

**More SBA Office of Advocacy Regional Regulatory Roundtables Scheduled. Federal Allies to participate.**

Washington, D.C. (August 15, 2017) Federal Allies Institute encourages members and participants to attend more U.S. Small Business Administration Office of Advocacy Roundtables being scheduled this summer. The first SBA roundtables were held in Baton Rouge, LA June 7 and New Orleans, LA June 8, and Boise, ID July 11.

A growing list of roundtables announced by SBA include St. Louis, MO and Overland Park, KS. “The Federal Allies Institute plans to participate September 14<sup>th</sup> at Overland Park, KS, said Frank Clay, Jr. Chairman, Federal Allies Institute Government Relations Committee, and we encourage small businesses to attend”.

In March, the U.S. Small Business Administration Office of Advocacy requested The Federal Allies Institute begin compilation of a list of small business federal regulations to amend or eliminate. Federal Allies Institute has successfully requested and received significant input from our small business participants nationwide on behalf of SBA.

Specific to the Washington, DC area, FAI small business networking receptions further our efforts to collect input to submit to SBA, said David T. Boddie, Executive Director, Federal Allies Institute. In addition, SBA has established an online form for small businesses that cannot attend a roundtable and other events, but have regulatory issues they’d like to submit, <https://www.sba.gov/advocacy/regulatory-reform-input>.

The Federal Allies Institute Small Business Deregulation List is being compiled and submitted directly to U.S. Small Business Administration and Donald J. Trump Administration.

“On January 30, 2017 and February 24, 2017 President Donald J. Trump signed Executive Orders on Reducing Regulation and Controlling Regulatory Costs and on Enforcing the Regulatory Reform Agenda, respectively,” said David T. Boddie, Executive Director, Federal Allies Institute. “This is an effective opportunity for small business to fight back against unnecessary regulations and we must do it now.”
