

Together Frankfort

2022 Membership Form

Together Frankfort is embarking on its sixth year of existence. Up to this time, the group has relied on a loose structure of volunteer coordinators meeting twice a month to plan events and provide information on issues important to local citizens. Now we believe it is necessary that we develop a formal organization with a workable budget to achieve our goals which are:

- Increase the civic engagement and education on public policy such as campaign finance, social justice, environment, health care, and tax reform.
- Improve voter participation and voter education on election issues.
- Communicate our concerns to elected officials on our priority issues.
- Maintain partnerships with individuals and groups with goals aligned with Together Frankfort.

We invite you to become a full-fledged member of Together Frankfort. You will enjoy engaging in a positive effort to make a difference in our community.

You will work alongside like-minded people to increase voter participation in our elections, protect our environment, and improve racial relations. You will be in the know about government activities and can influence those who hold positions of power. And you will have the satisfaction of forming coalitions to bring our community together on issues you care about!

You can fill out a membership form and pay online through our website, togetherfrankfort.org, or use the form below and send it with your check to **Together Frankfort, P.O. Box 870, Frankfort, KY 40602.**
