Transfer Fee: \$ 25.00/animal

Transfer fee will be added when lambs/goats are picked up whole from Valley instead of directly from producer.

Multi Pick up: \$ 20.00/Half

Multi pick up will be added for each additional pick up added for a single producer. (ex. John sends 4 beef for processing. 8 different customers of Johns come to pick up thier halves. A muti pick up fee is added to Johns bill to cover the additional time per customer spent on Johns beef outside cutting & wrapping.) We encourage the producer to do pick up and allocation of their animals in a single session to avoid this fee.

*** Freezer time is limited to 3 days after notification that your meat is ready for pick up. Due to the demand of cutting services we have to ensure constant turn over. After three days a \$5.00/tray/day will be added to your bill. Should you not be able to pick up, arrangements must be made **prior** to cutting your animal. ***
