

Wag It Games Dog Ball Novice Course

Course Time: 5 Minutes Timing begins when the ball crosses the start line.
1 & 2, The handler may move with the dog directing the dog to maneuver the ball through two sets of gates.

2, The handler will direct the dog to maneuver the ball into the pen. The handler may enter the pen.

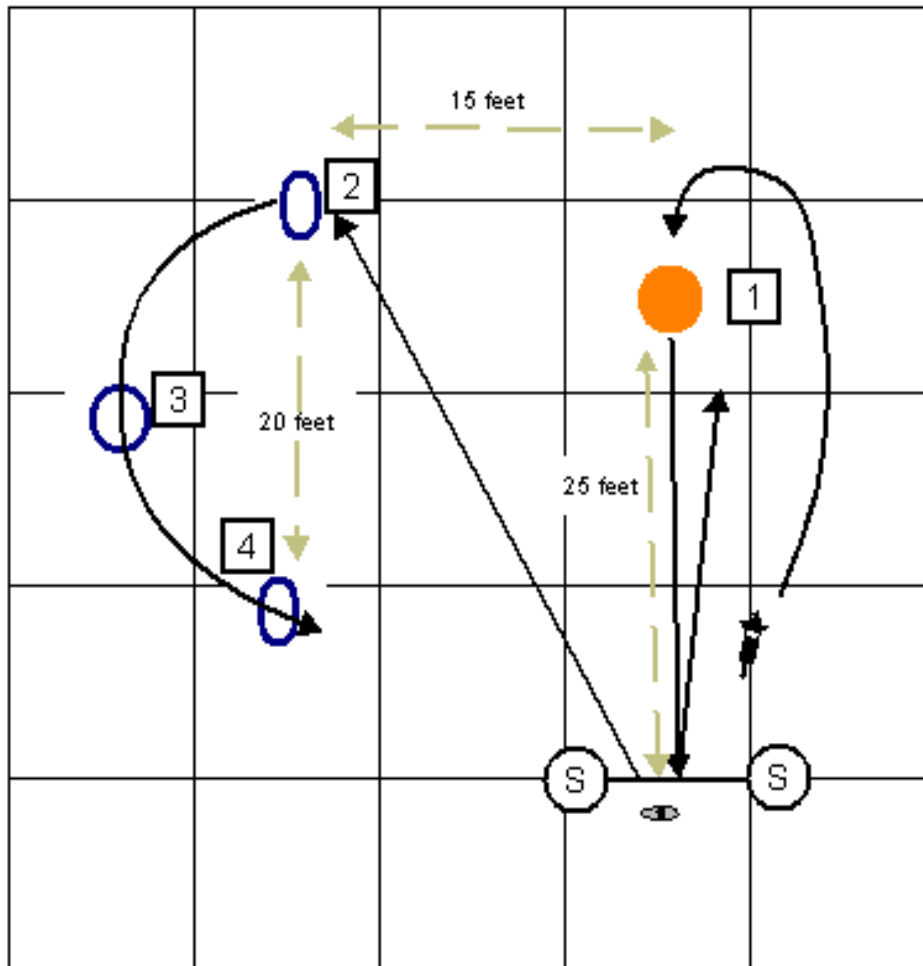

Wings, safety cones, buckets or similar items may be used as gates. Copyright Wag It Inc.

A distance of five feet should be between gates.

An exercise pen or similar item may be used as the pen.

The pen should measure 4-4.5 feet square.

Wag It Games Dog Ball Skilled Course

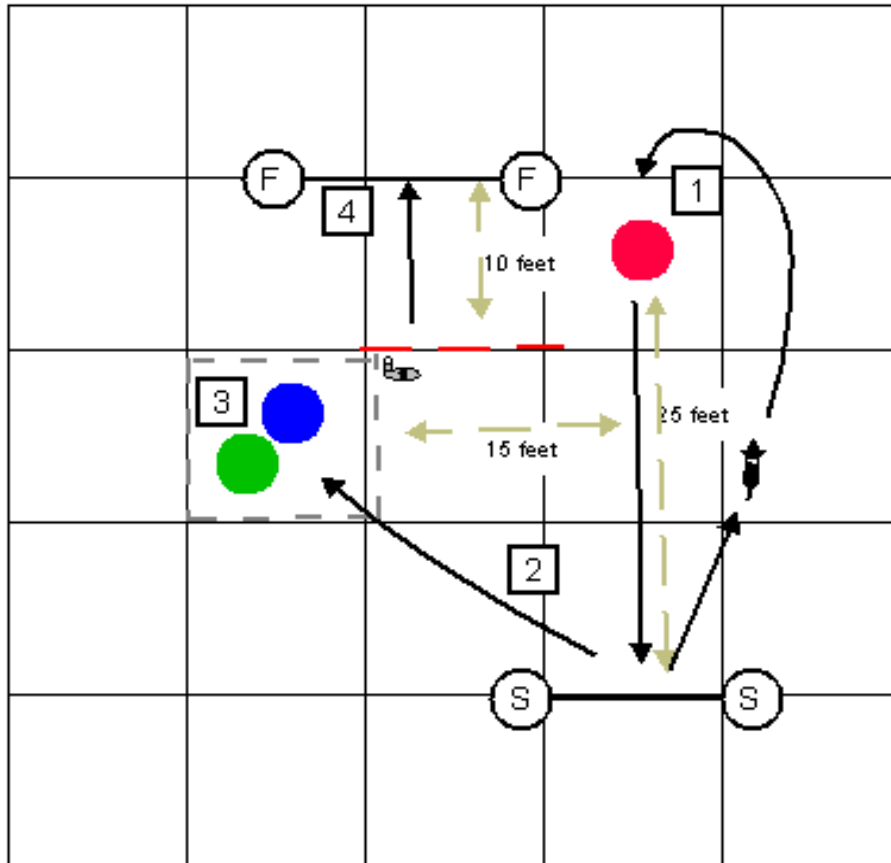

Deductions/Penalties:
 All teams will start with 100 points.
 A qualifying performance is a score of 80 or above.
 -3 The ball touching the handler
 -3 The ball passing through a hoop out of sequence
 -5 Knocking over hoops, each occurrence

Course Time: 5 Minutes Timing begins when the dog crosses the start line.
 1, The handler will remain at the start line and send their dog to maneuver the ball back to them.

2, 3 & 4, Once the ball has been delivered within the handler's reach the handler may then move about the course directing their dog to maneuver the ball through the 3 hoops as indicated on the course map. Only the ball (not the dog) is required to pass through the hoops.

Wag It Games Dog Ball Skilled Course

Deductions/Penalties: All teams will start with 100 points. A qualifying performance is a score of 80 or above.
 -3 The ball touching the handler
 -3 Any ball other than the designated ball leaving the square

Course Time: 6 minutes. Time will begin when the dog crosses the start line. Time ends when the ball crosses the finish line.

1. The Handler will remain at the start line while sending their dog to gather a ball set twenty five feet away.
2. The handler may then move with their dog directing the dog to maneuver the ball into a ten foot square area marked on the floor/ground.
3. Without entering the square the handler will direct their dog to maneuver a ball indicated by the judge out of the box. All other balls should remain in the box.
4. The handler will then direct their dog to drive the ball away from them a distance of ten feet over the finish line.
