

# 2020 FORMULA CONTESTS

Formula's will be generated for 2020 after membership closes on February 15. How formula is generated: Total # of program membership divided by Total # of Statewide program membership times Maximum Contestants per Contest. If the formula generates a "0" for your school, advisors will need to fill out an "Alternate Form". If an available spot comes open, we use the Alternate Forms to fill those spots. Below is a list of schools that have these programs. If your school is not on the list, please notify the State Director before February 15.

## Automotive Refinishing Technology – MAX 20

Automotive Refinishing Technology	# of Contestants
Highland Community College TC
