Fleetwood Archery Company 3505 E. 39th Ave., Denver 5, Colorado

Westerner

No. 170

\$25.00

The "Westerner" is without a doubt the finest working recurve bow on the market today in this price range. It has been proven to be the most durable and trouble-free bow Fleetwood has ever manufactured.

The "Westerner" is constructed of fibreglass, hickory and lemonwood tapered laminations, pregwood face and walnut handle riser. The natural wood finish of the pregwood face gives this bow outstanding beauty. Pregwood is made of layers of maple impregnated with resin under heat and pressure. It has extremely high compression strength. Beautiful high gloss finish.

The "Westerner" is 5' 5" in length and is available in all weights up to 60 lbs. Recommended for arrows up to 29". Comes equipped with contour handle, medium "instinctive type" sight window and center shot design, also leather handle grip and double loop dacron bow string.

Bow has a smooth non-stack draw, fast cast and is not effected by cold, hot or dry weather. It has lasting durability, constant deadly accuracy and free of recoil. An excellent bow for the beginner yet fine enough for the most expert archer. Carries Fleetwood's usual one year guarantee.

No. 135 — "THE IMPERIAL"—STRAIGHT END LAMINATED BOW—Construction consists of Fibreglass backing, tapered and parallel laminations of maple, walnut riser, glass facing. Fitted with genuine leather handle, arrow rest, and double loop Dacron string. Bow length 5' 5". Weights to 70 lbs.....No. 135.....\$29.50

Town & Country

No. 130

\$49.50

The "Town and Country" bow is correctly named because it is equally efficient on the target range, field course or hunting in big game country. The length and superior design of this bow gives it lightening cast yet the smoothness of the finest target bows available. Pound for pound, inch for inch we guarantee this bow to be as fast and steady as any on the market, regardless of price.

CHECK THESE OUTSTANDING FEATURES:

1. Full working recurve design with fibreglass front and back and tapered maple laminations. Only the very finest glass available is used for the front and back of this model. Has a tensile strength of 95,000 PSI and compression strength of 50,000 PSI.
2. Large 24" handle riser with comfortable saddle type handle makes it impossible to grasp this bow incorrectly.
3. Bow is $2\frac{1}{4}$ " at the arrow rest thus allowing for an overdraw, an added safety feature. Many manufacturers charge approximately ten dollars extra for this overdraw feature.
4. Handle riser is of contrasting woods of maple and walnut or solid walnut with decorative dots of holly giving the bow added eye appeal. Beautiful lacquer, varnish and buffed-wax finish. Wedge type construction in the bow tips adds an additional touch of beauty, but better still prevents twist in the limbs and adds cast to the bow.
5. The long 7" Sight Window gives the free style archer plenty of sight even for the shortest field shots. Smooth, non-stack draw. Soft recoil action. Pin-point accuracy. Center shot.

"Town and Country" is available in one length, 5' 6" and may be furnished in all weights up to 70 lbs. Recommended for arrows not over 30" long. Carries Fleetwood's usual one year guarantee.

LEMONWOOD BOWS

No. 100 "THE FLEETWOOD" BOW

Fibre Backed Lemonwood Target Bow with Plastic Bow Tips. A durable bow, for especially rough use such as Archery Ranges and Colleges. White or Black vulcanized fibre backing. QUALITY TARGET ARROWS

No. 360 PORT ORFORD CEDAR TARGET ARROWS

This represents a fine quality inexpensive yet durable practice arrow. The same high quality wood is used in this arrow as in the more expensive shafts, the difference being mainly in the matching. Machine

fletched, colored cock feather, parallel steel points, $\frac{1}{8}$ " shafts, replaceable plastic nocks, neatly painted and crested. Lengths, 24", 25", 26", 27", and 28".

No. 360 Port Orford Cedar Target Arrows.....\$5.65 Doz.

No. 355 Matched Port Orford Cedar Target Arrows *3½" Spiral Fletching*

Made of the finest $\frac{5}{16}$ " Port Orford Cedar, matched within 10 grains in weight and identically in spine. Parallel steel points, $\frac{1}{8}$ " replaceable plastic nock. Machine fletched with spiral ground base feathers,

colored cock feather. Neatly painted and beautifully crested. Lengths 24", 25", 26", 27", and 28".

No. 355 Matched Port Orford Cedar Target Arrows.....\$8.50 Doz.

No. 350 CHAMPIONSHIP TAPERED SELF ARROWS *3½" Spiral Fletching*

This grade arrow is rightly called Champions as they are used by champion archers in this and many regions where a really good self arrow is desired. They are perfectly matched in spine and weight within five (5) grains. Selected Port Orford Cedar shafts. Tapered

from $\frac{5}{16}$ " to $\frac{1}{4}$ " at the nock. Spiral fletching with ground base feathers, colored cock feather. $\frac{1}{8}$ " parallel steel points, $\frac{1}{4}$ " replaceable nocks, neatly painted and brilliantly crested. Made in any length to 30 inch. Stock lengths, 24", 25", 26", 27", and 28".

No. 350 Championship Tapered Self Arrows.....\$9.50 Doz.

ECONOMICAL

**"6 PACK"

(72 Arrows).....\$33.50 per pack, retail

Can be mailed by parcel post.

FIBRE GLASS ARROWS

FLEETGLASS HUNTING ARROWS

FLEETGLASS ARROW SHAFTS

FLEETGLASS—The finest fibreglass arrow shafts made. Our tubular fibreglass shafts are manufactured in our own factory of the best materials available. Our machines to manufacture Fleetglass shafts were designed and made for us by a man who pioneered tubular glass fishing rods. Every machine and every process operates automatically, making each shaft micrometer perfect. A special exclusive process makes the spine even throughout the circumference of the shaft. The nock taper is molded in as a part of the shaft, thus needing no insert or plug. You can pay more, but you cannot buy a better glass arrow. Sizes to match any weight bow from 20 to 80 pounds.

FLEETGLASS ARROW SHAFTS ONLY

No. FG 16.....\$13.95 Doz.

Wood Plugs for tapered points supplied.
No charge when requested.

F 86 Insert Type Target Point..... 3.00 Doz.
FS 88 Slip-Over Non-Skip Point..... .80 Doz.
FS 86 Slip-Over Target Point..... .60 Doz.

Matched in spine and weight. Fitted with Fleetwood Deerslayer or King of the Forest Broadheads. Fletched with extra heavy ground base spiral fletching, plastic nocks, neatly painted and crested. "Deerslayer" broadheads are a two blade design, made of spring steel to hold a keen edge. "King of the Forest" Broadheads are a four blade head giving maximum penetrating, leaving an open wound so an animal will bleed more freely. State bow weight and drawing length desired.

No. 340 Fleetglass Hunting Arrows with Deerslayer Point.....\$22.80 Doz.
No. 345 Fleetglass Hunting Arrows
with King of the Forest Point..... 23.80 Doz.
No. 348 Fleetglass Hunting Arrows
Tapered for Point—No Point Included..... 18.85 Doz.

No. 338 FLEETGLASS NON-SKIP FIELD ARROWS

Our non-skip insert point is especially designed to stop an arrow where it touches the ground. Fletched with 4½" spiral field type feathers. Matched in spine and weight. Point matches Fleetwood Hunting Points in weight. State bow weight and drawing length desired.

No. 338 Fleetglass Non-Skip Field Arrows.....\$19.95 Doz.

No. 325 FLEETGLASS TARGET ARROWS

The finest quality fibreglass arrow on the market today. Matched in spine and weight. Insert points (not slip over), plastic nocks, spiral machine fletched, neatly painted and crested. State bow weight and drawing length desired.

No. 325 Fleetglass Target Arrows.....\$18.95 Doz.

Note—Be Sure to State Your Arrow Length

QUALITY HUNTING ARROWS — FIELD ARROWS

PORT ORFORD CEDAR ARROWS

Fleetwood arrows are held rigidly to exacting specifications found only in the very best arrows made. Shafts are doweled from split stock Oregon Port Orford Cedar, properly seasoned and matched in spine and weight in large numbers. Our arrows are spined on our Micrometer spine tester and weighed on our electric scale capable of holding tolerances of $\frac{1}{2}$ grain or 1/1000 of an ounce.

Made of matched 11/32" Port Orford cedar shafts, fitted with Fleetwood No. 855, 125 grain Deerslayer broadhead. Matched in spine for heavy hunting bows and within 10 grains in weight. Fletched with ground base, long heavy hunting feathers, accurately spiraled. Replaceable Index nocks, painted full length of shaft and neatly crested. Will conform to game laws in all states. All lengths.
 No. 370 Deerslayer Hunting Arrows.....\$14.25 Doz.

No. 370 DEERSLAYER
HUNTING ARROWS

Made to the same exacting specifications as our No. 370 except fitted with Fleetwood four (4) blade King of the Forest Broadhead, No. 850, 125 grain. This makes a well matched, rugged big game arrow which effects the deadliest killing power ever designed into a hunting arrow. A four blade head has many advantages over the two blade in that it cuts a cross which prevents any binding of the shaft allowing maximum penetration. It also leaves an open wound so the blood may flow more freely, leaving a blood trail. All lengths.

No. 375 KING OF
THE FOREST
HUNTING ARROWS

No. 375 P. O. Cedar Hunting Arrows with King of the Forest Point.....\$15.25 Doz.
 No. 378 P. O. Cedar Hunting Arrows full shaft length—
 No point included..... 10.30 Doz.

A fine Non-Skip Field Arrow made of selected 11/32" Port Orford Cedar, fitted with Fleetwood 125 grain steel. Non-skip point that stops at the point they strike the ground. Matched in spine and weight, long low (1 in 10) spiral fletching and fitted with Index nocks. Painted full length of the shaft and beautifully crested. The hunter's practice arrow. Custom-built, state arrow length and weight of bow.

No. 388 NON-SKIP
FIELD ARROWS

No. 388 Non-Skip Field Arrows.....\$10.95 Doz.

No. 387 MATCHED
FIELD ARROWS

Made of selected 11/32" Port Orford Cedar, fitted with target type parallel steel points. Matched to within 5 grains in weight and identical in spine. Long low (1 in 10) spiral fletching, plastic Index nock. Custom-built, state arrow length and weight of bow.
 No. 387 Matched Field Arrows.....\$9.95 Doz.

Note—Be Sure to State Your Arrow Length

SPECIAL FIELD ARROWS

No. 334

FLEETGLASS FISH ARROW

Fish Arrows are not fletched—the drag of the line off the reel keeps them in line. Special fish point, one or two prong. Made extra heavy with full 30" length to penetrate into deep water. State bow weight desired.

No. 334 Fleetglass Fish Arrow

\$2.50 Ea.

No. 333 FLEETGLASS ARCHERY GOLF APPROACH ARROW

FLEETGLASS approach arrows are fitted with a 2½" needle like approach point which is absolutely non-skid. Fletched with 4½" spiral machine fletching, neatly crested. State bow weight and drawing length.

No. 333 Fleetglass Archery Approach Arrows\$2.00 Ea.

No. 395

FLU-FLU ARROW

Made of select Port Orford Cedar. Blunt point. Six inches of feather fletching spiraled around the shaft. Made especially for that short distance shot or tree shot.

No. 395 Flu-Flu Arrow.....\$1.50 Ea.

FORGEWOOD ARROWS

(UNFOOTED)

- STEEL TARGET POINT
- NON-SKIP STEEL POINT
- KING OF THE FOREST BROADHEAD

Made of Sweetland Compressed Cedar Shafts. Arrows that will withstand rugged field shooting and hunting. Twice the hardness and density of natural cedar. Glass smooth finish. Exactly matched in spine and weight. Made to any standard length and to match your bow.

No. F-10 with Steel Target Point
\$19.00

No. F-12 with Non-Skip Field Point
\$19.50

No. F-14 with King of the Forest Broadhead\$24.50

Important—When Ordering be sure to Specify Draw Length and Bow Weight.

Note Be Sure to State Your Arrow Length

SPECIAL FIELD ARROWS

No. 380 BLUNT ROVING ARROWS

Closely matched in spine and weight, long low (1 in 10) spiral fletching, fitted with slip over blunt points making them almost indestructible. Made of 11/32" selected Port Orford Cedar shafts. Plastic Index nock. Painted full length of the shaft and nicely crested. All lengths.

No. 380 11/32" Roving Arrows
\$9.95 Doz.

No. 377 SMALL GAME

Made of selected Port Orford Cedar shafts, matched in spine and weight. Long low spiral fletching, plastic nocks, painted full length of the shaft and neatly crested. Fitted with Fleetwood No. 860 Small Game points. Custom-built, state arrow length and weight of bow.

No. 377 Small Game Hunting Arrows
\$10.50 Doz.

No. 390 ARCHERY GOLF ARROW SET

The Archery Golf Arrow Set consists of one flight arrow fletched with very small feathers, one approach arrow with a special approach point to prevent skidding and one blunt putter arrow. Made of select Port Orford Cedar. These arrows are designed to take a maximum of abuse. The approach arrow and blunt are painted full length of the shaft and neatly crested. All lengths.

No. 390 Archery Golf Set, set of three arrows\$4.25 Set

No. 365 FLIGHT ARROWS

Made of especially selected high spine light weight Port Orford Cedar shafts, barreled from 5/16" in the mid-section to .22 in front and 1/4" or smaller at the nock. Fitted with special flight points and replaceable nocks. May be had with either small parallel feather fletching or celluloid veins. All lengths.

No. 365 Flight Arrows.....\$1.50 Each

Important—When Ordering be sure to Specify Draw Length and Bow Weight.

ECONOMY HUNTING ARROWS — FIELD ARROWS

Our economy arrows are made of good quality Port Orford cedar. Fitted with Index nocks, attractively painted and precision spiral fletched. Although they are not matched in spine and weight for various bow weights they are designed as an inexpensive arrow for the beginner for field archery practice.

Made of 11/32" Port Orford cedar, fitted with Fleetwood's Deerslayer Broadhead. Fletched with long ground base feathers and brightly crested.

No. EC-70 Hunting Arrows—26", 27" and 28" lengths.....\$10.85 Doz.

No. EC-70 DEERSLAYER
HUNTING ARROWS

Precision fletched with long ground base feathers, 11/32" Port Orford cedar shaft, plastic index nock, fitted with Fleetwood's King of the Forest four blade broadhead.

\$3.95 doz.

GUARANTEED FOREVER AGAINST BREAKAGE

Finest quality spring steel, tempered and drawn to the hardest possible yet not brittle hardness to hold a razor keen edge.

Fabrication — All Fleetwood Broadheads are spot welded in place then electrically welded by a process which makes the joint stronger than the metal itself. Guaranteed forever against the weld breaking.

Durability — These heads have been shot into bricks, heavy gauge metal, etc., from heavy hunting bows without so much as dulling the point; tests which would demolish most any other head ever produced. Size $1\frac{1}{8}$ " x $2\frac{3}{8}$ ". Weight 125 grains. Made in two sizes $11/32$ " and $5/16$ ". Please state size desired when ordering.
