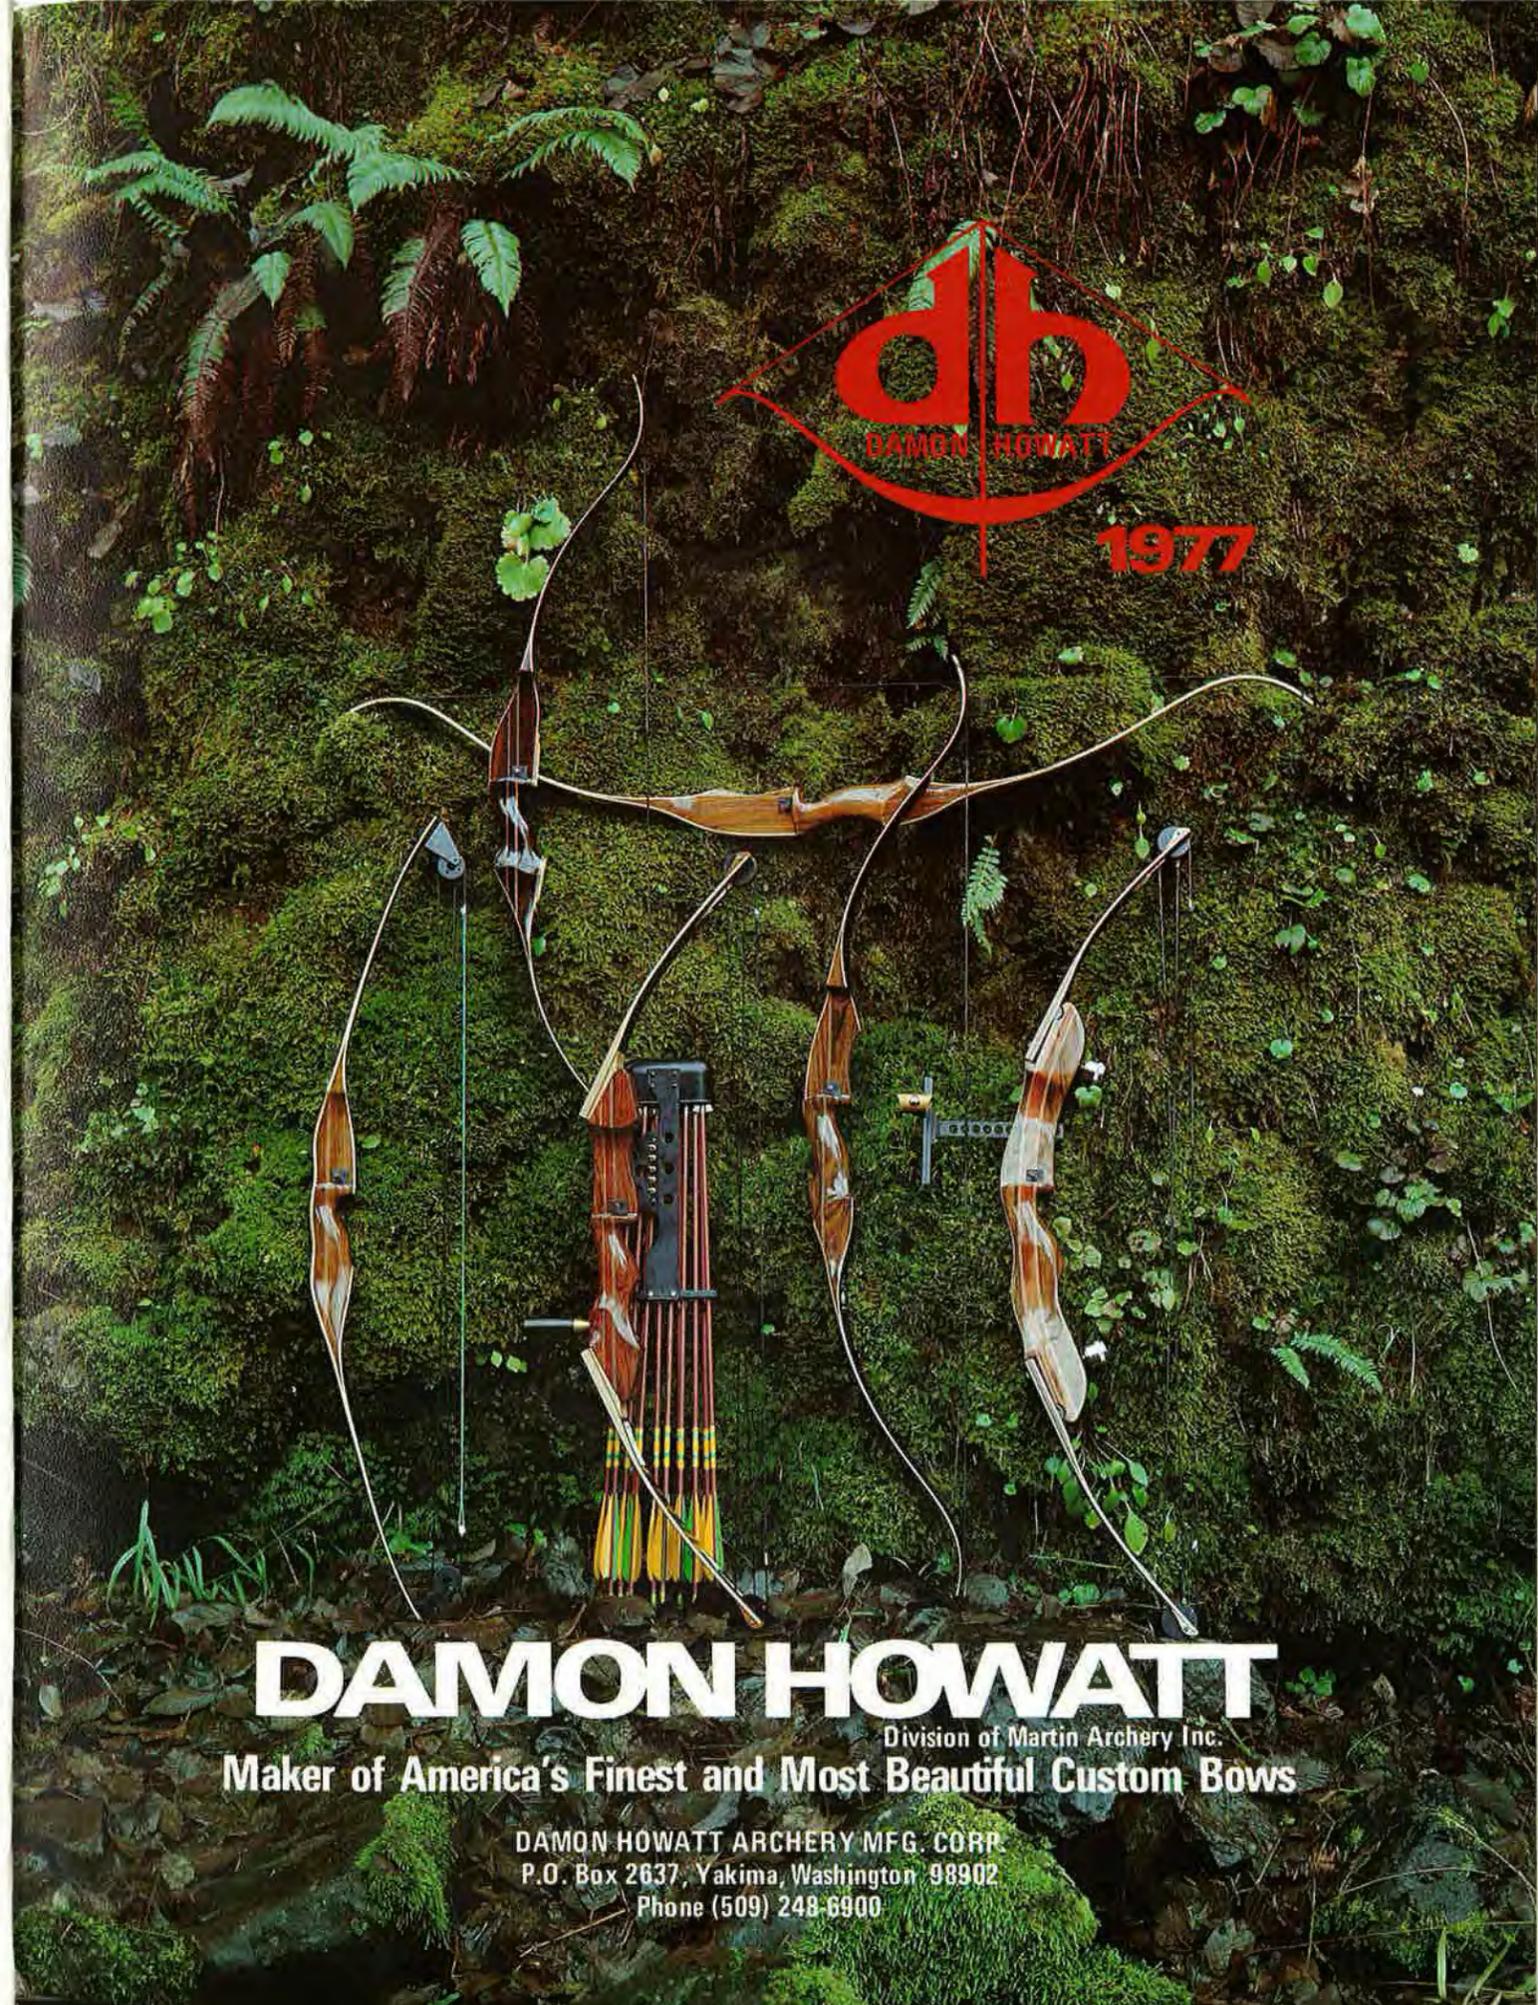

Produced to give the young archer the accuracy of a full-sized tournament bow, while being reasonably priced. Wood-laminated handle riser and limbs are attractive and durable. Length 50" AMO. Weights, 15 to 35 lbs., right or left hand.

**MX#700  
CONTENDER**

A truly great performer which combines smoothness with shooting speed. Complete with Stabilizer Insert, Flex-Rest and Martin Custom Bowstring. Length 66" AMO, weights 20 to 45 lbs., right or left hand.

**MX#500  
HI-POWER**

For hunting or as a target bow. A full working recurve, this compact bow is great for hunting in thick brush. Length 60" AMO, weights to 65 lbs., right or left hand.

**DAMON HOWATT**

Division of Martin Archery Inc.

**Maker of America's Finest and Most Beautiful Custom Bows**

DAMON HOWATT ARCHERY MFG. CORP.  
P.O. Box 2637, Yakima, Washington 98902  
Phone (509) 248-6900

Howatt Archery was started by Damon and Edna Howatt 36 years ago. In 1942, they produced their first recurve bow, the Bushmaster. In 1952, the Howatts added two additional bowyers, one of whom was Dale Marcy who is now plant manager. Over the years, Howatt bows and equipment have been known for their excellent quality. Today, Howatt Archery, a division of Martin Archery Inc., is carrying on, as always, that same fine quality of handcrafted bows.

Dale Marcy, as General Manager of Damon Howatt Archery, is extremely well qualified in archery matters with thirty years experience in both production and sales. He is an accomplished hunter and is also well known for his archery demonstrations and trick shooting. The picture at right shows Dale with the results of a 1964 Alaskan Caribou hunt.

#1234

#### #2430 WARTHOG COMPOUND

The two-wheeling Warthog, a snappy little fighter, comes with beautiful Bubinga and hardwood laminated Handle Riser and fully laminated limbs. The eccentric wheels are mounted in the limb for greater speed, yet the Warthog still approaches 50 percent dropoff. Each Warthog comes with diamond-shaped reinforced limb caps for greater strength. Axle-to-axle length 45½". Peak draw weights to 65 lbs. Draw lengths from 25" to 33". Features ¼"x20 Inserts for bow weights and 5/16"x24 Stabilizer Inserts, hardened steel axles. Handle Riser: A Model—seven layers of hardwood, including Bubinga, Shedua and maple; B Model—maple, with hunter black finish. Glass color is black. Right or left hand. Licensed under Allen Patent No. 3486495.

#### #1234 SUPER DIABLO COMPOUND T/D

Both the superbly sculptured, laminated, imported hardwood handle and the tough, high-performance limbs are fabricated in the traditional, time-tested Howatt manner. The result is a cleanly designed, trouble-free compound take-down bow that will more than hold its own in comparative speed tests with any compound on the market. Axle-to-axle length 47½". Mass weight, 3 lbs., 14 oz. Peak weight to 65 lbs. Draw lengths from 25" to 32". Handle Riser of Shedua, Bubinga. Glass color, black. Features 5/16"x24 Stabilizer Insert also ¼"x20 Inserts for bow weights, Dura Flip Rest and Pro String and hardened steel axles. Right or left hand. Licensed under Allen Patent No. 3486495.

#### #2400 LITTLE JOHN COMPOUND

Designed to give the young archer the accuracy of a full-sized compound bow, yet is reasonably priced. Various hardwood handles and limbs make this bow both attractive and durable. Axle-to-axle length 35". Peak draw weights 15 to 35 lbs. Draw lengths 22" to 27". Mass weight 1 lb., 6 oz. Handle Riser of assorted hardwoods, and glass color is black. Hardened steel axles, Pro String. Right or left hand. Licensed under Allen Patent No. 3486495.

#### #2410 GAZELLE COMPOUND

A straightforward compound bow with surprising performance. Basic in design and construction, the Howatt Gazelle provides smoothness, speed and accuracy. The tropical hardwood Handle Riser, beautifully sculptured and perfectly finished, gives it a rich, classic appearance. Axle-to-axle length 45", peak draw weights from 25 to 65 lbs.; draw lengths from 25" to 33". Mass weight is 2 lbs., 8 oz. Handle Riser is Shedua with East India Rosewood and glass color is black. Hardened steel axles. Includes 5/16"x24 Stabilizer Insert and Pro String. Right or left hand. Licensed under Allen Patent No. 3486495.

#2400

#2410

#2810

#2800

**#2810 SUPER DIABLO**

An exceptional hunting bow that delivers power, speed and dependable accuracy. Length 60" AMO. Draw weights to 75 lbs. Handle Riser is East India Rosewood and glass color is black. Comes with 5/16"x24 Stabilizer Insert, #320 Dura Flip Rest and Custom Bowstring. Right or left hand.

**#2800 HUNTER**

The Howatt Hunter has proven itself for over 20 years. A smooth-shooting hunting bow with excellent speed and power. Lengths 58" or 62" AMO. Draw weights to 75 lbs. Handle Riser of tropical hardwoods; glass color, black. Comes with 5/16"x24 Stabilizer Insert, #320 Dura Flip Rest and Custom Bowstring. Right or left hand.

#2310

#2300

#2230

#2210

**#2310 TRIUMPH**

An outstanding value in a handcrafted, high-performance bow. Length 62" AMO, weights to 55 lbs. Handle Riser of Shedua and maple. Comes with 5/16"x24 Stabilizer Insert, Custom Bowstring and #320 Dura Flip Rest. Right or left hand.

**#2300 BANDITO**

Fast, smooth and powerful. A great hunting bow at a very reasonable price. Length 58" AMO., draw weights to 65 lbs., Handle Riser of tropical hardwoods. Glass color is brown. Complete with 5/16"x24 Stabilizer Insert, #320 Dura Flip Rest and Custom Bowstring. Right or left hand.

**#2230 CAVALIER**

An excellent choice for the novice. Enjoy a smooth performer at a modest price. Length 62" AMO. Draw weights to 55 lbs. Handle Riser of maple with assorted glass colors and Custom Bowstring. Right or left hand.

**#2210 LITTLE JOHN RECURVE**

A well-made, smaller bow designed for children up to about 12 years of age. Length 48" AMO. Draw weights to 35 lbs. 26", Handle Riser of various hardwoods with assorted glass colors and Custom Bowstring. Right or left hand.

### #PC-60 COMPOUND BOWCASE

A 53"x18" bowcase expanded vinyl with a full 1/2" of Tufflex padding and golden canton flannel lining. The full length nylon zipper is self-healing.

### SFX POSI-FLIP ARROW REST

Unaffected by weather, this stainless steel arrow rest is great for target or hunting. Slick tubing on the flip arm makes for a quick and easy release. Self-adhesive and predrilled for a pressure button.

C Model

### #608 BOW WEIGHTS 1/4"x20

8 oz. Fits upper and lower insert of Howatt Super Diablo Compound, Warthog Compound, and Martin DynaBo.

### #2626 WARTHOG IRON-ON TRANSFERS

For cotton T-shirts.

### #S-22 Posi-Pressure Button

with two extra springs.

### #22 6" BOWREEL

Screws into any 5/16"x24 stabilizer insert.

### #770 PATCH

A distinctive four-color patch.

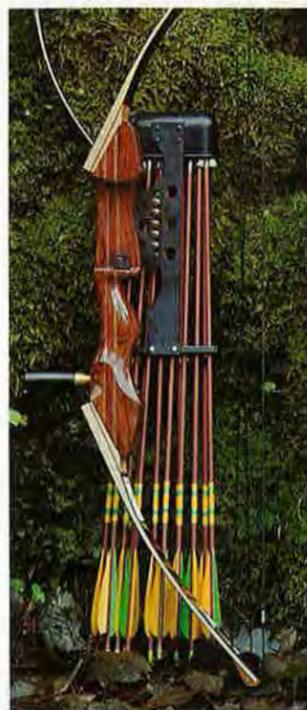

### #609 CUSTOM STABILIZER

A precision-engineered archery accessory that provides peak stabilizing efficiency. Finish is a distinctive black and gold. Available in 21 1/2" length, weighing 8 oz. and 17 1/2" length, 7 oz.

### #603 STABILIZER FLEX-CONNECT

The Flex-Connect provides a flexible connection between the Custom Stabilizer and Handle Riser, cushioning both limb shock and stabilizer reaction at time of release.

### #3800 SIGHT-N-QUIVER

A full, eight-arrow quiver with a sight built in. Mounts easily on any bow. Includes mounting screws, durable laminated foam hood insert, aluminum sight plate and quiver bracket with five all-brass sight pins. Specify right or left hand.

### #5291 HUNTING SIGHT

Fits Chek-it Sight holes. Black anodized, durable aluminum construction with five brass sight pins.

### #622 CUSTOM HUNTING STABILIZER

A compact, thoroughly engineered, flexible shaft stabilizer for the bow-hunter. This all-metal unit is finished in black with the distinctive Howatt gold feature trim.

### #4060 ARROMETER

COMPARE:

- \* STAINLESS STEEL, FIBERGLASS, ALUMINUM AND WOODEN ARROWS
- \* COMPOUND AND CONVENTIONAL BOWS
- \* SHORT BOWS WITH LONG BOWS

MEASURE:

- \* EFFECT OF DIFFERENT DRAW LENGTHS
- \* EFFECT OF BRACE HEIGHT

Unique new device measures arrow velocity to within  $\pm$  one foot/second using optoelectronic techniques. Operates on either 12-volt DC or 115-volt AC. To operate the Arrrometer: dial arrow length on switch provided; reset display, using reset button. Shoot arrow through 10x14-inch opening. Arrow Speed in feet seconds will immediately appear on digital display and remain until next reset.

- #4060 Arrrometer
- #4062 Adjustable Stand
- #4066 12-Volt Power Adapter

### #610 RANGEMATIC

15 oz., 1 1/2"x3 3/4"x8". 3x integral eyepiece. Shock-absorbing optical mounts. Accuracy is  $\pm$  1/2 yard at 100 yards, better at shorter distances.

## FIBER GLASS BOWS

Bow weights in 5-lb. increments.

- #4 54" 20-35 lbs.
- #6 60" 25-35 lbs.

COLORFUL EPOXY FINISHES

"All bows hand nocked"

## #19 ARCHERY SET

- \*One 54" fiber glass bow — 25 lbs./30 lbs.
- \*Dacron string.
- \*Three cedar target arrows.
- \*One armguard.
- \*One finger tab.
- \*One quiver.
- \*Target face.

## #MX-150 MINIBOW

- \*Length: 27" AMO
- \*Draw weight: less than 10 lbs.
- \*Maximum draw length: 18"
- \*Available in right- or left-hand models.
- \*A full working recurve in miniature.
- \*Full laminated limbs and handle riser.

(NOTE: The No. MX-150 bow is not a toy and should not be used without adult supervision.)

## #020 ARROWS FOR MX-150 BOW

- \*Length: 17½"
- \*Made from 5/16" wood shafting.
- \*Has 2¼" fletching with drawn steel target point.
- \*Also available with rubber suction cups.

## #X-1 MARTIN STABILIZERS

- \*Made of the finest aluminum with marbled ball and steel thread.
- \*Rods anodized in red, blue, black, silver, gold, or green.
- \*Has tapered rod to absorb more vibration.
- \*Thread sizes available for any bow.
- \*Overall length: 31½"
- \*Weight: 7 oz. with marbled ball; 6 oz. with steel ball.

Available with marbled or steel ball weights.

## New Thread-on Ball Weights

- Available in: Blue, red, black, yellow or pearl white.
- #X-21 Marbled ball weight - 3 oz.
- #X-22 Steel ball weight - 3 oz. - 1"
- #X-23 Steel ball weight - 1 oz. - ¾"

## #606 HUNTING STABILIZER with Storage Compartment

- 5/16"x24 thread.
- Flexible-shaft custom hunting stabilizer.

## #7011 "V" HOLDER

Features two ¼"x20 Stabilizer taps for mounting stabilizers back toward the archer. "V" Holder is held in place by the forward stabilizer.

## #TC-6 TORQUE CONVERTER

Available in sizes: ¼"x20, 5/16"x24, 5/16"x18.

## #608 BOW WEIGHTS ¼"x20

For upper and lower stabilizer, 8 oz.

## #1614 ADAPTER

Converts 5/16"x24 to ¼"x20

## #616 STABILIZER INSERT

Thread sizes: ¼"x20, 5/16"x24, 5/16"x18.

## #3079 SCREW-IN INSERT ADAPTER

Adapt any ¼"x20 bushing to accept 5/16"x24.

**FINGERSLINGS**

#S-10

#S-9

Two sizes: regular or large

**#M-3 MARTIN BOW SADDLE**

- \* Leather.
- \* Self-adhesive.

**SFX POSI-FLIP ARROW REST – Great for TARGET or HUNTING**

Quick and Easy

Use with or without cushion plunger.

- \* Slick tubing on flip arm.
- \* Made of stainless steel.
- \* Self-adhesive.
- \* Pre-drilled for Berger Button.
- \* Unaffected by weather.

B Model

C Model

**#2230 SUPER SPRINGY ARROW REST**

No holes to drill. Has self-adhesive mounting for secure fit. For hunting or target. Available in right- or left-hand models. 10 oz., 15 oz. or 20 oz.

**#S-2 MARTIN ADJUSTABLE BOWSLING**

- \* Finest quality leather.
- \* Self-adhesive.
- \* Quantity prices available.
- \* Colors available: Black, brown, white.

**#S-5 MARTIN BOWSLING**

Lace on design fits any bow. The all-leather construction makes this sling extremely durable for hunting or target. No adhesives, holes, screws or tools needed.

Complete with adjustable snap buckle leather strap. Fits either right- or left-hand bows. Colors available: Black, brown, white

**#32 MARK IV REST**

Nylon brush with leather backing. Self-adhesive mount for secure fit.

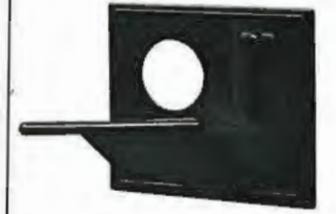

**#64 PRO REST**

Noninterfering rest with pressure plate provides for positive clearance of vanes or feathers. Retaining finger prevents arrow from falling off rest. Flexible shelf prevents arrow bounce. Self-adhesive backing. Specify right- or left-handed.

**#88 FLEX-REST**

\* Interference-free arrow shelf of special "spring" plastic. \* Ideal for either feathers or plastic vanes. \* No tools or cement needed. \* Self-mounting posi-stik adhesive for secure and positive attachment.

**#320 DURA-FLIP**

Durable plastic. Self-adhesive backing. Weather resistant.

**#2946 SPRING REST**

The SPRING arrow rest eliminates the problems of: Weather changes Plunger tensions Arrow and vane clearance 10 oz., 15 oz. or 20 oz.

**#49 HAIR ARROW REST**

Ideal for hunting. Thick hair aids in smooth, quiet, quick draws and releases. Self-stick adhesive back. 12 per card.

**#68 SUPER REST**

**#31 LEATHER PARA REST**

Nylon brush with durable leather backing. Self-adhesive.

**#98 MARTIN HAIR PLATE**

\* Very slick and smooth and dampens arrow noise as it leaves the bow. \* Very good for hunting bows. \* Self-adhesive. \* 12 per card.

**#S-22**

**PRESSURE BUTTONS**  
The spring-loaded pressure button will help you shoot like a pro. Upon release, the arrow creates pressure against the vertical portion of the bow, causing it to waver before the feather or vane can take effect. The pressure button absorbs the shock and the arrow leaves the bow in a more stable condition. Arrows perform better in wind for hunting or target shooting.

**#S-17**

There are three pressure button models:  
**#S-22** Posi Pressure Button with two extra springs. Quantity prices available.  
**#S-17** Model Berger Button with extra springs.  
**#S-18** DeLuxe Berger Button, Gold, chemically treated to prevent corrosion.

**#R-252**

Replacement Teflon Tips: large or small.

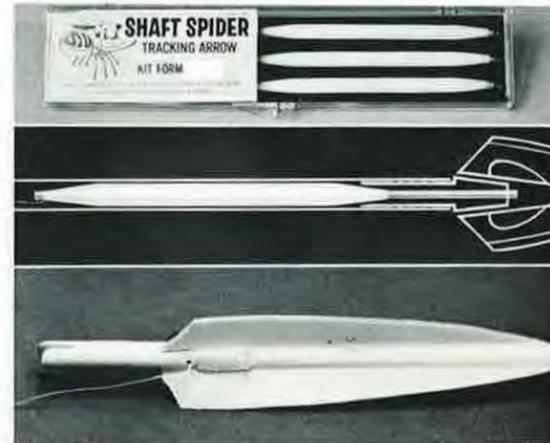

**#14 MARTIN 3-in-1 POWDER POUCH**

- \* Belt clip, Pencil holder, and Scorecard holder.
- \* Colors: Brown, black, white.

**#3777 NYLON ACCESSORY POUCH**

- \* Complete with belt clips.
- \* Great for accessories or short hikes.
- \* Comes in assorted colors.

**#6182 SHAFT SPIDER KIT**

The kit contains Shaft Spider parts to fit three of your own hollow shafts, either aluminum or fiber glass, with an inside diameter of 1/4" or greater. The Shaft Spider kit can be used also to replace spent bobbins in the Shaft Spider arrows. Complete with easy-to-use instructions.

**#30 PARA REST**

Nylon brush with durable plastic. 12 per card.

**#72 PACESETTER 'HUNTER-II'**

Center shot arrow rest of anodized aluminum and plastic, self-adhesive or screw on, usable with pressure button. Unaffected by weather.

**#73 PACESETTER I TARGET MODEL**

**#48 WHISPER ARROW REST**

- \* Covered with calfskin hair.
- \* Speeds up arrow flight.
- \* Easy to attach.
- \* Unaffected by rain or snow.

### #7241 UNI-TAB

- \*Small, medium, large.
- \*Long wearing.
- \*Moisture resistant.
- \*Great for bow fishing.

### #7144 MARTIN GLOVE POWDER

Friction-free powder. A must for fast, accurate shooting.

**#7226 WILSON TAB**  
 Sizes: Extra small, small, medium, large, extra large.  
 Right- or left-hand.

### MARTIN TABS

**#202 MARTIN TAB**  
 Single thickness top grain cowhide.

**#204 MARTIN TAB**  
 Double thickness, Corfam facing.

**#206 HAIRFACE TAB**  
 Double thickness genuine calf-hair facing.

### KANTPINCH TAB

Has proven to be the answer to better shooting. Used by thousands of bow hunters, field shooters and target archers the world over. Made in small, medium, large; right- or left-hand. Specify when ordering.  
 # KP-100 Leather backing

### KANTPINCH SNAP-ON TAB

Is identical to the NAM SNAP-ON with the addition of the famous patented finger separator. All the advantages of the NAM with the additional advantages of the KANTPINCH. Made in small, medium, large; right- or left-hand. Specify when ordering.  
 # KP-300 Kantpinch Snap-on H.C. Facing  
 # KPREP Hair Calf Replacement Facing

### #255 RING TAB

The Ring Tab is truly a comfortable tab. Exclusive ring design eliminates finger irritation. The ring tab needs little or no breaking in and has a soft split leather backing. Made in small, medium, large; right- or left-hand.

### HOT SHOT RELEASES

Easy to use and feature fully adjustable travel speed and work with ease even on higher poundage bows. All models can be used by right or left hand shooters. Internal parts are made of hardened steel, and are guaranteed to be free of defects in workmanship for a period of one year.

"A" MODEL. Push with thumb to release clips on string for convenience of hunter. Spring loaded. (For hunting or target.)

"B" MODEL. Pull with third finger to release spring loaded clips on string for convenience of hunter. (For hunting or target.)

"C" MODEL. Pull with third finger to release. Great for the target archer.

"AR" MODEL. Push with thumb to release. Designed for the target archer.

### #R-22 COMANCHERO RELEASE

Hunting release. Stays on string. Push button release.

### #R-28 CHEK-IT RELEASE

Will not slip off the string unless the lever is activated. Smooth rounded handle does not cut into your fingers.

### #R-38 RELEASE

Push button release by using the thumb.

### #R-72 PRO INJECTOR

Fully adjustable for all weight bows. Comfortable custom hand grip with adjustable leather wrist strap. Solid trigger plunger can be cut to fit your reach. This release is very smooth for target and has a wide opening for the hunter who needs a quick, positive attaching release.

### #X-41 RELEASE

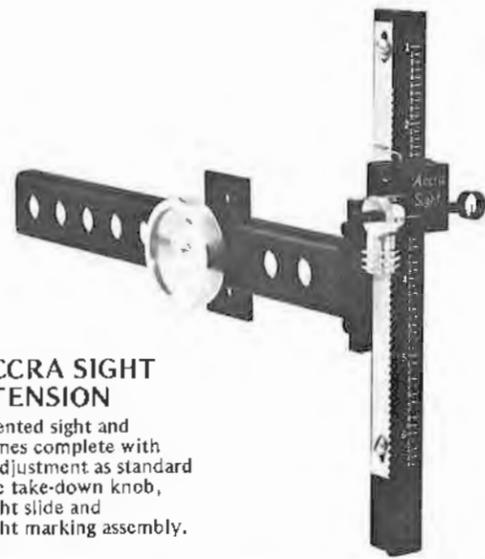

Nickel-plated steel. Horizontally held. Easy to use. Will not break.

### #RX-48 RELEASE

Formed to fit comfortably in the hand. A great release for beginner or pro. Horizontally held.

### #R-56 FLETCH-MATIC RELEASE

New Fletch-Matic Pro tournament release has a pivoting linkage system and is great for the serious target archer. All-metal trigger assembly with adjustment setting, complete with two types of trigger arms, long style (as pictured), and button style.

**#6446 ACCRA SIGHT AND EXTENSION**

This new patented sight and extension comes complete with micrometer adjustment as standard feature. Large take-down knob, numbered sight slide and adjustable sight marking assembly.

**#515 REYNOLDS DOUBLE ADJUSTMENT BOW SIGHT**

Center slide adapted for any 8/32 screw thread prism. Two wire prong prisms can be used without an additional prism adapter.

A second adjustment which enables the archer to get back on target, after a broken bow card or a change to a different weight arrow, without disturbing the original calibration.

This sight is free from vibration because it is firmly mounted in the solid part of the grip.

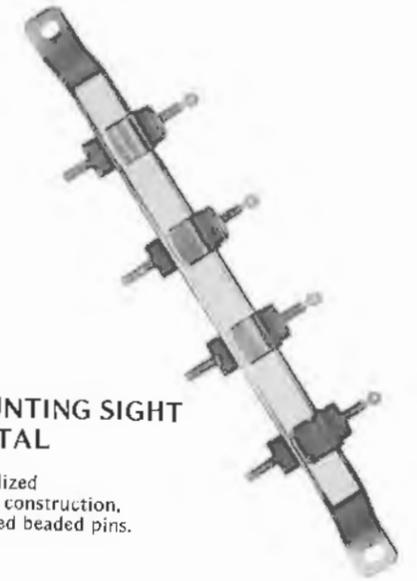

The sight body is removable when not in use; such as hunting or instinctive shooting.

**#5291 HUNTING SIGHT**

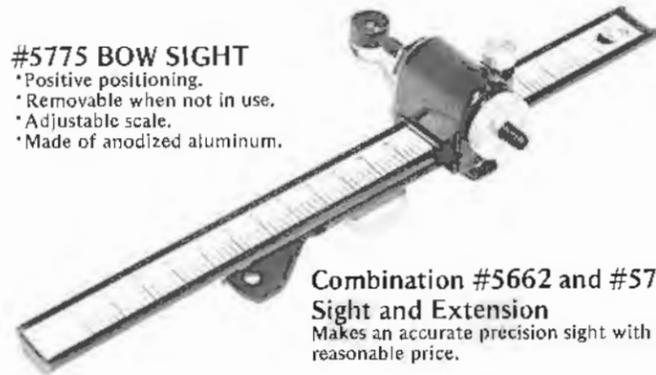

- \* Fits Chek-it Sight holes.
- \* Black anodized
- \* Durable aluminum construction.
- \* Brass sight pins.

OUR BEST SELLER

**#512 HUNTING SIGHT ALL METAL**

- \* 6" length.
- \* Black anodized
- \* Aluminum construction.
- \* Multicolored beaded pins.

**#5775 BOW SIGHT**

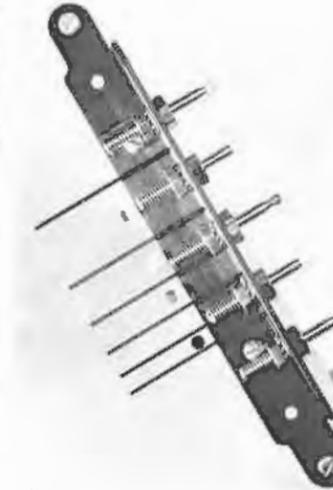

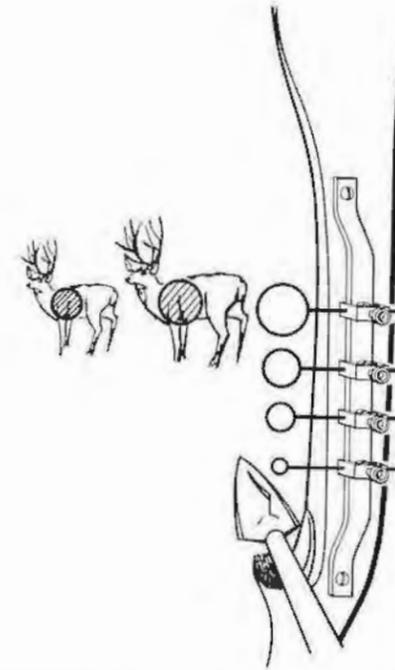

- \* Positive positioning.
- \* Removable when not in use.
- \* Adjustable scale.
- \* Made of anodized aluminum.

**Combination #5662 and #5775 Sight and Extension**  
Makes an accurate precision sight with a reasonable price.

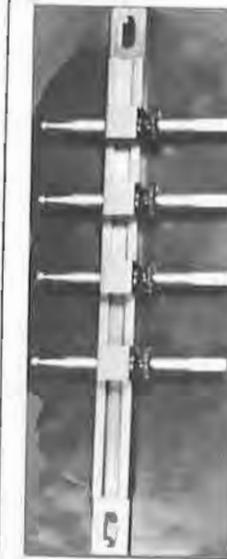

**#505 MARTIN BOW SIGHT**

- \* Positive windage and elevation locks.
- \* All metal construction.
- \* Assured accuracy.
- \* Two sizes: 7 1/8" and 6" lengths.
- \* Quantity prices available.

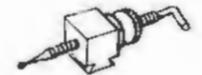

**#511 RAINBOW HUNTING SIGHT and RANGE FINDER**

Preset the color-coded pins for five distances. Makes sighting in the field instant and sure.

**#510 HUNTING SIGHT**

- Bar Lengths 4" and 5"

BLACK ANODIZED ALUMINUM BLOCK

- A. Windage adjustment.
- B. Bubble level adjustment.
- C. Yardage pin corrector.
- D. Works right- or left-hand as is.
- E. Aperture may be turned, without loosening locking screw.
- F. Fits CHEK-IT bar and other existing sight bars.

**CHEK-IT EXTENDED BAR**

- \* Sturdy black anodized aluminum.
- \* Extension length adjustment.
- \* Side mount for more sight clearance.
- \* Easy mount to most any bow.

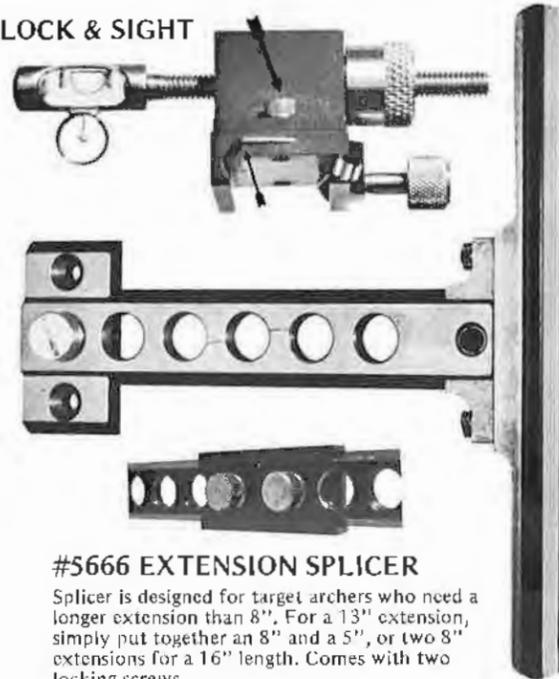

**#5391 CHEK-IT EXTENDED 5"**  
Bar with side mount.

**#5392 CHEK-IT EXTENDED 8"**  
Bar with side mount.

**#5317 CHEK-IT SUPER KNOB**

REPLACEMENT PARTS AVAILABLE, SEE PAGE 42.

**#5844 BLOCK & SIGHT**

**#5666 EXTENSION SPLICER**

Splicer is designed for target archers who need a longer extension than 8". For a 13" extension, simply put together an 8" and a 5", or two 8" extensions for a 16" length. Comes with two locking screws.

**#5313 MICROMETER ELEVATION ADJUSTMENT**

**#542 RANGEFINDER BOW SIGHT**

**#344 SIGHT ATTACHMENT BRACKET**

- \* Copper patch with pressure-sensitive back grips bow firmly without screws.
- \* Bracket can be bent to fit contour of any bow.
- \* Patches are easily placed to accommodate your sight base.

**#846 SIGHT MOUNT**

- \* Makes use of tape unnecessary.
- \* Eliminates ugly screw holes.
- \* Removal of sight bar - quick - easy - exact replacement possible.
- \* Precision machined.
- \* Simple to install - complete installation instructions and diagrams.

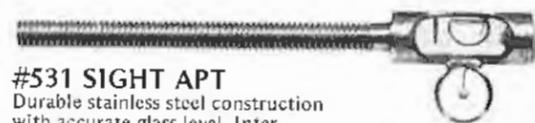

# SIGHT APERTURES

## OUR FINEST SCOPE SIGHT

- \* One-piece solid construction, nothing to unscrew or come apart on you while shooting.
- \* Aluminum anodized body features a larger viewing area than other scope sights.
- \* Fits all 8/32 sights.
- \* Levels included on right- and left-hand models.
- \* Drilled aiming dot won't clutter up the view of the shooter.

- #SS-5 SCOPE SIGHT x2 power
  - #SS-12 SCOPE SIGHT x3 power
  - #SS-14 SCOPE SIGHT x4 power
  - #SK-15 SCOPE SIGHT - Kalichrome x3 power

Actual size

**#M-99 STRING SILENCER**

- New material
- Durable
- Longer lasting
- Unaffected by weather
- Keeps string quiet
- Installed in seconds

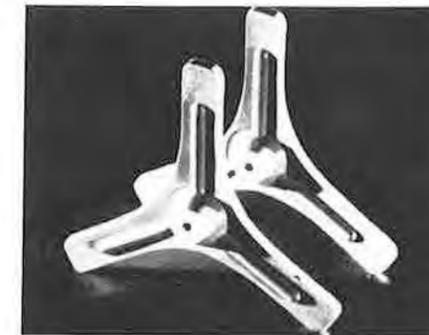

12 per display card

**#91 "MINI-HUSH" BOWSTRING SILENCER**

Patented design gives perfect silencing through combination internal siphon and anvil effect.

Packed one dozen in plastic bags on display card.

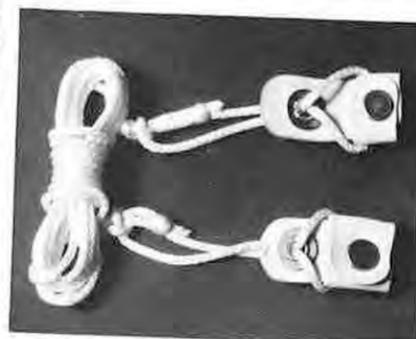

**#92 KWIKEE-SILENCER**

Eliminate bowstring noise. A must for the hunter. 12 pair on a display card.

**#4438 WHEELED COMPOUND STRINGER**

Makes string changing easy for the conventional compound bow. Fits in your pocket. Use on any conventional compound.

- One-man operation
- Stainless brackets
- 200 lbs. pull test

**#545 BOW PAL BOWSTRINGER**

Fits easily in your pocket.

**BRUSH BUTTONS**

Brush-proofs your bow and quiets the string noise. Made of soft rubber, easily attached and does not interfere with bracing or shooting. 12 per card.

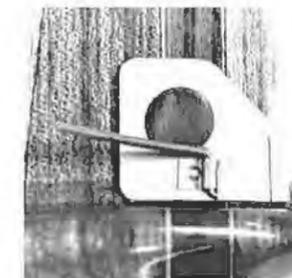

- #R-18 Regular
- #S-19 Super

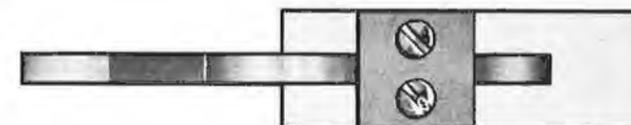

**DON'T FORGET OUR POSI-FLIP REST.**

**THE REST THE PROS USE.**

See page 35.

Jim Cox shown with California Record Book Wild Boar shot using 60-lb. Martin Compound with XX75 2117 arrows and Eagle broadhead.

**#718 ADJUSTABLE CLICKER**

- Spring made of stainless steel.
- Also contact felt placed under clicker for smooth movement of arrow.
- No screws attached to bow.
- Merely peel off paper and stick on bow.
- Loosen and tighten screw for adjustment.

Made of aluminum anodized in colors red, blue, yellow and combination of same, making nine different colors in all.

**#726 BOW MATE CLICKER**

This new clicker signals the archer audibly when his arrow reaches full draw.

Clicker rests on arrow as arrow is being drawn.

When arrow reaches full draw position, clicker is released, snaps against bow.

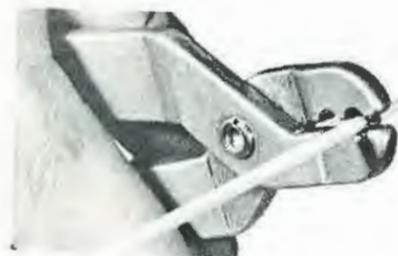

**#S-20 NOK-SET  
Positive Nocking Point**

Available in two sizes — specify:  
**T-TARGET** (8-10-12 strand strings)  
**H-HUNTING** (12-13-16 strand strings)  
 Nok-Sets pack of 5  
 Carded 12 per card

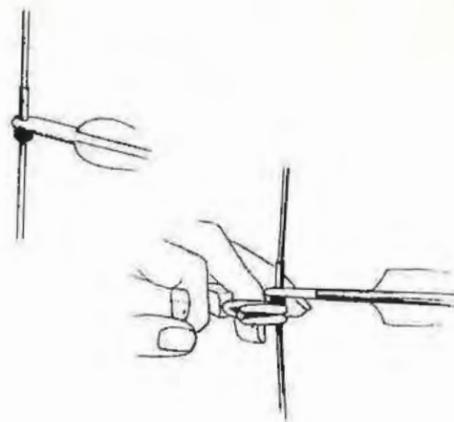

ALUMINUM    PLASTISOL

Cross-section enlarged

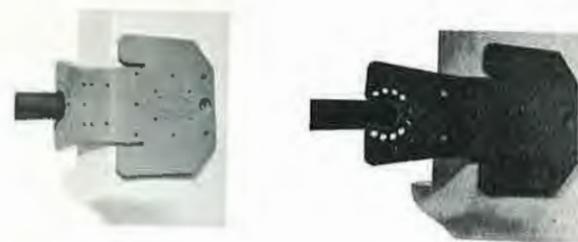

**#NP-22 NOK-SET  
PLIERS ONLY**

**#855 ELIMINATOR BUTTON**

It does what the name implies. At full draw, string angle is very acute. This sharp angle crowds release aids (all types) up against arrow nock. Tests have shown this does interfere with arrow flight. The Eliminator Button not only eliminates this interference but also insures positive nocking and helps hold peep site at proper angle. Installs easily with hairpin through string loop.

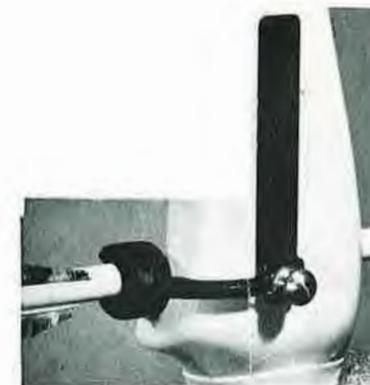

**#502 KWIK-LOK ARROW READY**

Holds arrow in the bow. Releases instantly when arrow is drawn!

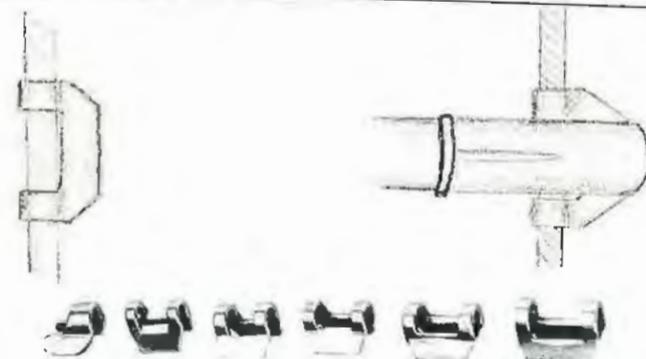

- \* Saves tired fingers.
- \* Handy in hot weather.
- \* A "must" when cold.
- \* Permits wearing mitten.
- \* Simply presses on bow (no screws needed).
- \* Cannot affect flight of the arrow.
- \* Silent—unseen—cannot spook game.

Individually carded

**#504 STA-JAC ARROW CINCH**  
 Field tested in all kinds of weather, summer and winter.

- \* Holds fast
  - \* Releases easily
- 12 on card

R 11 12 13 15 18

**#W-75 POSI-NOK NOCKING POINT**

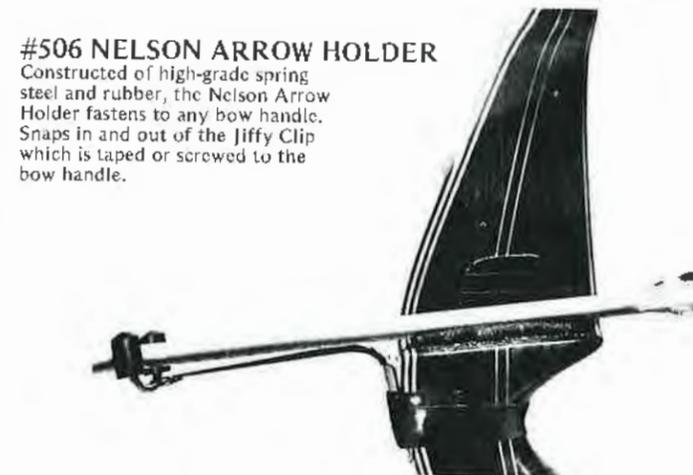

- \* Available in six sizes.
- \* Positive placement.
- \* Eliminates serving separation.
- \* Easy to install—use any pliers.
- \* Aligns string peep automatically.

- #11 For 1/4" Bjorn nocks
  - #12 For 1/4" and 9/32" Snapon nocks
  - #13 For 9/32" index
  - #15 For 5/16" index and Snapon 5/16" and 11/32"
  - #18 For 11/32" index nocks
  - #R For release aids
- Available in bulk.

**#861 HEAT NOCK NOCKING POINTS**

Heat shrinks onto string. Gives an instant nocking point. Pack of 4  
 Carded 12 per card

**#506 NELSON ARROW HOLDER**

Constructed of high-grade spring steel and rubber, the Nelson Arrow Holder fastens to any bow handle. Snaps in and out of the Jiffy Clip which is taped or screwed to the bow handle.

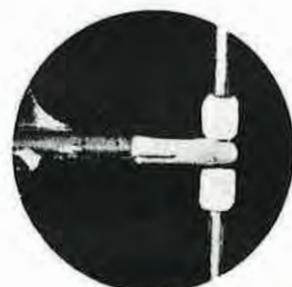

**#507 JIFFY CLIP**  
 Jiffy Clip for easy removal (optional).

**#877 NO GLOV**

Molded rubber, contoured for perfect finger fit. Eliminate need for glove or tab. Provide fast, accurate shooting no matter the weather. Positive nocking point. 12 on display card.

**#218 NOCK LOCKS**

Easily installed to give increased accuracy. Arrow can be instantly nocked and will stay nocked.

**#660 BOW-TIP PROTECTOR**

- \* Keeps bow tip in new original condition.
- \* No scuffing of bow tip while bracing bow.
- \* Made of soft pliable rubber.

Irvin Plotz of Clements, Minn., bagged a 140-lb. cougar, scoring 15 15/16 Pope and Young—85 inches from nose to tail. He uses a 75-lb. Martin bow with 2219 arrows with a Wasp Broadhead. Irvin is an avid hunter and has taken numerous other animals with bow and arrow.

**MARTIN SKIN-CAMO CAMO PASTE**

- \* Covers and dulls skin
- \* In crush-resistant container
- \* Easily applied
- \* Nontoxic

- #377 Earth brown
- #378 Leaf green
- #379 Deep woods black

**#7348 MINK OIL**  
Waterproofer and leather conditioner

The original patented waterproofer for  
Shoes  
Gloves  
Jackets

CRESTRING CHUCK  
NEOPRENE DISC REPLACEMENTS

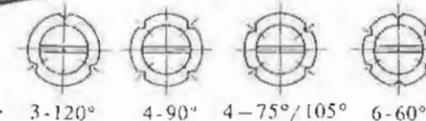

**#J-2 NEW BITZENBURGER DIAL-O-FLETCH**

Fletches arrows diagonally, straight, or with true helical fletch right hand or helical fletch left hand. Precision die-cast, form-fitting, thumb-controlled clamps.

The DIAL-O-FLETCH jig was designed by experienced archers of long standing for the professional and amateur, or perfectionist who wants the finest fletcher in the world for perfect arrow making.

Graduated scale on side of clamps accurately spaces feather or vanes from nock—  
120 degrees, 75 degrees  
105 degrees 90 degrees,  
or 60 degrees.

New self-centering nock receiver fits all nocks.

The clamp-holding device of the DIAL-O-FLETCH has been canted to the right at a 45 degree angle so that the arrow maker will have a clear view of his fletching at all times without the usual bending of his head sideways in order to see what he is doing.

Knife edge on base of clamps eliminates surplus glue.

**DOING IT YOURSELF?**

For feathers, see page 60.  
For fletching, see page 61.  
For shafts and lacquer, see page 76.

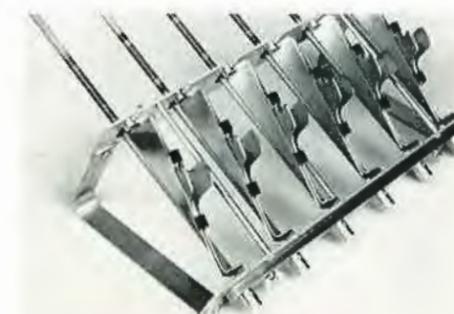

Jim Cox with his Pope and Young Record Book Eik. Shot with 60 # Martin Compound and XX75-2117 arrows and full penetration with Eagle Broadhead. Idaho, 1976.

### #4433 E-Z-Y CLIMB TREE STEPS

Designed to be reasonably strong,  
small and safe way to help you climb  
a tree. No pounding is necessary to  
start steps into the tree.

### #FXS-1 THE FOX SQUIRREL CLINGING CLIMBER

An improved climbing tree stand  
that will help you get your buck

Sure-footed as a fox squirrel, with no slipping. Our  
exclusive tree hugging, spring-steel strap controls slipping and  
rocking.

Low cost. At last a climbing tree stand at a reasonable price. Strong,  
lightweight construction- under 9 lbs. complete. Big platform  
(19"x24") and yet a compact backpack.

Fully adjustable for better fit to trees. 16 settings against the usual  
4. Flat platform every time.

### #FXS-S FOLDING SEAT

for the Fox Squirrel Climbing Tree Stand

The ultimate in tree stand comfort. A high quality, all-steel frame  
folding seat that permits the hunter to be quiet and still, while  
waiting for that big buck. Attaches to the FOX SQUIRREL  
CLIMBING TREE STAND with only 2 bolts (all FOX SQUIRREL  
CLIMBING TREE STANDS are drilled for this seat.) Folds forward  
to be out of the way while climbing. Folds back if the hunter wishes  
to stand. Easily adapted for use with other stands.

GREAT FOR QUICK, EASY POINT INSTALLING OR REPAIRING

Prevents Change-A-Point, field points and broadhead adapters from vibrating loose.

**REGULATION OUTDOOR MATTS**

CHEMICALLY TOUGHENIZED

- Tightly woven Indian cord grass construction gives toughness and resiliency that far outlasts any competitive matt.
- Unlike bales which are cumbersome, break apart and become unsightly.
- Unique zigzagged outer windings stay tighter—can't loosen—so matt lasts far longer.
- Are "self-healing."
- Arrows enter parallel to the fibers.

BURLAP COVERED

- #48-B 48" 70 lbs.
- #36-B 36" 40 lbs.
- #30-B 30" 30 lbs.
- #24-B 24" 20 lbs.
- #16-B 16" 10 lbs.

MATT EASEL

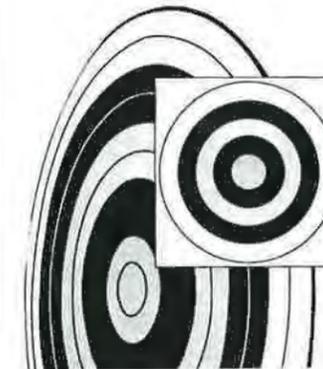

- Cold rolled steel for maximum strength.
- Hinged—folds flat for easy storage/handling.
- Webbing across base supports matt—keeps legs from spreading.

**BUCK HORN MOUNTING KIT**

This is a complete kit with all parts preinstalled. Only a screwdriver is needed after your horns are sawed. Just make cuts No. 1 and No. 2 on your horns and clean. Throw away dummy horns No. 5 and replace with your horns. Replace the head piece No. 3. It's as simple as that. Fits large or small horns.

**#487 BOW & ARROW  
WALL RACK**

Do-it-yourself kit comes packaged complete with instructions for fast assembly. Made of California Redwood, with metal wall hangers and special accessories hooks. Holds six bows and two dozen arrows. Grooved at rear to allow display of your enlarged club or state emblem, favorite hunting scene, etc., as a background, if desired. Can be assembled in five minutes and finished as you please. An ideal gift.

#81 BOW HANGER  
High-impact styrene

#7317 COMPOUND BOW  
HANGER  
With screws

#7318 COMPOUND BOW  
HANGER  
With pegboard hardware

#4417 SPAREARM JR.  
Fits on any belt. Carries a bow with sight and stabilizer or one with quiver. Great for the hunter.

**#AC- ARROW CLIPS**

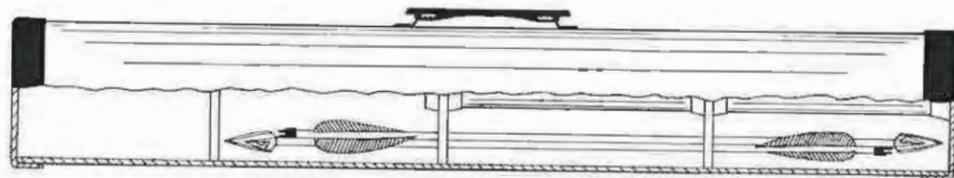

The perfect clip for tackle boxes, arrow display racks. Made of finest spring steel, nickel plated over copper and burnished.

#C-66 ALL-IN-ONE ARROW AND ACCESSORY CASE

FOR ALL TARGET, FIELD AND HUNTING ARCHERS

- \* Keeps your valuable arrows and accessories stored in perfect condition indefinitely; yet ready instantly to go wherever you go.
- \* Holds 24 arrows, any size and with any point. (Three dozen can be accommodated.)
- \* Accessory compartment size varies with arrow length.

DESIGN FEATURES:

- \* Very light and easy to handle - only 3 3/4 lbs.
- \* Compact size - only 5 5/8" in diameter by 42" long.
- \* Constructed of high impact strength materials that are almost indestructible.
- \* Water resistant.
- \* Ground stake - to secure in place while in field.

HUNTING ARCHERS:

- \* Great for transporting your arrows and accessories right to your favorite hunting spot, whether traveling by vehicle, by horseback, or backpacking.
- \* Keeps your broadheads razor sharp and fletchings dry in any weather.
- \* Can be easily camouflaged with bowtape, or other self-adhesive materials.

TARGET AND FIELD ARCHERS:

- \* Case also stands on end. No need to bend over. You can get your accessories while standing up.
- \* Holds stabilizer up to 40" in length.

#CB-2 COMPOUND CASE

Will hold compound bow and arrows, stabilizer, bowstring, etc. Case is made of high-impact ABS. Size: 15" wide; 56" long; 6" deep. Weight: 15 lbs., 12 oz.

#TBCO-27 TAKE-DOWN CASE

Will hold take-down bow and arrows, stabilizer, bowstring, etc. Case is made of high-impact ABS. Size: 16" wide; 38" long; 6" deep. Weight: 12 lbs., 4 oz.

BOWCASES

#PC-58 STANDARD PADDED BOWCASE

Leather grained vinyl. Soft lint-free gold flannel lining. Extra wide. LENGTH: 70" or 66", 62" or 60"

#PC-53 TAKEDOWN BOWCASE

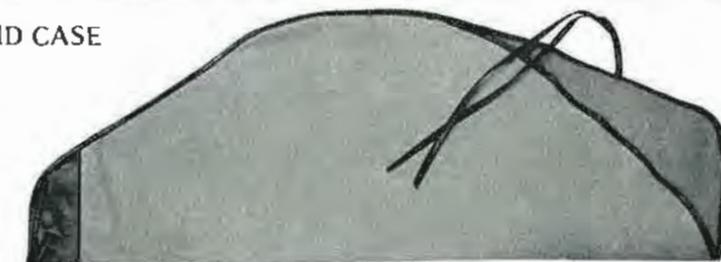

COVER: Black expanded vinyl.  
PADDING: 1/4" Tufflex.  
LINING: Golden Canton flannel.  
ZIPPER: Nylon, self-healing, full length.  
SIZE: 31"x8 1/2".

#PC-60 COMPOUND BOWCASE

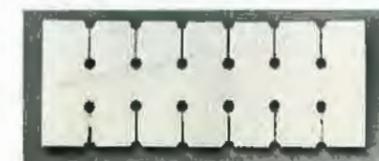

COVER: Black expanded vinyl.  
PADDING: 1/4" Tufflex.  
LINING: Golden Canton flannel.  
ZIPPER: Nylon, self-healing, full length.  
SIZE: 53"x18"

#5076

ONE DOZEN BOX  
Telescope type corrugated box for one dozen arrows.  
Now 6"x34"x2 1/4".

#5077 ARROW PADS

Holds one dozen arrows in display box.  
New foam-type pad.

#517 MARTIN FLANNEL BOWCASE

One size fits all.  
See price sheet for quantity price.

**#411 MARTIN PREDATOR CALL**

NEW  
Long Ranger  
4 1/4" long.  
Quantity prices available.

**#422 MINI PREDATOR CALL**

The Squealer  
2 1/4" long.  
Quantity prices available.

**#404 REPLACEMENT VOICE**

**#P-1 JACKRABBIT**  
Extreme Long Range

**#H-1 HAWK**

**#P-2 COTTONTAIL**  
Long Range

**#P-5 TROPHY CALL**

The Trophy Predator Call has been added to the CIRCE line of varmint calls. It is one full inch longer than the other calls and produces better tonal qualities. It has proven superior to all other calls in actual field tests by championship callers.

**#P-3 COAXER MODEL**  
Reproduces the terrified scream of a small rodent and is used to call the game in close after the game has been called within sight or hearing by either the P-1, Jack-rabbit, or P-2, Cottontail Model Calls.

**#MVP-4 PROFESSIONAL**  
Three calls in one. Comes with one P-1 jackrabbit, one P-2 cottontail and one P-3 coaxer voice. Completely self-contained and changes from voice to voice in a second.

**#C-1 COON**

**CIRCE VOICE KIT**  
(Package of four)

**#P-6 CIRCE SQUEALER**

**#R-1 RECORD**  
45 RPM Record. World's Champion, Bill Dudley, and Arizona State Field Champion, Del Western, demonstrate their winning techniques and explain how to most effectively use the CIRCE calls for successful hunting. A full 11 minutes of instruction by champions.

**NEW CALL RECORDS**

- #DT-800 "Duck Talk"

- #CT-804 "Crow Talk"

**#2155 INSTRUCTION RECORD WITH DIAPHRAGM CALL**

**#6605 BASIC INSTRUCTION FOR TURKEY CALL**

**CASSETTE TAPES**

30 min. per side

**GAME CALLS**

**#CT101C JACK RABBIT**  
Distress cry calls coyotes, wolves, bobcats, foxes and other predatory animals/birds.

**#CT102A COTTONTAIL**  
Rough, gravelly voice of grown rabbit calls predatory animals and birds.

**#CT111 JAVELINA PIG**  
Calls javelinas, alligators and other predators.

**#CT112 CHICKEN**  
Distress cry calls all predators where chickens are raised.

**#CT114 TURKEY CALLS**  
Diaphragm calls by champion turkey caller.

**#CT119 ELK BUGLING**

Sounds of a bull elk during rutting season.

**#CT120 MOOSE**

Mating sounds of cow and bull call all bulls within hearing.

**WATERFOWL CALLS**

**#CT303 MALLARD DUCKS**  
Sounds of feeding mallards on water.

**#306A SNOW GEESE**  
Calls snows, blues, other species.

**CROW CALLS**

**#CT201 DEATH CRY OF A CROW**

Most effective crow call ever recorded.

**#CT202 CROW AND OWL FIGHT**

Sounds of crows fighting with an owl.

**#CT203 CROW & HAWK FIGHT**  
Sounds of crows fighting a hawk.

**INSTRUCTION CASSETTES**

**#ICT301**

"Secrets of Successful Duck Calling"

**#ICT401**

"Secrets of Successful Varmint Calling"

**#ICT601**

"Secrets of Calling a Buck"

**"DELUXE" TAPE GAME CALLER**

#600M w/S800, 8-watt speaker

#600BM w/S2500, 25-watt speaker

This is the only portable tape game caller with sufficient power for effective long-range crow calling. Fidelity is excellent for close range animal calling. Plays all standard cassette tape cartridges including music and voice.

**#6602 "WOODSMAN" DIAPHRAGM CALLER**

This is one of the most effective of all wild turkey calls. This easy-to-carry little caller fits entirely inside the mouth and leaves both hands free for instant action.

**#794 ELK CALL**

The call that sounds exactly like the bugle call when in rutt. The flow of air blown into either end will determine the pitch and tone —no practice needed.

**#6603 TURKEY YELPER**

Modern version of the old "wing bone call," one of the first ever used. Produces all the common calls except the gobble, and is excellent for the last "kee-kee" call of the young turkey.

**#D-796 DEER CALL**

Six per card

- \*Two-piece plastic body.
- \*Two special-type rubber bands.
- \*Produces deer's baa when used like a mouth organ.

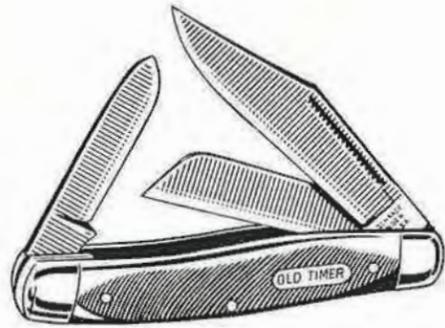

**#6604 BOX TURKEY CALL**

**LANYARD**

**#L-2 Double Loop**

Holds two calls

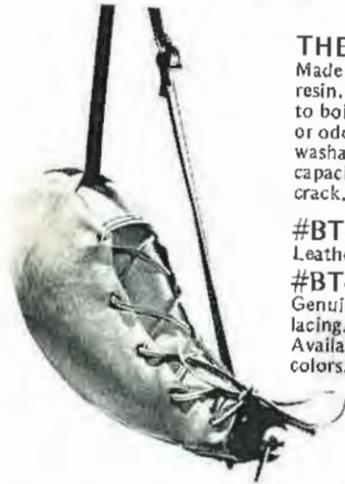

**#80-OT**

**THE BOTA BOTTLE**  
Made of unbreakable LEXAN® resin. Holds liquids from ice cold to boiling hot. Won't retain taste or odor. Easily removable and washable. Generous 50-ounce capacity. Seamless, flexible, won't crack.

**#BT-1**  
Leatherlike vinyl cover.

**#BT-3**  
Genuine suede leather with rawhide lacing. Adjustable leather carry strap. Available in a variety of stunning colors.

**#88 BIG GAME BAG**  
With Extra Nylon Tie Cord

Full large-sized aerator bag keeps meat clean, dust-free and fresh. Washable for multiple use. 3 ft. to 6 ft. nylon cord tested at 195 lbs. minimum strength. Made of cottonette. Stretchable to accommodate large, awkward game. Strongly sewn at one end. In polyethylene bag complete with helpful hints for hunters.

Permits free air circulation.  
Reduces all meat spoilage.  
Practical.  
Economical.  
Durable.

#1540-T

#1520-T

**#1540-T OR #1520-T "SHARP FINGER"**

- \* 3 1/2" skinning blade.
- \* Overall length is 7 1/4".
- \* Saw cut staglon handle.
- \* Genuine leather sheath.

**#497-L 49ERS KNIFE**

Overall length: 8 3/4". Leather-laminated handle. Genuine leather sheath.

**#171-UH PRO HUNTER KNIFE**

Overall length: 10". Complete with 3"x7/8" sharpening stone. Durable Staglon handle. Genuine leather sheath.

**#153-UH GOLDEN SPIKE KNIFE**

Overall length: 9 1/4". Complete with 3"x7/8" sharpening stone. Durable Staglon handle. Genuine leather sheath.

Art Heinze with his Pope and Young Record Book Antelope shot with a Martin Cougar II Compound.

**#3861 BACKPACK**

Great for packing equipment for a full day's hunt or longer. Large enough to carry jacket, game saw, game bag, first-aid kit, food, water, etc., yet can still be worn comfortably and enables the archer to shoot without removing his pack. Features: Padded shoulder strap; 2-way nylon top zipper; larger outside storage pouch with nylon zipper; top and bottom tiedowns for sleeping bag or carrying game.  
Color: Dark green

**#3755 BELTPACK**

The Beltpack is the natural way to carry your load. Arms and back are free and comfortable. The weight is distributed over the widest part of the cotton-lined support belt. The two-inch nylon safety belt adjusts to hold the load securely in place.

Inside there are elastic dividers to securely organize the contents. Outside there are six rings which allow you to secure items too bulky to fit inside; for example, a jacket, a tripod, a sleeping bag, a fishing pole, etc.

The large compartment is 4 1/2 inches deep, 20 inches long and 7 inches high. It is lined with foam for added comfort and insulation.

Nowhere is there hard plastic or metal parts to cut and bind, making the Beltpack the most comfortable pack you will ever use.

Great for Day Hikes.

Stays out of your way and eliminates bulky pack.

**#466 FANNY PACK**

**#467 CAMOUFLAGE PACK**

Larger size

**#326 BACKPACK**

- \* Roomy nylon bag
- \* Web straps
- \* Adjustable padded shoulder straps

\*Available in 245H-1-5 only. \*\*Available in XX75 only.  
NOTE 1) These recommendations are based on average requirements and will shoot well for nearly all archers if the suggested equipment preparation and bow tuning are followed carefully.  
2) The shaft sizes 1413 through 1813 are combinations of actual physical dimensions of the shaft. Example: 1813 has an 18/32" outside diameter and a .018" wall thickness. All shaft size designations 1413 through 2019 are registered and copyrighted by Jrs. D. Easton, Inc.  
3) Use of a stabilizer may require a slightly lighter spined arrow.  
4) 1413 Mix is good for use in bows under 20# and for lengths below 27".

The shaft sizes 1413 through 2219 are registered and copyrighted by Jrs. D. Easton, Inc.

## HOW TO ORDER ARROWS

1. Give bow weight.
2. Give desired arrow length as measured from bottom of nock groove to back of head. Be sure to add at least one inch for broadheads.
3. Give the stock number as listed in catalog.

## A MODERN BOW AND ITS PARTS

## Our Sales Staff

**Don Carmichael**—Don has been our California sales manager for the past five years. His past experience as an archery lanes' manager and work in archery lane promotion have proven to be an asset to our company and his success. Phone: 1-213-347-6062.

**Don Love**—Don is manager of Western Archery lanes, sales and distribution, in Denver, Colorado. He and his family have been involved in archery sales since 1928. Don is a member of Archery Lane Operators Ass'n., Colorado State Archery Ass'n., National Field Archery Ass'n., Colorado Bowhunters and is an associate member of Pope and Young Club. Phone: 1-303-322-4063.

**Jim Blich**—Jim manages our sales in the states of Washington and Oregon. He first started in archery in 1948 and has been in sales for over 15 years. Jim's experience as a bowhunter and archery lanes promoter has aided him greatly in service to our customers. Phone: 1-206-631-3584.

**Dan Moore**—Dan is sales manager for Ohio, Kentucky, West Virginia, Pennsylvania and Virginia. He spent 26 years in archery, is past president of the Ohio Bowhunters Ass'n. He is a successful Archery Club organizer, qualified archery instructor, holder of an Expert Master's Bowhunter's Degree in small game. Dan is also past Ohio State and Kentucky State bowhunter champion. Phone: 1-614-486-3855.

**Ted Burton**—Ted is sales manager for Idaho, Nevada, Utah and Arizona. Phone: 1-208-324-2468.

**Scottie Norrell**—Scottie is sales manager for Texas. Phone: 1-214-784-7342.

**Doug Morgan**—Doug manages the states of North Carolina, South Carolina, Georgia and Florida. Doug has had experience with archery organizations such as Professional Archers Ass'n., National Field Archers Ass'n., Pope and Young, National Archers Ass'n., Archery Lane Operators Ass'n., Archery Manufacturers Organization; in addition, he still holds the world record for sharks shot with a bow and arrow. Phone: 1-803-799-0589.

**Joe Rusinek**—Joe manages the sales in the states of Maryland, New York, New Jersey and Delaware. His experience as an archery lanes' operator and past president of the Archery Lanes Operators Ass'n. has aided us greatly in merchandising and marketing ideas. Phone: 1-301-747-0112.

**Jean Lavalle**—Jean manages sales in Maine, New Hampshire, Vermont, Massachusetts, Connecticut and Rhode Island. Former hunting guide and professional hunter, he offers his 26 years hunting experience to his customers, both in sales and in hunting clinics and seminars. He is an active member of Outdoor Writers of America, writes a syndicated hunting and fishing column, and does a weekly radio show. He is also chairman of the Governor's Sportsmen Advisory Committee in New Hampshire. Phone: 1-603-424-4483.

**Fred Murrish**—Fred is sales manager for Ohio and Indiana, has enjoyed 35 years in archery, professional Bowhunter Society member, and president of the Ohio Bowhunting Association. Fred has hunted big game extensively and has taken white tail, mule deer, black bear and antelope—all with a bow. Phone: 1-614-878-3450.

**Manard Rauschert**—Manard is sales manager for Michigan. Phone: 1-517-799-1844.

## Our Advisory Council

**Al Henderson**—Al was the United States coach in archery for the 1976 Olympic games. An avid archer since 1939, he has been in the archery business for 25 years, and has been on the Board of Directors of the Professional Archers Association for eight years. He is technical editor of *Archery World* magazine and has been a member or officer of many archery associations.

**Dr. Lowell Eddy**—Dr. Eddy is pictured with his Pope and Young world record, '67-'69 mountain caribou. (Score 374 1/8). Dr. Eddy is a leading Seattle surgeon and has been hunting with a bow since 1930. He has taken deer, bear, elk, mountain lion and moose. He has been very helpful with his many new ideas and the testing of our products.

**Jim Cox**—Jim is the owner-manager of Elkhorn Archery in Salinas, California. An associate member of Pope and Young, official measurer for Pope and Young for California bowhunters and is a member of NFAA Pro Division. During the past 11 years, Jim has bagged over 35 big game animals such as deer, elk, marino sheep, Spanish goats and wild boar. Jim has proven to be a very helpful member in our product development.

**Fred Wallace**—Fred is well known in bowhunting circles as the associate editor of *Bowhunter Magazine* and has been a bowhunter for the last ten years. During the '75 season he bagged deer in Ohio, Pennsylvania and Tennessee. As a bowhunting advisor, Fred assists in the design and field testing of our hunting equipment and will be conducting seminars in the East and Midwest.

**Jack Hoffarth**—Jack is owner-manager of Town Hall Archery in Belleville, Illinois. He has been involved in the sport of archery for over 16 years. Jack is a member of the National Archery Association, Archery Lane Operators Association, National Sporting Goods Association, National Field Archery Association, Illinois Archery Association and Saint Louis Archery Club. His work in both hunting and target equipment aids in producing a finer product.

**Len Subber**—Len has been an engineer since 1933 (bachelor of science degrees in aeronautical and mechanical engineering) and has been a registered professional engineer since 1964. His past patents have been assigned to several companies. Since his retirement in 1972, Len has pursued his hobby of archery. His vast engineering experience has enabled him to analyze bow designs, especially the compound bow.

**Don Lovo**—Don has been a shooting member, coach, manager, or judge of Canada's World Archery Team since 1965 and was chairman of the Technical Commission at the 1972 Olympic Games. For the last seven or more years, he has been chairman of the Fita Field Archery Committee of the International Association, and has been an executive member of Canada's National Association for over ten years. Don is manager of Porcupine Creek Supply, 1001 - 1st St. S.W., Calgary, Alberta, Canada.
