Your score is determined by the judge and the timer: You are scored by the judge from 0 through 5 faults on each obstacle, based on how well you and your horse work as a team to negotiate it. You are allowed 30 seconds to complete each obstacle. Once the judge blows the whistle, you MUST move on to the next one or you will be asked to leave the course. The better you do on an obstacle, the lower your score; if you are uncomfortable with an obstacle, you may choose to skip it without attempting it, but you will score 10 points on that obstacle, in addition to the 30 seconds allotted. At the end of the course, the points the judge gives you will be added to the time it took you to complete the course. The lowest score wins!
