

The Lord's Cupboard Food Pantry Garden 2020

You can help the garden grow again this year!

After a very successful first year of gardening for The Lord's Cupboard Food Pantry (over 5,000 pounds of vegetables were harvested), we are looking forward to gardening 2020 at The Lord's Cupboard Vegetable Gardens. Two new raised beds have been added and the planting is being done in May. The volunteers will do the weeding and harvesting both Tuesday mornings, 8:30-11:30 and Thursday evenings, 6:00-9:00 through the summer.

Volunteers will meet at The Lord's Cupboard Food Pantry, 1725 W Burdick Expy, and caravan to the gardens located North of Velva. If you want to carpool with someone, please make arrangements prior to arrival at The Pantry. You will be asked to apply social distancing and masks are encouraged but not provided.

There are three ways you can volunteer/sign up for a time to volunteer at the garden: Online, text/call or QR code:

- Type this code into your computer <http://bit.ly/pantrygarden2020>

- Use your phone to read the QR Code.

- Text/call 701-721-0839 and leave a message

Thank you for your willing spirits as we enjoy the gardens, the wide-open prairie, and fellowship while providing for those in our community who need our help.

Now is the time for all gardeners to sign up for a time to garden!!
