

# MILLIE – APRIL 30, 2013

## (A CHANCE AND CODY PUP)

Chuck and Lorri,

Hi, it's Diana and Scott. We adopted a puppy from you in June of 2013.

I hope you are doing well.

Our Millie just came in after tromping around in the snow which is one of her favorite activities. We started talking about little puppy Millie and what a great dog she is. We just wanted to write to you and let you know we couldn't have asked for a more perfect dog. She fits beautifully into our family. She is delightfully easy to train and is amazing with our children. She does not like to sleep in our beds, which my husband and I prefer, but she gets on my 10 year old daughter's bed every night and snuggles next to her until my daughter falls asleep and then jumps down and goes to her bed in our room. It is amazing to watch the two of them together.

Millie is smart, and sweet and an absolutely wonderful dog.

We can't thank you enough!

We adore her!
