

Fairfield County Utilities Department Water Operator 2

The Fairfield County Utilities Department is accepting applications for a Water Operator 2. This position is responsible for performing daily operations of groundwater filtration/ion exchange type water treatment facilities and/or water distribution systems. This position also performs a wide variety of tasks including but not limited to: semi-skilled work, meter reading and change outs, customer service requests, heavy manual labor work under varying weather conditions, and moving around or standing for long periods of time.

The mission of Fairfield County is to ensure high quality services at an exceptional value to taxpayers. Successful candidates will further the mission of the Fairfield County Commissioners and provide exemplary service to the public. The successful candidate must follow county policies and exhibit a professional demeanor at all times.

Candidates for this position must have a minimum of a high school diploma or equivalent, OH driver's license, Class A CDL with tanker endorsement (or ability to obtain within one year), and computer skills. Excellent customer service skills are required. This position will be required to obtain a Class II Water Operator license according to OHIO EPA Certification within one year.

This is a full time position with occasional on call hours. The starting salary for this position will be determined based on experience. Fairfield County offers an excellent benefits package, including paid time off, affordable health insurance and participation in the Ohio Public Employee's Retirement System.

Applicants should go to <https://mss.co.fairfield.oh.us/ESS/> and complete an online application and attach a letter of interest and resume. All applications must be submitted online. NO phone calls please.
