

Welcome to the toddler room at Puddleducks

Exploring and investigating!

We have a fun home corner that can be changed to suit the topic. A physical area and sensory discovery wall.

Here you can see our book corner and self-selection toy area which is changed and rotated regularly.

This is where you will hang your coat and bag and any art work or letters to go home will be stored in your drawer.

We enjoy snack time at 10am and 2pm.

We also use this area for arts and craft activities. We do a lot of craft activities on the floor and the children love messy play.

After lunch we have a lie down on sleep mats to recharge our batteries.

Outside play

This is our outdoor area, full of exploration and fun. Lots of areas to make mud pies, sand castles and serve them all up in our role play house. Slide down to make some more for all of our friends.
