

“We Care Program”

Being homeless, stranded or down and out is not a choice that individuals wake up and make. Today we want to let you know that there is someone who cares. We are trying to do our part through our “We Care” Program. The small gift we pass out hopefully can help nourish the body, mind and soul. The Bible tell us that “I can do all things through Christ who strengthens me” Philippians 4:13. At BBV2M LLC., we practice that and believe it. We are hopeful that our gift brightens the day and gives encouragement to those in

A VISION AND MISSION FOR A BETTER TOMORROW!!!

A Helping Hand can go along way in helping the homeless

Like so many others through out America, who work tirelessly in helping those who just need a helping hand; we want to do our part.. Our vision is to be the best in helping people excel in all aspects of life. To achieve our vision , we will be vigilant in our non-profit efforts, extraordinary in our writings and timely in our consulting and merchandising.. Helping others is the cornerstone of success for us and the biblical foundation of our faith.

Misconceptions About Those Who Are Homeless

There are so many misconceptions about those who are homeless. We here them all the time. They steal, they will hurt you, they are rapist, they are psychotic, they are con-artist just t or they are alcoholics or drug addicts just to name a few. I am pretty sure as you drive you vehicle you see them on the side of the road and you say where did they get the pen to write that nice sign that they are holding up. Or you say every time I come through here I see the same person and he or she is not going to fool me this time. However the majority of those who are homeless do have a story and you will find out they are no different that the rest of society.

Their Stories are our Stories

Over the last decade and a half we have went through some trying times as a nation. Rising Unemployment, Wars, Bank Failures, Foreclosures, Natural Disasters, Rising Health Care Cost, and Municipalities unable to fund social programs. Each of these things have made homelessness out of scores of people. Those that became homeless were

of many races, different ages, different social statuses, , well educated to uneducated, and from those in perfect health to those whose health was fragile. Many Social, Civic, Religious and Government Organizations have banded together to breach this chain. However, it is going to take each of us to offer a helping hand to free the bonds
